

# HICKMAN LOSES IN HIGH COURT

United States Tribunal Now Sole Recourse

Judge Trabucco Lauded for Trial Rulings

Counsel Indicates Appeal to Federal Bench

(Continued from First Page)

time of its commission, the court decided it is incumbent upon the defendant to enter two pleas, one of "not guilty" and the other, "not guilty by reason of insanity." Hickman, the decision said, did not do this but relied solely on his sanity and was tried accordingly.

"The essence of the trial by jury," the decision reads, "is that controverted facts shall be decided by a jury. Unless the facts are controverted, there is no issue to submit to a jury."

There follows a discussion of the effect of a plea of guilty in criminal cases, where entered formally upon the record, with this continuing observation:

**ANALOGOUS CASE**

"By a parity of reasoning, we are of the view that a statute which, in addition to the usual plea, merely permits a defendant in a criminal case, if he is so advised, to plead guilty, in effect, by failing to deny the commission of the offense charged, but which preserves to him the right to submit to a jury the issue of insanity, is not unconstitutional because he is insane at the time he committed the act, in no way deprives him of his constitutional right to a trial by jury."

Hickman's second contention was that "the law under which he was tried violated the provisions of Section One of the Fourteenth Amendment to the Constitution of the United States (the 'due process' and 'equal protection' clauses) relating to the power of the several States."

**NO FEDERAL QUESTION**

The court held in this connection that "no Federal question is involved. A State has full control over the procedure in its courts, both in civil and criminal cases, subject to the qualifications that such procedure must not be a denial of fundamental rights or conflict with specific and applicable provisions of the Federal Constitution."

The third point raised was that the trial "was conducted by a Judge of the Superior Court who had no jurisdiction in the premises."

The court said the contention is without merit, "pointing out that it is the duty of the Presiding Judge or the Superior Court of Los Angeles County to distribute the business of the court among the judges and prescribe the order of business."

When Judge Hardy declined himself to save time, even though denying a charge of bias against him, it was up to the presiding judge to make the assignment. Judge Trabucco was appointed. His appointment was upheld because he was sent into Los Angeles county legally by the judicial council, created by an act of Legislature, to aid in the disposition of cases on trial.

**CHALLENGE QUESTION**

The fourth point, that "the trial court erred in permitting the prosecution to exercise a peremptory challenge to a juror after the defendant had exhausted all of his peremptory challenges, and after challenges had been waived by him and the prosecution was satisfied," met with the response that "the defendant having used all his peremptory challenges, had no legal right to any more, and the additional challenge to a juror, relating to the record that the prosecution was actually satisfied, or that it actually waived the right to exercise its peremptory challenge."

The fifth point was that "complaint is made of the giving and refusing of certain instructions." After summarizing the reading of the Penal Code and its application to the points involved, the court said: "The trial court properly and sufficiently instructed the jury on the issue of insanity tendered by the defendant's plea."

The sixth point, averring that "the trial court had no right to de-

# SUMMARY OF EIGHT CONTENTIONS REJECTED IN HICKMAN APPEAL

SAN FRANCISCO, July 5. (Exclusive)—The State Supreme Court in overruling the appeal of William Edward Hickman from his conviction for the murder of Marion Parker rejected eight points upon which Hickman's attorneys based their appeal. The court's disposition of the eight points summarized, follows:

(1) Hickman's contention he was denied a jury trial, as the facts were dismissed as unworthy because his sole plea of "not guilty by reason of insanity" was an admission of the facts and left his sanity the only issue to be determined.

(2) The plea that his constitutional rights were violated as the accused had been accorded "due process of law" and "equal protection" was dismissed with the assertion that the "fourteenth Amendment (the article in question) does not deny the right of States to make their own laws of criminal procedure."

(3) Contention that Judge Trabucco was assigned legally to Los Angeles courts by the Judicial Council and assigned legally to the case.

termine the degree of the murder committed," was dismissed with the statement that the degree of the crime was determined by the jury and that the degree of the crime where it is distinguishable into degrees, did not apply to this case.

The seventh point was disposed of with the declaration that "we find no error or abuse of discretion in the action of the trial court in refusing the request of counsel for the defense that it should be permitted to open and close the argument to the jury because the burden of establishing the insanity of the defendant rested upon him."

**TRIVIAL OBJECTION**

The eighth point, citing error in that the record contains the notation, the defendant "duly pleaded guilty," is disposed of in the reminder that "the result of his action (in pleading 'guilty by reason of insanity') was an admission that he committed the offenses (kidnaping and murder) charged. In legal effect, therefore, the record states what actually took place. In any event, the objection goes to a mere irregularity which in no sense affects the substantial rights of the defendant."

Those signing the decision were Chief Justice Waste and Justices Shook, Preston, Tyler and Richards.

# HICKMAN RECEIVES NEWS WITHOUT COMMENT

SAN QUENTIN, July 5. (AP)—William Edward Hickman heard late today that the Supreme Court of the State had denied his appeal and that he must remain in the State Prison for the remainder of his life.

Hickman received the news without comment. Earlier in the day the warden said Hickman would not be notified until the court had received the official word of the Supreme Court decision.

# SENATIONAL CRIME BRINGS QUICK JUDGMENT

The history of the crime, trial and conviction of William Edward Hickman for the kidnaping and killing of Marion Parker, young daughter of a banker, is repeated in moves and counter-moves by the defense counsel, headed by Jerome K. Walsh of Kansas City, to prevent payment of the \$200,000 ransom by the young Kansas City high school honor student.

From the returning of the indictment on December 22, last year, charging Hickman with kidnaping of the young school child on December 17, in an apartment-house, until the present time, Walsh and his associates have fought every move to prevent self-confessed slayer. The defense has contended, first, that Hickman was insane, second, that the state used under which he was tried is unconstitutional.

# NATION STARTLED

The entire nation was startled by the crime. A young girl was enticed from her schoolroom with the plea that her father was injured. For two days the search was intense, and on Saturday night following her abduction, Thursday, the mutilated body was returned to the father after a payment of \$1500, all in \$20 currency, as requested in a number of ransom notes.

Following a chase of three days Hickman was trailed to a small town near Pendleton, Or., through passing of one of the \$20 bills. He was captured without a struggle by two Oregon officers.

# COURT HEARINGS

On December 27 he appeared before the Superior Court of Judge Hardy without counsel, and upon motion of Dist. Atty. Keyes, the matter of arraignment was continued until December 29. Keyes had been notified in the meantime that Jerome K. Walsh had been retained by members of the Hickman family and friends.

Walsh reached Los Angeles and obtained as advisers Attorneys Richard Cantillon and Frank Stevers.

On December 29 Hickman appeared for arraignment before Judge Hardy, and was represented by Walsh, with the state represented by Dist. Atty. Keyes. Hickman was arraigned and the time to plead was continued to January 3.

On January 3 Hickman was arraigned and pleaded not guilty by reason of insanity. The trial was set for January 26. Attorney Walsh obtained depositions of more than forty witnesses from Arkansas, Oklahoma and Missouri, covering the early life of Hickman, his parents, and other members of the family.

# OUTSIDE JUDGE

On January 26 the case was called for trial and immediately the defense objected to Superior Judge Hardy as biased and prejudiced. That attorney Judge Hardy withdrew. Counsel could not agree upon a trial judge, and court adjourned.

# HICKMAN CASE TO GO HIGHER

Supreme Court Decision on Insanity Plea Sought

Clarence Darrow May be Part of Defense

Move Indicated After State Upholds Sentence

Final decree on the death penalty for William Edward Hickman, mutilator and kidnaper of a 12-year-old Los Angeles schoolgirl, must await the decision of the United States Supreme Court.

This was made evident yesterday afternoon following a long-distance telephone conversation between Jerome Walsh of Kansas City, chief of counsel defending Hickman, and Richard Cantillon of Cantillon & Stevers, Los Angeles attorneys for the prosecution.

Announcement of the defense move to save Hickman from the gallows came after the state yesterday of the State Supreme Court affirming the verdict and judgment of the Superior Court, Judge J. C. Trabucco, sentencing to death the former Kansas City high school youth to death for the murder of Marion Parker, Los Angeles schoolgirl, and the kidnapping in San Quentin for her abduction.

# HOAX LAID TO LOEWENSTEIN

(Continued from First Page)

out at the first place and met an automobile, which took him to a retreat. The police are desperate over the stubborn attitude of Capt. Loewenstein's aides, who answer all questions by saying they were ordered to keep quiet. They also refused to tell who issued the order. Although the death threat is pretty well exploded, those still credulous now are coming forward with the explanation that Capt. Loewenstein, on leaving the Washington hotel, was followed by a car, the exterior door opposite, due to the movement of the plane, was projected out, and the door was closed, while the other occupants were unaware of the drama because of the noise of the Pokes plane's three motors.

# DEFENSE STATEMENT

Following the advice from Kansas City the local defense counsel issued the following statement: "We as counsel for William Edward Hickman, have the utmost respect for the opinions and decisions of the United States Supreme Court. The Supreme Court is composed entirely of men of legal attainments, and after the verdict and judgment had been rendered against our client in the lower court, we, as his counsel, in accordance with the dictates of our professional duties, requested the Supreme Court to review the verdict and judgment. We are confident that the Supreme Court will find the verdict and judgment of the lower court to be erroneous and will set it aside and grant a new trial."

# DEBTS INVOLVED IN PEACE PACTS

(Continued from First Page)

ment here of \$2 per cent in reparations.

**WAR DEBTS INVOLVED**

This draws in war debts, as the London policy states that the reparations are required to help pay the war debts of the United States.

The French believe that America's idealistic interest in achieving peace plans for the world, providing the outlawry of war should prompt certain concessions on the part of Europe best exemplified by partial cancellation of its claims.

The British are said to consider the French ideas premature and likely to smash the treaty for the outlawry of war if co-ordinated Belgium, since the reparations priority payments are practically extinguished, is also little interested.

Germany is said to be favorable toward feeling out Washington on the plan as possibly aiding the early release of the Rhineland and use under which the fixation of the reparations total.

# RECORD SETTING FLIGHT CHEERED

(Continued from First Page)

were ordered so that the aviators could land, even if they arrived after dark. They were met by a lot of color, with Italian and Brazilian flags intertwined, while big crowds cheered in front of the bulletin boards.

Although the aviators finally were forced to land far to the northward, the city kept right on celebrating and the boulevards were crisscrossed with excited persons.

Latest reports received here indicated that Capt. Ferrarin, even after he had turned back toward Natal, thought he was continuing toward Rio de Janeiro, but finally discovered his error and was forced to land at Oiapaba.

# RIVAL FLYERS FRAISE ITALIANS' ENTERPRISE

PARIS, July 5. (AP)—The success of the Italian Rome-to-Buenos Aires flight gained the hearty admiration of Capt. Idigorsky and Kaputa, themselves about to make a trans-Atlantic attempt.

"Splendid!" said Capt. Idigorsky. "We congratulate them heartily. The Italians have a fine plane and deserved to succeed. I hope fortune treats us as well."

The captain announced the postponement of the Polish flight until dawn Sunday.

# Peasant Leader to Form Cabinet

BELOGRADE (Yugo-Slavia) July 5. (AP)—King Alexander tonight entrusted to Stefan Raditch, the Croat peasant leader, the task of forming a new Ministry.

Mr. Raditch accepted and immediately began his preliminary conversations with political leaders.

# SLAYER AGAIN DEFERS NOOSE

# FAIRY CHAUCER LONDON STOCK FLURRY

LONDON, July 5. (Exclusive)—The sensational disappearance from his airplane over the English Channel and presumed death of Capt. Alfred Loewenstein, Europe's most sensational speculator, caused excitement on the London stock exchange today, and a flurry in the stocks in which he was interested.

F. Drew, the pilot, returned this afternoon to Croydon airfield with the plane. He said all he knows is that between 7:30 and 7:45 o'clock last night the plane passed a note to him stating that Capt. Loewenstein was missing.

# Two Aviators Fall Into River

WASHINGTON, July 5. (AP)—Two air corps enlisted men were injured today when the engine of their plane, a Douglas transport, went wrong and the machine dropped into the Potomac River near Bolling Field.

# PLANE GIVES NO CUE AS TO CAUSE OF TRAGEDY

CROYDON (Eng.) July 5. (AP)—The airplane from which Capt. Alfred Loewenstein fell while dying 4000 feet above the English Channel last night was examined here by officials of the Croydon Airfield after Pilot Drew had flown it back from France.

The examination gave no real clue as to the cause of the tragedy. The woodwork holding the lock of the door through which the pilot plunged was found to have been splintered. One piece of wood was almost broken away from the main structure of the door frame, but the door itself still opened and closed easily.

# Eleven to Die for Sabotage

MOSCOW, July 5. (AP)—Eleven sentences of death were handed down tonight by the court which has been hearing the case of fifty charged with antigovernment sabotage in the Donetsk coal mines. Six of the eleven, however, were recommended for commutation.

The Germans were freed, two by acquittal and one on parole. Of the twelve, three were sentenced to various terms of imprisonment. The trial lasted many weeks.

# Lightning Bolt Kills Quartet

HENDERSONVILLE (N. C.) July 5. (AP)—Four persons were killed and two injured seriously when lightning struck a tree under which they had gathered after a swim today near Camp Minnehaha summer resort.

The dead are Perry Rothen, 45 years of age; Alan Reed, 13; Land Burgess, 13; and Edward Kurnhead, 15. The names of the injured were not learned here. All were from New Orleans.

# SMITH FACING INTERNAL ROWS

Tammany Element and Other Group at Odds

"Colonel Housekeeper's" Acts Cause Dissatisfaction

Notification Details to be Discussed Tomorrow

ALBANY (N. Y.) July 5. (AP)—Details of the formal notification of Gov. Smith of his nomination for the Presidency by the Democratic National Convention will be discussed and possibly determined at a conference here Saturday between the Governor and Senator Pittman of Nevada, chairman of the notification committee. The Governor definitely announced the conference tonight upon his arrival from New York.

Coincident with the Governor's return came reports that one of the first pieces of campaign work he will be called upon to perform will be in the role of peacemaker. According to these reports, considerable dissension has developed in the Smith camp between the strictly Tammany element and the Pro-Roosevelt element, headed by the Governor.

# Falls Conqueror Will Try Again

BUFFALO, July 5. (AP)—Successful in the first challenge to the mighty Niagara, Jean A. Luster of Springfield, Mass., who went over the Horseshoe Falls Independence Day in a specially constructed rubber ball, will defy the cataract again.

# Globe Racers Reach Cologne

COLOGNE (Germany) July 5. (AP)—John H. Mearns, who is trying to establish a new record for fast travel around the world, arrived at the airport here at 8:45 p.m. tonight. He will start for Berlin at 4 a.m. tomorrow.

Mr. Mearns and his pilot, Charles G. D. Collier, flew here from Le Bourget Field, near Paris. They landed at Cherbourg this morning, from the steamship Olympia, assembling and tuning up their plane before taking to the air at the French airport.

MILWAUKEE, July 5. (AP)—A 32-year-old man, charged with defalcation in excess of \$100,000, was arrested today by federal agents. He was held in the Federal House of Detention. A man who says is indirectly responsible for the defalcation is sought.

**WESTERN G.O.P. CHIEFS TO MEET**  
Chicago Conference Slated for Near Future  
Plans for Hoover Campaign to be Completed  
Dry Leaguers Prepare for Capital Parley

WASHINGTON, July 5. (Exclusive)—A western conference of Republican national committee members and other outstanding leaders will be held in Chicago within the next few weeks to work out final plans for the Hoover-Curtis campaign in the West. Organization matters and the set-up of Hoover leaders in Chicago and other strategic points throughout the West will be completed at this meeting.

Announcement of this gathering together with the disclosure in other quarters that a few of the highest officials of the Anti-Saloon League will meet shortly in Washington to discuss plans for the summer White House in Wisconsin to discuss his resignation with the President, Mr. Hoover will not depart until the latter part of next week.

The ratification ceremonies at Stanford University will be between August 7 and August 11, next, probably on August 10. Mr. Hoover's birthday. Mr. Hoover personally will ask to be relieved as Secretary of Commerce but will abide by Mr. Coolidge's decision.

F. Scott McBride, general superintendent of the league, and its chief spokesman at the Kansas City and Houston conventions, declined to outline the campaign plans for his organization today beyond admitting that a statement might be given out after he has discussed matters with a few of the league leaders.

**PROHIBITION AID SOUGHT FOR HOOVER**  
California Group Leader Tells Plans for Stand at Dry Party Convention

The California delegates to the National Prohibition Convention, to be held in Chicago next Tuesday and Wednesday, will oppose the nomination of a Prohibition Presidential candidate and will call upon the party to throw its support to the Republican nominee, Miss Ethel G. Hubler, chairman of the delegation, announced yesterday on the eve of her departure for the convention.

Miss Hubler will be accompanied by Arthur Lindley, Glen Elder, architect; Dr. Samuel Letson of Colton, S. N. Kellogg and Lucius C. Dale of Los Angeles, Horace Johnson of Oakland and approximately twenty other delegates.

"Furthering the cause of prohibition rather than the party is our aim at this time," Miss Hubler said. "The dry plank of the Republican party is satisfactory to us, and also the strong endorsement of that plank by both the Presidential and Vice-Presidential nominees."

The members of the California delegation are convinced that their views are shared by the large majority of the delegates who will attend the convention.

It was explained by Miss Hubler that the swing to the Republican party is temporary, and does not mean the disruption of the Prohibition party. She is at present assistant editor of the California Voice, the official publication of the Prohibitionists in the State, and is a member of the law-enforcement department of the Women's City Club of Los Angeles.

**HOOVERITES IN SOUTH GAINING**  
Traditions Will be Upset, Local Democrat Says  
Letters Indicate Widespread Bolt of Smith Ticket  
Old-time Party Men Turn to Republican Ranks

That many of the Southern States will upset the traditions of three-quarters of a century and return a majority for Secretary Hoover, the Republican Presidential nominee, in the coming election is the conclusion drawn by Fairfax Cosby, local attorney and Democrat, from correspondence received from all parts of the nation.

Mr. Cosby and other Democrats, some weeks ago when the nomination of Gov. Smith by the Democratic National Convention seemed as a probability, determined to set about the formation of a third party, Democratic in principles, but opposed to the wet proclivities and Tammany connections of Gov. Smith.

**MEETS THEIR REQUIREMENTS**  
Yesterday Mr. Cosby stated that many of the letters and telegrams received by him point out that Secretary Hoover, despite his Republicanism, meets the requirements of many of the prominent Democrats of the nation.

Samuel Davidson, representative in the House of Delegates of Virginia for Halifax county, wrote Mr. Cosby declaring that Virginia probably will join the Republican column and that Gov. Smith will be defeated "overwhelmingly."

Similar sentiments were expressed by Arthur M. White, petroleum engineer and geologist of New Orleans. William H. Davidson of Cleveland wrote Mr. Cosby that he will vote the Republican ticket, although he is a life-long Democrat. So did Lee A. Martin of Globe, Ariz., another old-line Democrat.

William D. Mahoney, head of the Jefferson-Lewis League in the District of Columbia, wrote Mr. Cosby that "we must agree upon some plan of defeating Smith, and in the event there is no third party the only hope is to vote for Hoover."

**CANT FOLLOW OLD CUSTOM**  
John P. Ewart, an attorney of Sturgis, S. D., wrote that Smith's nomination prevents him from following the old custom of voting the Democratic ticket, and that he will use every effort to defeat Smith and elect Hoover.

Nathan Newby, one of the leading Democrats of Los Angeles, yesterday advocated the formation of a Democratic Hoover-Forrest ticket. Mr. Newby, once a Democratic candidate for Congress, issued a statement on Independence Day declaring for Hoover.

Within the past few days former Federal Judge Bledsoe, an outstanding Democrat, and the Santa Barbara News, the leading Democratic newspaper of Southern California, have endorsed the candidacy of Secretary Hoover.

# Facts About RANCHO SANTA FE

**What Is Rancho Santa Fe?**  
Rancho Santa Fe is a 9000-acre community of country estates where climate, natural beauty, soil, water, urban conveniences, protective restrictions, recreational facilities and financial sponsorship contribute the maximum to spacious living. It has no counterpart in the world.

**Where Is It Located?**  
Rancho Santa Fe village, the center of the project, is six miles from the Coast Highway at Solana Beach, which is 107 miles south of Los Angeles and 28 miles north of San Diego.

**Who Is Back of Rancho Santa Fe?**  
The Santa Fe Land Improvement Company, with millions in resources, originally owned and developed, and still owns the unsold portion of Rancho Santa Fe.

**What Type of Estates Is Being Developed?**  
(1) Residential and (2) Horticultural. Estates which are strictly residential surround the \$200,000 golf course now being built by Max Behr, architect. These vary in size from less than an acre to several acres. Horticultural estates, ranging in size from 5 to 100 acres, are largely devoted to Valencia oranges, avocados and lemons, with lesser plantings of walnuts, peaches, apricots, prunes, pears and grapes.

**What Class of Homes Is Being Built?**  
All homes are of Spanish or Mediterranean design, conforming to the traditions of the old Spanish grant of which Rancho Santa Fe is a part. They range from attractive modest homes to large establishments for families of wealth. Gorgeous gardens and elaborate landscaping are common.

**What Sort of Climate?**  
Climate is the predominant feature of Rancho Santa Fe. It is generally agreed that America's finest year-round climate is in a strip bordering the ocean through San Diego county, due to the favorable situation and effect of ocean currents. Being slightly inland, Rancho Santa Fe avoids dampness. Mountains protect it from desert winds. Topography....rolling mesas 100 to 350 feet above sea level...is such as to induce perfect air drainage and circulation. No hot pockets. Cool ocean breezes are consistent. The air is dry, cool, invigorating and exceedingly healthful.

**What Other Natural Advantages?**  
Soil is productive, as luxuriant growth will attest. Water, from Lake Hodges, is adequate. Landscapes are amazingly beautiful....colorful native shrubbery, 2000 acres of graceful eucalyptus trees, the Cuyamaca Mountains, glimpses of a sparkling sea, vistas of San Dieguito valley.

**What Are the Restrictions?**  
Contracts and deeds carefully safeguard environment and values. For example, development of estates within one year is required. Small husbandry on a commercial scale is prohibited. An art jury must pass upon all building plans. Billboards and unsightly structures are not allowed.

**What Are the Recreational Facilities?**  
An all-grass, 18-hole golf course with underground sprinkling system, is now building. Miles of bridle trails. Great riding country adjacent. Tennis courts. Parks. Swimming pools. Surf bathing 15 minutes away. Fishing, hunting and a great vacation land nearby.

**What Utilities and Conveniences?**  
Urban conveniences are present....water, electricity, telephones, etc. Groceries, meats, vegetables, milk, laundry, dry cleaning, ice....just as in the city. School, garage, post office, building material depot, etc., at the Civic Center. La Morada, the hotel, offers restful accommodations.

**Must I Care For My Property Myself?**  
For those without experience or inclination, local service organizations function in matters of Orchard Planting and Maintenance, Architectural Work, Landscaping and Horticultural Inspection. Efficient, economical management is available, even though the owner may be thousands of miles away.

**How Far Has Development Gone?**  
More than \$5,000,000 has been invested in the upbuilding of Rancho Santa Fe. About 200 estate owners are eagerly building, planting and beautifying....making of the whole a vast landscaped garden.

**What Are Prices at Rancho Santa Fe? Terms?**  
Homesites around the golf course, amply sized, and with water, electric and telephone lines mostly underground, range from \$1500 up. Orchard estates are probably the lowest in price in Southern California. When environment is considered, Rancho Santa Fe prices can not be equalled. Terms are 15% cash, balance in 7 equal annual payments with interest at 6% on deferred.

**Before any "date" end halitosis**

BEFORE any engagement where you wish to appear at your best, decency demands that you rinse the mouth with Listerine.

By so doing you eliminate any risk of offending by halitosis (unpleasant breath). You never have it? Don't fool yourself—you simply cannot know when you have it. It doesn't announce itself. But it does to others and offends them.

Listerine ends halitosis because it is a powerful deodorant. Prove it this way. Rub a bit of onion on your hand—then apply Listerine clear. Immediately the odor is gone. Even the odor of fish yields to it.

Keep a bottle handy in home and office and use it. It makes you agreeable to others instead of disagreeable. Lambert Pharmaceutical Company, St. Louis, Mo., U. S. A.

**Michigan Dry Law to Stand**

LANSING (Mich.) July 5. (Exclusive)—Michigan probably will retain for some time its present rigid prohibition law, it was indicated here today with the failure, for the lack of the required number of petitioners, of a move to amend the State Constitution to provide for governmental control of the manufacture and sale of liquor for use in the home.

The proposed amendment, submitted several months ago with 5000 signatures by Representative Wardell, Detroit, required 58,076 additional signatures to bring it before the electorate at the November election. The dead line for filing the necessary petitions expired at 5 p.m. today.

**JUAREZ BULL RING BURNS**  
JUAREZ (Mex.) July 5. (AP)—The Juarez bull ring, more than twenty-five years a center of entertainment, was destroyed by fire last night. The main structure covered a city block. It was quickly consumed despite the combined efforts of firemen of Juarez and El Paso. The ring has been the occasion of many sensational fights in which matadors from Spain and Mexico took part.

**INTRUDER BRUTALLY BEATS GIRL IN BED**

ATHERTON (Cal.) July 5. (AP)—Betty Shortridge, 14-year-old granddaughter of Mrs. George S. Fife, a wealthy society matron and daughter of Mrs. Beatrice F. Shortridge, was brutally beaten by a burglar early today in Mrs. Fife's home here. First reports from police said it was Mrs. Fife who had been beaten. The girl is said by her mother to be in a serious condition from shock and fright. The girl was awakened about 2 a.m. by an intruder. When she sat up in bed and screamed the man beat her and escaped.

## BULLOCK'S SILKS

Necklines  
collared  
and  
scarfed

Vogue Patterns  
No 53245

Some are both, as the sketch above so smartly indicates—

And how infinitely more becoming—especially with the silk frock. A fabric so feminine in texture needs the softness of scarf folds, collar or frill.

There is no doubting that collars and scarfs are to finish the smartest frocks this fall. All the smart world agrees on that.

suggested for frock above—

**Bullock's  
Frost Crepe  
\$5 a yard**

**Make Your  
Own Clothes—**

with the aid of Bullock's Cut, Baste and Fit Service you will find it the simplest thing to do. You have only the finishing to do and the garment is complete. Just purchase your materials at Bullock's and at small expense your garment will be cut, basted and fitted to your individual measurements.

## WASHINGTONS MEMORIALIZED

First President's Ancestor  
Paid Tribute

Church Window Dedicated  
in English Home

Americans and British Join  
in Ceremony

MALDON (Eng.) July 5. (AP)—A memorial window to Laurence Washington, great-great-grandfather of George Washington, was dedicated today in All-Saints' Church, where the elder Washington worshiped. It is the gift of citizens of Malden, Mass., who have presented it in conjunction with the George Washington-Bulgrave Institute.

British and American guests attended the unveiling at All-Saints' Church, which was followed by a luncheon on the grammar-school grounds.

DELEGATIONS ATTEND  
Among them were a delegation from Malden, Lord Lambourne, Lord Lieutenant of the county of Essex, the Lord Mayor of Malden, and the town's leading officials; Miss Althea Serpell of Norfolk, Va., member of the national women's committee of the George Washington-Bulgrave Institute, who represented the American branches of the society, and delegations from the leading American societies in Great Britain. Ray Atherton represented the American Embassy.

The Washington memorial window typifies the strong tie of brotherhood existing between the two great branches of the Anglo-Saxon race as exemplified by the old and new Maldon on either side of the Atlantic. This idea has dominated the mind of A. K. Nicholson of London, designer of the window.

SYMBOLIC FIGURES  
Three figures, symbolical of the common characteristics of the race, form the nucleus of the design. In the center light is the figure of St. George, patron saint of the two Washingtons, who typified patriotism; in the right-hand light stands St. Joan of Arc, typifying freedom; in the left-hand light, St. Nicholas, holding in his left hand a model of the Mayflower, typifies the expansion of Anglo-Saxon ideals through colonization.

The surrounding lights represent the landing of Columbus, landing of the Pilgrim Fathers, Statue of Liberty at the entrance to New York Harbor, the Liberty Bell, the American eagle, the British lion, the arms of the United States of America and the arms of the borough of Malden. The tracery lights are embellished with the various coats of arms of the Washington family.

## Storm Takes Toll in Lives

BERLIN, July 5. (AP)—Reports from the provinces indicate that one of the worst windstorms in years visited Germany yesterday, taking a heavy toll of life and property damage.

A large chimney collapsed at Friedrichshagen, killing four workmen and injuring three others. A factory chimney collapsed at Zawada, near Gliwicz, killing one man and injuring three while another person was killed in Gliwicz. In Berlin one person was killed and many injured. Trees were damaged and a hangar at the Tempelhof Airfield collapsed, destroying four airplanes.

## Rich-Indian Case Inquiry Delayed

MUSKOGEE (Okla.) July 5. (AP)—A proposed Federal grand jury investigation into the financial and matrimonial affairs of Jackson Barnett, wealthy Indian, has been continued indefinitely. It was learned today at the office of Frank Lee, United States District Attorney. The grand jury was called for the 9th inst., and subpoenas had been issued for more than 125 witnesses.

Decision to postpone the investigation followed advice that the government will not have its case in shape to present to the grand jury this month, and probably not until fall.

## MISSING GIRL'S NOTE SAYS SHE'S CAPTIVE

SEATTLE, July 5. (AP)—A mystery note asserting that Goldie R. Martin, 14 years of age, missing from Harrisburg, Or., for two weeks, is being held prisoner in Seattle started police on a search for the girl here today. "Two men and a woman stole me and are holding me prisoner in Seattle," a message, apparently hastily scribbled, received by Mrs. Opal Kaylor, of Harrisburg, said. Police detectives found no trace of the girl here during a hasty search of the hotels and lodging houses.

## GREENVILLE BANK CASHIER DETAINED

QUINCY, July 5. (AP)—J. B. Hall, cashier of the Indian Valley Bank at Greenville, was taken into technical custody on a warrant charging embezzlement. He was brought here for a hearing. Although the amount named in the warrant was only a few hundred dollars, it is said by bank officials the asserted peculations may run up to \$17,000. The complaint was signed by Mrs. C. N. Chamberlain, executive vice-president of the bank.

## PLANE-CRASH VICTIM WEDS ON DEATHBED

ROME, July 5. (AP)—A deathbed marriage was celebrated at the Cello Military Hospital today. Mechanic Egidio, who was badly burned Tuesday night when a plane overturned and caught fire, married his fiancée and died shortly afterward. Gen. Armando Armanit, chief of the general staff of aeronautics, who also was burned in the accident, acted as

# GALA OPENING SUNDAY LIDO ISLE IN NEWPORT BAY

YOU are cordially invited to attend and bring your friends. You will be met at the LIDO ISLE landings by luxurious speed boats... flashed across the harbor in 5 minutes to this beautiful island and returned to the mainland at any hour you wish. Luncheon will be served from 12 to 3 at the new Lido Isle Yacht Club... and a marvelous program of water sports... fashion displays... and music... will be presented throughout the entire day... from dawn until dark.

## OPENING EVENTS SUNDAY, All Day AT THE LIDO ISLE YACHT CLUB

Yacht and Speedboat Races  
on the 4-mile Lido Isle Marine Speedway

A. A. U. Swimming Meet

Aquaplaning Exhibitions

who wish to swim

See Map below for directions

Take Speedboats either on  
Coast Highway or in Balboa

## A NEW TYPE OF COLONY FOR THE PACIFIC COAST

LIDO ISLE, modeled after "The Lido," most famous watering spot in Europe, must inevitably become the most noted seaside colony of California.

Planned by world-famous artists and architects... strongly financed and carefully restricted, it is absolutely bound to leap upward in value because the tremendous demand for this rare type of property is far in excess of the limited supply to be found exclusively at LIDO ISLE.

From Bar Harbor, Maine, to Miami, Florida, the Atlantic Seaboard has many delightful island developments. Southern California has ONLY LIDO ISLE.

## STILL WATER FRONTAGE WHERE YACHTS MAY MOOR

Here you may step from your own home terrace into a new world of health and joy with your own private white sand beach, your boats lying ready for instant use at your own pier and float... in warm, safe, salt water.

All community beaches and other recreational areas on the island will be owned, controlled and managed by the LIDO ISLE Community Association and will NOT be available for the general public. This is a feature that MUST COMMAND your respectful attention when compared with the usual beach situation near Los Angeles.

LIDO ISLE includes many other splendid new ideas adapted from the finest island developments of Europe and America.

## LIDO ISLE YACHT CLUB UNIQUE IN PLAN

The first of the great community features of LIDO ISLE is the beautiful new Yacht Club Building... NOW COMPLETED and ready for dedication Sunday.

It is owned and controlled EXCLUSIVELY by property owners on the island. No memberships are for sale.

Here you may enjoy every delightful water sport pending the completion of your own beach home. Swimming, aquaplaning, boating, fishing and yachting are yours from the day you purchase. Not some day but NOW!

## OPENING WEEK PRICES WILL BE RAISED JULY 15

Prices and terms are lower NOW during the opening sale than they can ever be again.

Consider this fact: LIDO ISLAND includes ONLY 108 acres with about two and one-half miles of still water frontage. When this is gone nothing like it can be found again at any price.

LIDO ISLE owners will have a perpetual monopoly on the only possible supply of this restricted still water frontage in Southern California, in the ONLY PLEASURE BAY of its kind from San Francisco to San Diego.

It is a remarkable opportunity... and SUNDAY will be the proper day for you to see it under the delightful auspices of the Lido Isle Yacht Club.

Charley Borah  
Runs Only in  
200 Meters

CAMBRIDGE (Mass.) July 5. (P)—Charley Borah, national 220-yard sprint champion from Southern California, said tonight that he would not compete tomorrow in the 100 meters race at the final Olympic tryouts at Harvard stadium. Borah plans to confine his efforts to the 200-meter race, which will be run off on Saturday.

BEAR CREW  
COPS HEAT  
IN TRIALS

California, Columbia and Yale Boats Win, Princeton Also to Get Chance

BY F. G. VOSBURGH

Associated Press Sports Writer

PHILADELPHIA, July 5. (P)—In

as thrilling a trial of crew races as

ever were rowed in one eventful

afternoon, the University of

California eight-oared crew con-

quered Princeton today in the

Olympic trials on the Schuyl-

kill and Columbia outlasted

Harvard, while Yale swept to

victory over the Wyandotte

(Mich.) boat club.

The big surprise was the way the

Columbia crew, rowing behind a

green stroke oar, pulled away

from the giant Harvard aggre-

gation to win the most decisive

victory of the day by nearly

five lengths. This feat greatly

boosted the stock of the Col-

umbians, stroke or no stroke,

and they are sure to be favored

on nearly even terms with the

unbeaten California and Yale

machines when they row the

semifinal heats tomorrow.

There were only three winning

eights today, but four crews qual-

ified for tomorrow's races. Prin-

ceton being admitted on the basis

of its speedy time which was bet-

ter than that of any of the winners

except California. A downpour

of rain during the first heat, which

was won by Yale, could not ob-

scure the brilliance and drama of

the Australian-American four

which won the first heat.

## WHO WILL IT BE THIS TIME—WYKOFF OR PADDOCK?

Interest in the "Race of the Century" shifts to Boston today, where the 100-meter boys will run it out to get a berth on the boat to Amsterdam. The East says Paddock, the former "Fastest Human," is the favorite, and that not only will Wykoff, the Glendale hero, beat him, but Bracey, another schoolboy, and others. However, the Pasadena veteran can't be counted out that easily. He has a habit of rising to the spirit of the occasion. The photo at the right shows him in one of his typical flying leaps for the tape while the Wykoff finish with head thrown back is displayed at the left.

DETROITER NOSES OUT  
JIM IN TOUGH BATTLE

Mortenson Loses Fifth Place by Single Point; Sprint Finals to be Run Today

BY BILL HENRY

PHILADELPHIA, July 5. (Exclusive)—On the eve of the 1928 national track-and-field championships and Olympic trials which start tomorrow at Boston Southern California qualified another passenger for the Amsterdam boat in the person of Jim Stewart, ineligible Trojan sophomore and L.A.A.C. all-around star who took second here in the decathlon after a terrific battle all the way.

Stewart was nosed out by J. Kenneth Doherty of the Cadillac A.C. of Detroit. Third and fourth places were won by Barney Berling of the University of Pennsylvania and Tom Churchill of Oklahoma.

Jean Mortenson of the L.A.A.C. lost fifth place by one point.

As things now stand the Illinois Athletic Club has a running start, having scored seven points in the 400-meter hurdles and 400-meter run. The New York A.C. has six points scored in the same events and the Los Angeles A.C. has one point, scored by Bob Maxwell in taking fourth in the hurdles. The decathlon points do not count toward the national title.

While the L.A.A.C. is not getting an awful lot of cheering around these parts the fact remains that Boyd Comstock's cohorts stand an excellent chance of grabbing off the championship. The Illinois A.C. in fact, seems to be the only one having much of a chance of nosing out the local hopes in the big event and Stanford may make as many as the New York A.C., many times winner of the title.

The only final to be decided tomorrow will be in the 100-meter sprint.

The world record in every event will be in the 100-meter sprint.

Charley Borah  
Runs Only in  
200 Meters

CAMBRIDGE (Mass.) July 5. (AP)—Charley Borah, national 200-yard sprint champion from Southern California, said tonight that he would not compete tomorrow in the 100 meters race at the final Olympic tryouts at Harvard stadium. Borah plans to confine his efforts to the 200-meter race, which will be run off on Saturday.

BEAR CREW  
COPS HEAT  
IN TRIALSCalifornia, Columbia and  
Yale Boats Win, Princeton  
Also to Get ChanceBY F. G. VOSEBURGH  
Associated Press Sports Writer

PHILADELPHIA, July 5. (AP)—In as thrilling a trial of crew races as ever were rowed in one eventful afternoon, the University of California eight-oared crew conquered Princeton today in the Olympic trials on the Schuylkill and Columbia outclassed Harvard, while Yale swept to victory over the Wyandotte (Mich.) boat club.

The big surprise was the way the Columbia crew, rowing behind a green stroke oar, pulled away from the giant Harvard aggregation to win the most decisive victory of the day by nearly five lengths. This feat greatly boosted the stock of the Columbia crew, stroke or no stroke, and they are sure to be favored on nearly even terms with the unbeaten California and Yale machines when they row the semifinal heats tomorrow.

There were only three winning trials today, but four crews qualified for tomorrow's races, Princeton being admitted on the basis of its speedy time which was better than that of any of the winners except California. A downpour of rain during the first heat, which was won by Yale, could not obscure the brilliance and drama of the race.

## WHO WILL IT BE THIS TIME—WYKOFF OR PADDOCK?

Interest in the "Race of the Century" shifts to Boston today, where the 100-meter boys will run it out to get a berth on the boat to Amsterdam. The East says Paddock, the former "Fastest Human," is through, and that not only will Wykoff, the Glendale hero, beat him, but Bracey, another schoolboy, and others. However, the Pasadena veteran can't be counted out that easily. He has a habit of rising to the spirit of the occasion. The photo at the right shows him in one of his typical flying leaps for the tape while the Wykoff finish with head thrown back is displayed at the left.

DETROITER NOSES OUT  
JIM IN TOUGH BATTLEMortenson Loses Fifth Place by  
Single Point; Sprint Finals  
to be Run Today

PHILADELPHIA, July 5. (Exclusive)—On the eve of the 1928 national track-and-field championships and Olympic trials which start tomorrow at Boston Southern California qualified another passenger for the Amsterdam boat in the person of Jim Stewart, ineligible Trojan sophomore and L.A.C. all-around star who took second here in the decathlon after a terrific battle all the way.

Stewart was noted out by J. Kenneth Doherty of the Cadillac A.C. of Detroit. Third and fourth places were won by Barney Berling of the University of Pennsylvania and Tom Churchill of Oklahoma.

As things now stand the Illinois Athletic Club has a running start, having scored seven points in the 400-meter hurdles and 400-meter run. The New York A.C. has six points scored in the same events and the Los Angeles A.C. has one point, scored by Bob Maxwell in taking fourth in the hurdles. The decathlon points do not count toward the national title.

While the L.A.C. is not getting an awful lot of cheering around these parts the fact remains that Boyd Comstock's cohorts stand an excellent chance of grabbing off the championship. The Illinois A.C. in fact, seems to be the only one having much of a chance of nosing out the local hopes in the big event and Stanford may make as many as the New York A.C. many times winner of the title.

The only finals to be decided tomorrow will be in the 100-meter sprint.

## SERAPHS WALLOP SENATORS

Angels Land on Three Hurlers for Twenty Hits and Win, 15 to 6; Score Nine Runs in Fifth

BY BOB RAY

Evidently Marty Krug's Angels got sore at the nasty things that were said about them Wednesday, for they snapped out of their lethargy yesterday and hammered three Sacramento pitchers for a total of twenty hits to pile up a 15-to-6 score against the socking Sacs from Sacramento.

All of the Angels were hitting the target to be some kind of a record. Clyde Barfoot, the slow ball specialist, wobbled and almost fell in the early innings, but finally recovered his equilibrium and sailed through to the finish after his mates had batted him out in front. A total of thirteen hits were

Tunney Takes  
Easy Workout

SPECULATOR (N. Y.) July 5. (AP) Avoiding the scorching sun of mid-day, Gene Tunney went through his training paces today in the cool of early morning, boxing three rounds with both Harold Mays and Billy Vidaback. He also punched the bag, but did no road work. The champion will defend his heavyweight title against Tom Heeney at Yankee Stadium three weeks from tonight.

EQUINE OLD-TIMER

Tippley Wickett, who recently won a race at Windsor, Ont., is one of the real old-timers of the turf, being 15 years of age.

MOOREHOUSE ELIMINATED  
IN GRAPPLING TRYOUTS

GRAND RAPIDS, July 5.—William Moorehouse of the Los Angeles A.C., whose work in the 123.5-pound division of the national Olympics tryouts had earned him favorable notice was eliminated by James J. Reed, Bethlehem, Pa. A.C. tonight. Reed won the judges' approval at the close of the regular time.

The Oklahoma A. &amp; M. entries put out of the running were George McCampbell, star bantamweight, who lost to William Moorehouse of the Los Angeles A. C. after a stiff tussle; LaVerne Lake, feather, who dropped a decision to Cyril Mitchell of the Multnomah A. C. Portland, Or.; Matthew Hesser, featherweight, defeated by Cecil Paxton of the University of Kansas, and Frank Briscoe, welterweight, who lost to Ralph Frunty of Ames, Iowa, the defending champion.

Moorehouse, who won from McCampbell, has become the outstanding favorite to win the final in his division.

Howard Ecklund, another Los Angeles A. C. representative, was eliminated from the same division, dropping a decision to James J. Reed, Bethlehem (Pa.) A. C.

Ben F. Sherman, Multnomah A. C., Portland, Or., moved forward in the 145-pound division by scoring a fall victory over James Rivers, of the Los Angeles A.C. Sherman dropped Rivers in 7m. 24s.

Chester Newton, Multnomah A. C., representative in the 134.5-pound class, was unable to pass the medical examination required by Michigan law, and was ordered by physicians to default his match with John Heller of Ohio State University.

Ervin Forbes of Los Angeles Y.M.C.A., advanced a notch in the 138.5-pound class when John Doornbos of Grand Rapids, Mich. (Y.M.C.A.) defaulted.

Frank Bryan of the Multnomah A.C., Portland, Or., also moved up in the same division by pinning

**Stanford Nine Sails on Tour of Australia**  
STANFORD UNIVERSITY, July 5.—The Stanford varsity baseball team left at noon today on the Matson liner Sierra for a two months' tour of Australia and New Zealand. Seventeen were in the party, including thirteen ball players, Coach Harry Weller and Mrs. Weller, Murray Draper, manager of the team on the trip, and Alex Ehrman, baseball manager for 1928. Capt. Cook Sypher was absent from the squad by reason of the fact that he is playing with the San Francisco Mission, and John "Count" Sobieski, first-string pitcher, also was not on board the Sierra.

**Young Accepts Strelinger's Resignation**  
SACRAMENTO, July 5. (AP)—Gov. Young this morning accepted the resignation of Seth W. F. Strelinger of Beverly Hills from the State Athletic Commission of California. At the same time Charles A. Whitmore, the Governor's private secretary, said it is believed in the executive office that any successor to Strelinger who may be appointed will not have long to serve. Whitmore's statement indicated the belief of the executive office that the athletic commission law is expected to be repealed through legislative action.

Gladys Patz Advances With Two Victories

**Gorchakoff Defeated by John Van Ryn**  
GLEN COVE (Long Island) July 5.—John Van Ryn of East Orange, N. J., No. 6 in the national tennis rankings, eliminated the last of the Californians from the annual Nassau invitational net tournament here this afternoon, when the Princeton University star defeated Gorchakoff of Los Angeles, 6-1, 6-1, in a quarter-final contest. Fritz Mercer of Bethlehem won the only other singles match today, rain halting play. Mercer was carried to three sets to defeat Harris Coggeshall of Iowa, 3-6, 6-4, 6-1. Mercer meets Van Ryn tomorrow, the winner to enter the final bracket. In the lower bracket Dr. Carl Fischer of Philadelphia and Dr. George King of New York and William Ardeletti and Ed Phillips, both of New York, will clash tomorrow in quarter-final tilts. The winners shall play again late tomorrow evening to settle the second and lower bracket final.

**AMERICAN LEGION JUNIOR BASEBALL PLAY CONTINUES**  
Eight junior baseball games between boys of under 17 years of age are scheduled over the week-end by American Legion posts in Los Angeles. These teams came successful with forty-eight teams entered, with forty-eight teams entered according to Mr. Bert O. Mann, State athletic officer of the Legion in charge of the boys. The games this week mark the first of four series to be played in the next few weeks to decide a championship in the Seventeenth District. On Saturday the following teams will play: Jackrabbits, of Leonidas, against the Pean Pirates, of Greayer Clover post, on the Downey playground at 9:30 a.m. The Colts, of Waller Brinkpost, against the John Burroughs, of Fire Fighters post, on Harvard playground No. 3 at 9:30 a.m. Sunday games are all scheduled at 12 noon. The teams playing are: Highland Park Hawks, of Greayer Clover post, at Arroyo Seco playground; Royal Gladiators, of Benjamin J. Bowie post, at Washington; Adams-Goodman of Nana post, of Los Angeles post, on Diamond No. 3, Manchester playground; Ingleside Indians, of Ingleside post, on Diamond No. 1, of Sunshine post, on Diamond No. 4, Manchester playground. Culver City Bears, of Community post, at William Wrigley Juniors, of Edw. T. Brown post, on Diamond No. 2, Harvard playground.

**AMERICAN LEGION JUNIOR BASEBALL PLAY CONTINUES**  
Eight junior baseball games between boys of under 17 years of age are scheduled over the week-end by American Legion posts in Los Angeles. These teams came successful with forty-eight teams entered, with forty-eight teams entered according to Mr. Bert O. Mann, State athletic officer of the Legion in charge of the boys. The games this week mark the first of four series to be played in the next few weeks to decide a championship in the Seventeenth District. On Saturday the following teams will play: Jackrabbits, of Leonidas, against the Pean Pirates, of Greayer Clover post, on the Downey playground at 9:30 a.m. The Colts, of Waller Brinkpost, against the John Burroughs, of Fire Fighters post, on Harvard playground No. 3 at 9:30 a.m. Sunday games are all scheduled at 12 noon. The teams playing are: Highland Park Hawks, of Greayer Clover post, at Arroyo Seco playground; Royal Gladiators, of Benjamin J. Bowie post, at Washington; Adams-Goodman of Nana post, of Los Angeles post, on Diamond No. 3, Manchester playground; Ingleside Indians, of Ingleside post, on Diamond No. 1, of Sunshine post, on Diamond No. 4, Manchester playground. Culver City Bears, of Community post, at William Wrigley Juniors, of Edw. T. Brown post, on Diamond No. 2, Harvard playground.

**GAUDY GLORIES FOR GANGSTER**

**Pomp and Lavishness Mark Racketeer's Funeral**

**Tons of Flowers Beautify Death Cortege**

**New York Police Shake-up Looms in Outbreak**

NEW YORK, July 5. (P)—A gangster, the victim of his own "racket," was buried today in regal style in his \$15,000 silver casket in Brooklyn while more than 100 police stood guard.

The funeral fulfilled the wish of Frankie Uale, known in the underworld as Frankie Yale, for a burial that would rival that in Chicago of Al Capone, slain beer and "racket" baron.

More than 200 automobiles were in the funeral cortege and there were twenty-five cars filled with floral tributes.

**THOUSANDS SEE BODY**

Uale was shot down in Brooklyn Sunday while driving on a residential street. Yesterday 10,000 persons viewed his body which lay in state in a funeral parlor.

Today the public was barred, and only his mother and a few members of his family were admitted.

While the funeral was in progress, police, facing a shake-up over a wave of gang shootings in the last three weeks, announced four well-known Chicago gunmen are being sought in connection with Uale's death. The four, according to police reports, came to New York directly from a conference in Miami, Fla., with "Scar-Face" Al Capone and disappeared shortly after the murder.

**ONE KILLING SOLVED**

The slaying of Edwin J. Jergs, racketeer, in crowded Herald Square Sunday, June 17, was announced as solved. Two "small-time cokes peddlers" killed Jergs, it was said at police headquarters, because the gangster had not only robbed them while posing as a Federal narcotic agent, but had openly boasted of the deed. The men are known, detectives said, but have not been arrested yet.

Harry Vesey was arraigned in Brooklyn today and held on charges of murder in connection with the death of James Sentora, alias Chickie Sentor, asserted beer runner. Sentora's body, with seven bullet wounds, was found Tuesday in a Brooklyn sandpit.

Sylvester Gracolo, fourth victim of the gang shootings, was near death today in a New York hospital. Gracolo, reputed owner of a "floating dice game," was shot yesterday while he sat in his automobile in the Bronx.

No arrests have been made in the fatal bombing of Benjamin Kowitz, rich and an asserted bootlegger.

**Right Sought to Abandon Line in New Mexico**

WASHINGTON, July 5. (P)—A petition to the Interstate Commerce Commission for authority to abandon thirty-one miles of line from Deming to Hermanos in New Mexico, was filed today by the El Paso and Southwestern Railroad.

The El Paso line, now a part of the Southern Pacific system, said that the Deming-Hermanos stretch was paralleled by other lines of the Southern Pacific system which could carry all the traffic available.

**RAILWAY CONDUCTORS CONFERENCE**

CHICAGO, July 5. (P)—Chairmen of the Railway Conductors' Association met today at a conference here to discuss the proposed annual convention. A. T. Wright, vice-president, said the proposed wages will not be raised at the convention.

Wages for improvement in conditions on the carriers' organization is being discussed.

**THE POPULAR BREAKERS HOTEL**

Large Sample Rooms. Garage in Basement.

**PASTOR, JAILED IN TABERNACLE ROW, SEEKS TO IMPRESS NATION**

DALLAS (Tex.), July 5. (P)—Asserting that he will remain until he thinks his protest has had its effect over the nation, Rev. Earl Anderson, pastor of the Fundamental Baptist Church, is in jail here tonight for contempt of court.

After Anderson had been found guilty of contempt today by District Judge Young he was fined \$100 and costs and ordered to jail "until he shall have purged himself of this contempt" by posting \$1000 bond that he will obey the temporary injunction against construction of a tabernacle in a local residence district.

Dr. J. Frank Norris, pastor of the Fundamental Baptist Church at Fort Worth, paid a visit to Anderson's cell today. "Thirty women in overalls are working at the tabernacle this afternoon and I dare the judge to put them in jail," Dr. Norris said. "I'll give him \$10,000 to put them in jail. The judge can go to where the fires don't stop burning."

Judge Young pronounced Anderson guilty of contempt because he "willfully and deliberately failed and refused to obey" a temporary injunction commanding him and others to cease work on the tabernacle granted after property owners had protested that the structure violates city building ordinances.

**STATE PIONEER DIES**

LODI, July 5. (P)—Herman D. Shinn, 77 years of age, California resident since 1822, died late last night of heart disease at his home near Woodbridge. His wife died April 11.

**Perjury Suspect in Special Plea**

SAN FRANCISCO, July 5. (P)—A special plea was entered in Federal Court here today by Sigvard Johnson, Coast Guard boatswain, to two charges of perjury returned against him by a grand jury after his testimony in the trial of the Coal Harbor crew for rum running. Johnson pleaded that he had already been convicted by a Coast Guard court-martial and had been placed in jeopardy. To stand trial would be unconstitutional, he asserted.

The United States District Attorney's office held that the Coast Guard convicted him of "scandalous conduct," while the specific charge against him in court is perjury.

**HIS LONG-DISTANCE COURTSHIP COSTS THREE OTHERS \$314.48**

OAKLAND, July 5. (P)—Benny Kapaukela, a Filipino, had a girl in Los Angeles, but the only thing he knew about her was her telephone number.

The mere fact that he never had met the girl did not deter Kapaukela from trying to get acquainted by long distance. So he began a series of wire conversations at other persons' expense.

C. J. Menamy, owner of a towing service here, employed Kapaukela for a week, and when the Filipino left he is asserted to have taken some tools with him.

Menamy also learned that Kapaukela had run up a telephone bill of \$206.33 calling a girl in Los Angeles he had never met. Miss C. Hollenbeck of Oakland, at whose home the youth had a room, found she was out \$82.80 in the same way. A garage where the Filipino had worked for a day lost \$25.35, bringing the long-distance toll charges to \$314.48 so far accounted for.

On Menamy's complaint accusing Kapaukela of stealing tools he was sentenced in Police Court to 150 days in jail, but the judge said there is no law by which he could hold Kapaukela for incurring the telephone bills.

**BOX FACTORY BURNS**

KING CITY, July 5. (P)—Fire of undetermined origin destroyed the Gonzales branch of the Mercantile box factory early today. Fanned by a high wind, the fire for a time threatened the entire city, but was brought under control at noon by volunteer firemen. The factory was filled with lettuce crates and fruit boxes. G. L. Sloan, manager of the factory, reports the loss at \$30,000.

**Merced Water District Wins**

MERCED, July 5. (P)—The \$183,000 damage suit of the Suto Heights Land Company, Lyon & Hoag and C. G. Murray against the Merced Irrigation District has been decided by Judge Murray of Madera in favor of the defendants. An injunction sought by the plaintiffs likewise was denied.

The plaintiffs who own approximately 2300 acres of land southwest of Livingston had sued the district asserting that their lands had become waterlogged through seepage from the canals of the district.

**FREIGHT PERMIT RENEWED**

PHOENIX, July 5. (P)—The permit of the Ray-Sonora-Winkelman freight line, canceled June 9, was reinstated by the Arizona Corporation Commission this morning.

Noble Directs Hunt for Missing Italia Crew

Damaged Propeller Delays Russian Rescue Ship

ROME, July 5. (AP)—An official communiqué from the Citta di Milano says that Swedish flyers today succeeded in dropping provisions, medical supplies and new batteries to the marooned members of the Italia's crew, who are camped on the ice near Foin Island.

Although still uncertain as to what happened to the six men aboard the gas bag of the Italia when it tore loose from the main gondola May 25, Gen. Umberto Nobile still has hopes they may be alive.

In a new official report telling of the deep mystery which surrounds the fate of these men, Gen. Nobile recommended that a search be made over twelve to fifteen miles from the point at which the gondola came down off Northeast Land.

## TURK CHIEF USES LATIN SCRIPT

Weird Characters Set Aside in Favor of Modern Sound Forms

CONSTANTINOPLE, July 5. (Exclusive)—President Kemal

employed Latin characters in a Turkish telegram sent yesterday from here to Angora

summoning Prime Minister Ismet Pasha to a conference.

This telegram, the first Turkish message in Latin characters, makes history.

A commission now is working over the adaptation, and newspapers are printing daily lessons in phonetics preparing their readers.

He felt that if the skeleton structure of the alphabet was not found at this distance it was highly probable that the bag had descended a few miles further on in safety and that the six men still might be found alive.

Although several of the party which had been spilled on the ice from the gondola saw a huge cloud of smoke toward the east, the direction of the bag, Nobile did not hear of this until days later.

He advanced two theories as to the cause of this cloud of smoke; one that the gas bag had caught fire and the other that the smoke was produced by benzine and oil reservoirs which had been dropped from the bag to keep it from descending too quickly.

PROPELLER OF ICE BREAKER DAMAGED

MOSCOW, July 5. (AP)—Pack ice damaged the propeller of the Russian ice breaker Krasin, engaged in an effort to rescue the Italia survivors marooned near Foin Island and the ship was halted today for repairs.

During the night the ship drifted nearly 300 feet with the ice which continues heavy and almost impenetrable.

The Krasin was reported today at latitude 80 deg. 50 minutes north and longitude 22 deg. 20 minutes east, about fifty miles from the floe upon which the survivors are slowly drifting to the westward.

Arizona Blaze Laid to Boys

PRESCOTT (Ariz.) July 5. (AP)—Cottonwood suffered a \$50,000 fire loss yesterday afternoon, the result, it is believed, of some boys' careless handling of fireworks. The fire, which began early in the afternoon, destroyed the Fugh Lumber Company's building and stock valued at \$35,000, then jumped across the street and consumed the Willard blacksmith shop, valued at \$5,000.

The breaking of the power lines serving Cottonwood handicapped the electric pumps serving the town's water supply.

Bulgaria Gets Payment Delay

SOFIA (Bulgaria) July 5. (AP)—The reparations commission has granted Bulgaria a six months' moratorium on the payment of \$500,000 gold francs in reparations which were due in April because the Bulgarian treasury was drained in restoring the regions recently devastated by earthquake.

At the same time the commission promised to give sympathetic consideration to Bulgaria's request for a reduction in the total sum of reparations due the Allied powers.

CAB'S COLLISION WITH DOG FATAL TO MAN

SAN FRANCISCO, July 5. (AP)—Collision of a taxicab with a dog early today proved fatal to William McDermott of San Francisco, a passenger in the cab. The machine upset after the collision. Martin Kelly, taxicab driver, was seriously injured. McDermott was dead on arrival at a hospital.

## N.E.A. SELECTS DR. U.W. LAMKIN

Missourian to be Installed as President Today

Indiana Member Chosen for Post of Treasurer

Mayo Gives Address at Final General Session

MINNEAPOLIS, July 5. (AP)—Dr. Uel W. Lamkin, president of Northwest Missouri State Teachers' College at Maryville, was elected president of the National Education Association without opposition today. He will be installed at the closing business session tomorrow.

Equal educational opportunity for every boy and girl in America is his ambition, Dr. Lamkin said. He has served as chief of the Federal Division of Rehabilitation, and director of the Federal Board for Vocational Education.

H. L. Smith, dean of the Indiana School of Education at Bloomington, also was elected without opposition as treasurer.

Standards and ideals of national professional organizations have an important bearing on citizenship, the association was told at its final general session tonight.

ARRAY OF SPEAKERS

The speakers were Dr. W. J. Mayo, Rochester, Minn., for the American Medical Association; H. C. Horack, Iowa City, Iowa, representing the American Bar Association, and Miss Mary McKimmon, Brookline, Mass., for the educators.

The idea of medicine is to eliminate need for a physician, said Dr. Mayo, of the Mayo Clinic, and its aim is to prevent disease and prolong life.

He said the physician is no longer an individual practitioner but has become dependent on fellow-practitioners for the special information they possess, in order to treat the patient correctly. He said this does not mean the general practitioner will disappear.

"To uphold the honor of the profession of the law," is the fundamental principle of the American Bar Association," said Mr. Horack, who is adviser for its section of legal education and admissions to the bar.

"BUTTON FUSHERS"

Prof. J. B. Nash, New York University, said Americans are becoming button pushers and lever pullers, who exercise only when they have to and who he awake nights devising new machinery to relieve them of work. Life habits of wholesome exercise are needed, he said.

Anna E. Richardson, field worker in child care and parental education, Washington, said statistics show that the "necessity" for education for homemaking and parenthood," declaring there now are 700,000 girls married before their sixteenth year.

A committee of 100, reporting on a study of teachers' tenure laws during the past year, said indefinite tenure backed by law can only be upheld by a vigorous stimulation of professional growth.

Judge Hudner of San Benito County Expires

HOLLISTER, July 5. (AP)—Judge John L. Hudner, 73 years of age, of San Benito county, died today following an operation at a local hospital. He returned from Los Angeles several weeks ago where he had been presiding in one of the courts.

Hudner was District Attorney of San Benito county from 1890 to 1900 and was appointed Superior Judge in 1914. He was a native of Massachusetts and came to California in 1889, settling in Hollister. He was graduated from Santa Clara College. He leaves his widow, Mollie Hudner, and two daughters.

Negro Porter Shoots Women

OMAHA, July 5. (AP)—Running wild with a gun in the basement of the Woolworth 5 and 10-cent store, Bill Lewis, 23 years of age, negro porter, today shot and wounded two women clerks and sent a bullet through the coat of Leland Buntin, assistant manager.

The wounded clerks are Nina "Babe" Dodson, 21, and Mrs. Julia Connor, wife of Walter Connor and mother of eight children. Both are expected to recover.

Lewis said the women "called my mother names."

COOLIDGE PARDONS MILITARY CONVICTS

SAN FRANCISCO, July 5. (AP)—William Tornello, soldier, sentenced to a term at Alcatraz Island military prison for forgery committed in the Philippines, and Frank Green, sentenced for forgery in Hawaii, were free men today, having received Presidential pardons on the Fourth of July. The pardons were granted on recommendation of the War Department because of good conduct during imprisonment.

EXTENSION SOUGHT OF SIERRA PROJECT

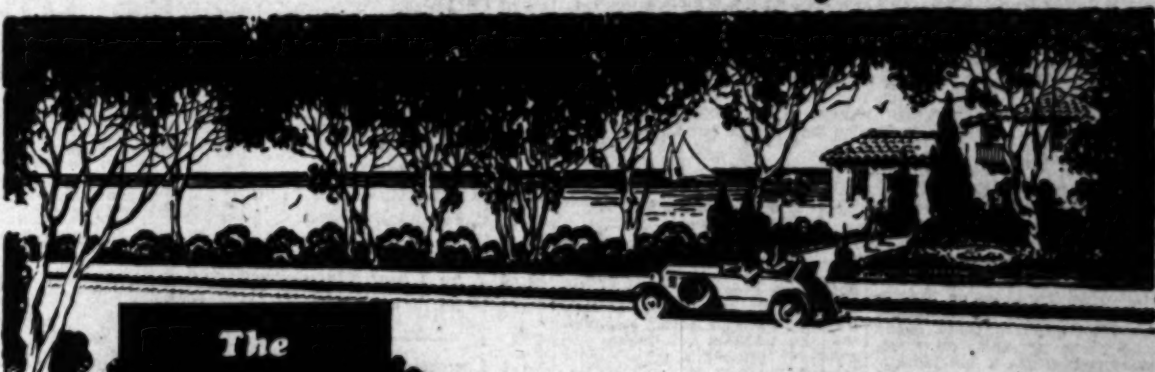

SACRAMENTO, July 5. (AP)—State approval for a \$1,500,000 extension in its Sierra power developments today was asked by the Pacific Gas and Electric Company when it filed an application with the State Division of Water Rights to divert 525 cubic feet of the flow of Bear River in Placer and Nevada counties. The extension would add 76,781 horsepower to the company's electric output.

MINER KILLED

MIAMI (Ariz.) July 5. (Exclusive) Roman Combes, a veteran employee of the Inspiration Copper Company, met death under the wheels of a train on which he was a helper. The accident was on a deep underground haulage level.

## PACIFIC PALISADES

Sanberg Sugiere que se Comprenda en el Pacífico los Barcos del Gobierno

WASHINGTON, Julio 6.—Samuel S. Sanberg, de Los Angeles, nuevo miembro del negociado de navegación de los Estados Unidos, ha declarado hoy que la propuesta venida de las líneas mercantes norteamericanas proporciona a las empresas de la costa del Pacífico una oportunidad directa norteamericana entre nuestros puertos del oeste y los de Inglaterra y el resto de Europa. Mediante dicho servicio podrían exportarse anualmente frutas cítricas y de otras clases por valor de \$100,000,000.

## NOTAS LOCALES

Se Investiga la Causa de la Muerte de un Pollicero

Han sido entregadas al químico del condado, señor Abernathy, para su análisis, las entrañas de Sidney Smith, actor de cine fallecido recientemente el miércoles en Hollywood, en circunstancias sospechosas. La autopsia del cadáver del actor fué practicada por el señor Wagner, cirujano del condado. Este profesional no ha presentado aún su dictamen, y no lo hará sino hasta que no sea conocido el resultado del análisis químico de que se ha hecho mención. Dicese, con todo, que no hay que dar importancia a la petición del doctor Wagner de que se practicara dicho análisis, pues es el procedimiento de costumbre en casos análogos.

## Reanuda la Policía sus Pesquisas

Para Escudriñar a una Maniaca Ayer ha reanudado la policía las pesquisas que tenía abandonadas, conducentes a dar con una peligrosa mujer, que tiene pasión por torturar a los niños. Tomó la fuerza pública esta decisión a raíz del resquebrajamiento de la niñita de dos años y medio, Angelina Manzi, criada de los brazos de su hermana mayor, y martirizada después a golpes. La policía tiene datos para suponer que la maniaca sigue ejercitando sus brutales instintos en inocentes criaturas.

## Harrison Fisher se Halla Aquí de Vacaciones

Harrison Fisher, artista e ilustrador, ha llegado aquí ayer, y permanecerá en esta ciudad indefinidamente en esta ciudad.

## Entrevistado en el Hotel Ambassador

Entrevistado en el Hotel Ambassador, manifestó lo siguiente: "Después de haber pasado dos meses en el hospital, y de haber trabajado mucho tiempo bajo los brutos celos del norte, se siente uno bien bajo el reconfortante sol de California."

## Viáticos Aéreo que Aterriza en Le Bourget

El BOURGET (Francia) Julio 6.—Hoy han llegado a Le Bourget John Henry Mears y su piloto, Charles G. D. Oliver, tras rápido vuelo desde Cherburgo, donde desembarcaron esta mañana. Venían a bordo del Olympia, en la primera etapa de su viaje alrededor del mundo.

## Estos dos viajeros, que tratan de sentar nuevo record para un viaje de esa clase, han salido esta noche para Berlín.

## El Gobierno Mexicano en Tráfico con Wright

EL PASO, Julio 6.—Ha firmado el Presidente Calles, de México, un contrato con la Compañía de Motores Wright para establecer fábricas en Monterrey y la Ciudad de México. Tal acuerdo, que se celebró hoy de la capital mexicana por "El Continental".

## Se Ha Incendiado la Plaza de Toros de Ciudad Juárez

JUAREZ (México) Julio 6.—La plaza de toros de Ciudad Juárez, que llevaba más de veintidós años de prestar servicios, quedó destruida anoche por las llamas. El edificio ocupaba una manzana entera. Se consumió rápidamente, no obstante los esfuerzos combinados de los bomberos de Juárez y de El Paso. La plaza incendiada, que era de emocionantes corridas de toros, en las que actuaron los ases del toro español y mejicano.

## LEE'S FERRY BRIDGE WORK UP TO DATE

PHOENIX, Julio 6. (P)—Construction of Lee's Ferry bridge is more than keeping pace with the time allotted contractors to finish the work, according to State highway engineers. At the present rate of construction, the bridge will be ready for traffic early in October.

## NEW TARIFF UNIFORM HITS BELGIAN SAND

A blow to importers of Belgian sand has been dealt by a new decision of Frank Dow, acting commissioner of customs at Washington. By the sand is classed as silica and therefore dutiable at the rate of \$4 a ton.

## Los Angeles has been an important importer of the Belgian sand, most of it going to Southern California glass factories and material amounts being used in local steel plants. More than 14,000 tons were shipped in last year.

## The new interpretation becomes effective the 21st inst., until which time shipments will continue to be received duty free. Possibly the last ships bringing such cargo before the ruling goes into effect are the Norwegian steamer Hesperus and the Norwegian motorship Hesperus, now in the outer harbor discharging several hundred tons for the Flood Line.

## Belgian sand has been coming in free of duty until domestic interests recently asked customs officials for reconsideration, contending that only sand used in concrete work, plaster walls and such is free.

## It is doubtful, however, even to be received duty free. The foreign product is brought as ship ballast at a rate of \$2.50 to \$3 a ton, and delivered from this port to local industries for \$1.50 a ton, total cost still being under the \$10-a-ton rail haul from Illinois.

## Certain salt from Lower California also is dutiable at a cent a pound, under a June decision of the United States Customs Court, first division. The case was an appeal by the American Salt Company, operating at San Pedro, from a ruling by the local collector. The court held import sodium chloride from hot springs for use as table salt, is dutiable as common salt, and not duty free as mineral salt. The company imports hundreds of tons every few months and has paid the levy under protest.

## W. J. Mahoney, treasurer of the American Hawaiian Steamship Company, and of the Oceanic and Oriental Navigation Company, arrived in San Francisco yesterday to inspect local facilities and the extension to the American Hawaiian terminal being built by the Harbor Department. He also will visit several ships now in process of construction over by the United States Shipping Board to the O. & O. line.

## San Y. Knight, Southern California manager of the McCormick Steamship Company, returned last night after a five months' tour of South American ports. He returned on the McCormick steamship West Carmona, which will start discharging 1000 tons of coffee, fertilizer and canned meat this morning.

## Reply from Mexico City is expected next week to proposals that Mexico reduce its export taxes temporarily on fish from \$39.60 to \$20.25. The reduction was suggested as an experiment by Col. Jose M. Tapia, head of the Mexican Fish and Game Commission for the northwestern part of Mexico. Col. Tapia will come from San Diego to confer with Manuel Balarezo, head of Mexican fisheries at San Pedro next week, and is expected to bring his government's reply at that time.

## County Tax Delinquency List Names 150,000 People

Indifference of public and lack of address facilities tilt reality casualty totals in Los Angeles County.

## Los Angeles Blessed With Great Playground

## TRADE OF LATIN STATES SOUGHT

Central America Held Field of Opportunity

Ship Line Chief Optimistic After Survey

Says Condition in Salvador Most Promising

Industrial and general economic development throughout Central America, now definitely under way in the various Spanish-speaking republics, offers exceptional trade-development possibilities for the Pacific Coast, according to Russell Grace, D'Oench, steamship executive of W. R. Grace & Co., who arrived here yesterday aboard the Panama Mail liner Venezuela after an extensive trade survey of Central America.

"Action of the Grace interests in adding the steamer Guatemala and El Salvador to the present three-ship fleet of the Panama Mail Line's intercoastal passenger service is proof that we are ready to back the industrial future of Central America to the limit," said Mr. D'Oench.

"During the several months that I was on survey from one end of Central America to the other, I found every country in varying stages of industrial reform. Salvador appears to lead in commercial and agricultural development, while the project of dredging the mouth of the San Pedro River and thus making the port of Baranquillo, Colombia, a deep-water terminal, is worthy of the engineering enterprise of any nation. Central America, with its greatly stimulated growth and production of coffee, bananas and sugar, is going to be a great market center and commercial interests of the Pacific Coast have the opportunity to get in on the ground floor."

Mr. D'Oench, a graduate of the University of California, is the founder of W. R. Grace & Co., is accompanied on his trade survey tour by his bride, following a great wedding ceremony at the Coast ports. He will return to New York across Canada.

Other passengers of note arriving from New York and Central America on the Venezuela included Miss Emma Lindsey Squier, San Diego novelist and explorer; Miss Edna K. Wooley, columnist on the Cleveland News; Miss Norma Greig, Los Angeles composer, and William O. Owens, professor of chemistry at the University of California, who is studying at the University of California.

The Venezuela brought in for local discharge 500 tons of Central American coffee, hardwood and East Coast fruit.

## NEW TARIFF UNIFORM HITS BELGIAN SAND

A blow to importers of Belgian sand has been dealt by a new decision of Frank Dow, acting commissioner of customs at Washington. By the sand is classed as silica and therefore dutiable at the rate of \$4 a ton.

Los Angeles has been an important importer of the Belgian sand, most of it going to Southern California glass factories and material amounts being used in local steel plants. More than 14,000 tons were shipped in last year.

The new interpretation becomes effective the 21st inst., until which time shipments will continue to be received duty free. Possibly the last ships bringing such cargo before the ruling goes into effect are the Norwegian steamer Hesperus and the Norwegian motorship Hesperus, now in the outer harbor discharging several hundred tons for the Flood Line.

Belgian sand has been coming in free of duty until domestic interests recently asked customs officials for reconsideration, contending that only sand used in concrete work, plaster walls and such is free.

It is doubtful, however, even to be received duty free. The foreign product is brought as ship ballast at a rate of \$2.50 to \$3 a ton, and delivered from this port to local industries for \$1.50 a ton, total cost still being under the \$10-a-ton rail haul from Illinois.

Certain salt from Lower California also is dutiable at a cent a pound, under a June decision of the United States Customs Court, first division. Whether the German national group of jurists will nominate Simons or Hughes, or both, is still unknown here. The situation is regarded as so important and delicate that League of Nations officials decline to discuss details and are making unusual efforts to keep secret the nomination for Judge Moore's position as they are made from time to time by the authorized jurists of various nations.

Each nation a member of the court or countries which figure in the annex of the Treaties of Versailles have the right to nominate two persons to succeed Judge Moore. Whether Japan will nominate a second person with Hughes is not decided. The Japanese spokesman informed the Associated Press correspondent today.

After confirming that Japan will nominate Hughes, provided he agrees to accept, the spokesman explained that Japan naturally would await the action of the American nominating group before depositing its nomination.

**FRIENDLY TO AMERICAN**  
According to one version, the judges of the court itself have agreed to recommend the nomination of Hughes by the national groups of their countries. These are Switzerland, Holland, France, Spain, Italy, Cuba, Great Britain, the United States, Denmark, Japan and Brazil.

The opinion prevails in German circles that the German jurists will not make a campaign in behalf of Judge Simons to succeed Judge Moore if they receive assurances that a German will be elected to an enlarged court within a year or two. The German attitude is described as friendly to an American candidacy.

Poland, like Germany, is said to be anxious to be represented on the court because of the large number of cases submitted affecting Polish-German relations, especially problems relating to Polish and German upper Silesia. To be elected a candidate must have an absolute majority of the League assembly and council, voting separately.

## FOURTH OF JULY FATAL TO 224

**Drownings and Auto Crashes Outrank Fireworks on Death List**

CHICAGO, July 5. (AP)—Celebration of Independence Day cost the lives of at least 224 men, women and children. That number was shown to have died from fireworks, automobile accidents, drownings, heat, lightning, airplane accidents and other causes, according to figures compiled today from belated reports of Fourth of July fatalities.

Fireworks, once the source of most Fourth of July deaths, took a dozen lives this year, but was outranked by drownings, which totaled more than 100 and by automobile fatalities, which numbered more than three score.

her world leadership in the communication field. On this point Mr. Stanton said:

"Great Britain, which, from practically the beginning of communications by electrical energy, has controlled the situation, plans to continue to do so. The recent announcement of combining private cable companies and government-owned radio communication companies, in my opinion, means that England will be powerful enough to keep the lead for some time."

**OTHERS INTERESTED**  
"Germany, France and Italy, during the past six months, have given very serious consideration to the communication problem. I visited all these countries and talked with the people managing communications. There is no question that the reason for the tremendous upset of Marconi's great beam system—not only what it has done up to date, but what experts know it can do in the future."

"Almost every month wireless communication circuits are being opened up between South America and North America, South America and Europe. Distance is no obstacle. As Senator Marconi has described, at one time of day the circuit between England and Australia is going around one-half of the earth and at another time it is going around the other half. Whichever side is the darkest is the impulse used for a path."

**RADIO ALSO CHEAPER**  
"Radio not only is a quicker means of communication, but also is cheaper. In long distance by cable sometimes three or four companies have to receive revenue. Other places the messages become so expensive that the cost per word is almost prohibitive, thus greatly reducing traffic between many points that otherwise would have a great deal of use for communication."

"A radio message from London to Australia costs no more than the cable from London to Paris. Nations are demanding the cheapest means of communication not only for official work, but for business uses. The world will use the cheapest facilities that will do the work. As a result, cable companies—and to expand they will have to make still larger investments—find themselves in a position where they must use radio facilities."

Mr. Stanton, after commenting on the modest beginnings of International Telephone and Telegraph about five years ago, says he believes it "is striking for world supremacy in communications."

## LARGER GENEVA COURT PLANNED

**Move to Increase Number of Judges Takes Shape**

**German's Name Proposed in Addition to Hughes**

**Situation Called Delicate; Voting Kept Secret**

GENEVA, July 5. (AP)—As both Germany and Poland are said to be desirous of having a judge on the bench of the permanent court of international justice, a movement seems to be taking shape at Geneva to increase the number of judges, simultaneously with the election of a successor to John Bassett Moore.

In addition to nominating Charles Evans Hughes to replace Judge Moore, it is understood that Sweden also has proposed Walter Simons, president of the Supreme Court of Germany, who served as temporary president of the German republic before the election of Von Hindenburg. He previously had acted as foreign minister.

**SITUATION IMPORTANT**  
Whether the German national group of jurists will nominate Simons or Hughes, or both, is still unknown here. The situation is regarded as so important and delicate that League of Nations officials decline to discuss details and are making unusual efforts to keep secret the nomination for Judge Moore's position as they are made from time to time by the authorized jurists of various nations.

Each nation a member of the court or countries which figure in the annex of the Treaties of Versailles have the right to nominate two persons to succeed Judge Moore. Whether Japan will nominate a second person with Hughes is not decided. The Japanese spokesman informed the Associated Press correspondent today.

After confirming that Japan will nominate Hughes, provided he agrees to accept, the spokesman explained that Japan naturally would await the action of the American nominating group before depositing its nomination.

## CORAL GABLES IN BANKRUPTCY

**Florida Land Company Long in Money Difficulties**

**Miami Suburb Largest of Boom Era Projects**

**City Now Incorporated With 12,000 Population**

MIAMI (Fla.) July 5. (AP)—Involuntary bankruptcy proceedings were filed in Federal Court here today against the Coral Gables Corporation by three creditors companies with claims aggregating more than \$4000. Appointment of a receiver was asked and a hearing was set for next Tuesday before Judge Jones in Jacksonville.

Coral Gables is the largest of the Florida "boom period" developments. The bankruptcy climaxes a long fight by corporation officials and numerous large creditors to reorganize the corporation and proceed without liquidation of its assets by a receiver.

The Coral Gables Corporation headed by George E. Merrell developed from a wilderness in less than eight years the townsite that is now the incorporated city of Coral Gables with a population of nearly 12,000. It is on the outskirts of Miami.

While no schedule of the assets or liabilities was filed in the action today a statement given out some months ago listed the liabilities of the corporation at nearly \$29,000,000.

Complainants in the action are Walton and Spencer Company, Chicago, Annin and Company, New York, and the Four Seas Company, Boston, Mass.

**Niece Fights Will of Judge Wilson**  
SAN FRANCISCO, July 5. (AP)—The estate of Judge Elliott M. Wilson, estimated at \$3,000,000, became involved in litigation today when Mrs. May Bell Stephens of Perry, O., filed suit in Superior Court here to break the will.

Mrs. Stephens, who received \$1000 under the will, asserted in her complaint that as a niece she is entitled to a one-sixth share, about \$500,000.

Wilson died at his home here last November. He was president of the Pacific Coast Steel Company.

## REGULAR OCEAN FLIGHTS NEXT

**New Zeppelin Pledged to Make Three Trips as Proof It's Easy**

BERLIN, July 5. (AP)—Dr. Hugo Eckener announced at the Independence Day dinner of the American Club that the new Zeppelin which he is building would make three trips back and forth across the Atlantic, starting in August. This would be done, he said, to demonstrate that "it doesn't take heroes, but just ordinary mortals to fly across the ocean safely." He suggested that the dirigible Los Angeles accompany the Zeppelin.

## RUMANIA TAKES WOMAN AS SPY

**Confession Reveals Soviet Activity in Kishinev**

**Prisoner Involves Others Later Apprehended**

**Admits Working for Moscow General Staff**

KISHINEV (Rumania) July 5. (AP)—A woman posing as a Russian monarchist was revealed as a Soviet spy in what police tonight said is a confession, from Mme. Kollantay. She was the landlady of Wacra, the Soviet agent who was sought after the murder of Ivan Jacobovitch, editor of a monarchist newspaper and himself a "double dealer."

Mme. Kollantay, aunt of Alexandra Kollantay, the Soviet woman diplomat, underwent a grueling questioning by the police for fourteen hours. Then she told them that she was a spy for the Moscow general staff.

The woman is said to have named a number of other Russian agents who posed here as monarchists and thereby won the respect of this community. Several of these people have been arrested and the police will try to obtain from them information which they believe will reveal Soviet military plans for the return of Bessarabia to Russian rule.

**COUNTRESS ASKS DIVORCE**  
LONDON, July 5. (AP)—The Daily Mail says the Countess of Northesk, formerly Jessica Browne, Ziegfeld Polaris beauty, has filed suit against the Earl of Northesk for divorce. The case will be heard in Pittsburgh.

## SIGNAL HILL OIL DEAL REPORTED

**Italo Company Buys Graham & Loftus Holdings**

**Cash, Stock Consideration Given as \$5,000,000**

**Concern Said to be Planning Further Expansion**

Announcement of the purchase of the Signal Hill properties of the Italo Petroleum Corporation by the Graham & Loftus Company for \$5,000,000, \$4,000,000 in cash and the balance in stock, was made yesterday by A. G. Wilkes, vice-president and general manager of the Italo. The deal involves the entire production of the Graham organization consisting of 700 barrels a day coming from six deep wells, one of which was completed a few days ago, and two yielding from the shallow zone. In addition, two wells are being drilled to the deep zone and there is ground available for eight additional wells. The gas flow exceeds 100,000 cubic feet a day. Engineers for the Italo Petroleum appraised the entire holdings at \$10,000,000. This transaction makes Italo Petroleum Corporation of America the third largest producer in the Signal Hill field.

Officials of the company are contemplating the purchase of a large refinery at Signal Hill to take care of the increasing production of the company in that area. It was reported in commenting on the refinery deal, E. Byron Seines, vice-president of the company, stated that it is the intention of the company to purchase a plant immediately with the possibility of building another one in the near future. Announcement was made that the company now has fifty-four retail stations in the Bay District, from Monterey to Bunkie, with one a day being added. The company plans to extend the chain of stations as far south as San Diego making a coast-wide system of retail distribution of Italo products. E. Byron Seines, vice-president of the Italo, left last night for San Francisco, accompanied by Robert McKee and Fred Gordon, both directors of the corporation. They will attend a directors' meeting to discuss other purchases pertaining to the present expansion program outlined by Italo officials.

## TAXICAB COMPANY AWARDED CONTRACTS

NEW YORK, July 5. (AP)—Chester Cab Manufacturing Company has closed contracts which insure 60 per cent capacity at its plants in Kalamazoo, Mich., and monthly earnings of 75 cents a share for the next three months. Jacques Mose, a director, reports. The company is expected to put its shares on a dividend basis later in the year.

## BANKERS TO ENTER BOND HOUSE FIELD

**Seaboard Stockholders Will Found Investment Security Unit**

Stockholders of the Seaboard National Bank are organizing the Seaboard National Securities Corporation, an investment company. George L. Browning, president of the bank, announced yesterday. The company will have a paid-up capital and surplus of \$2,000,000. Stock of the new company will consist of 40,000 shares of common and 40,000 shares of preferred, each having a par value of \$25 per share. The common stock will be paid in at \$27.50 a share and be taken up by the stockholders of the Seaboard National Bank. The preferred stock which is at the rate of 6 per cent, will be sold at par. The Seaboard National Securities Corporation will participate in the dividends of the bank and will be active in originating, underwriting and buying for its own account, local securities, it was stated.

An increase in capital of the bank was announced by Mr. Browning a few days ago. This increase, to \$10,000,000, will be made by the stockholders of the bank, which is expected to be completed in the near future.

## Capital Stock of Richfield May be Raised

Directors of Richfield Oil Company proposed at a meeting yesterday to increase the capital stock of the company from 2,000,000 to 5,000,000 shares and definitely established the rate of the common stock dividend at \$2 a share per annum in cash. James A. McNaughton, president, declared following the meeting. A special stockholders' meeting to consider the increase in capital was called for the 20th inst. The increase is in small part to provide for exchange of Richfield shares with Pan American Western B stockholders, which company was recently acquired, and to provide for further expansion. The last dividend of the company was at the annual rate of \$2 a share, but payable half in stock. The new regular quarterly dividend of 30 cents a share is payable August 15 to stockholders of record the 20th inst. Mr. McNaughton also stated that no stock dividend or offering of additional stock for public subscription is contemplated in the near future.

## Engineering Corporation Sales Gaining

Sales of the Southwestern Engineering Corporation for the first six months of the current year amounted to \$1,507,890, according to a report issued yesterday by J. M. Snyder, general manager of the company. This compares with \$1,298,200 reported for the corresponding period of the previous year, an increase of \$209,690, or approximately 16 per cent. Sales to date are at the rate of \$2,018,780, as compared with actual sales of \$2,087,554 last year. Sales for June amounted to \$180,900, as against \$148,800 in June, 1927, an increase of \$32,100, or 21 per cent. Sales for May totaled \$208,888. Among the company's June orders was one of the largest received this year, a repeat order for a complete 100-ton mill to be built for the Peru Mining Company of New Mexico. Cost of the new unit is estimated at \$60,000.

## OIL STOCKS TAKEN IN HAND

**Union and Richfield Propelled Forward on Crest of Speculative Hopes; Pan "B" Weaker**

By EARLE E. CROWE  
For the moment, speculative possibilities dominate the market action of the Pacific Coast oil shares. There is nothing in the economic position of the industry to warrant any lavish display of enthusiasm, yet there are a number of hopes, real or fancied, that encourage buying operations in stocks like Union and Richfield, and apparently outweigh the other considerations.

Union, for illustration, was taken in hand yesterday and lifted to a high of 5 1/2 on the Los Angeles Stock Exchange. The rise here was a continuation of the movement started earlier in the day on the New York Stock Exchange, but as soon as the news of the increase in brokers' loans was flashed, the stock sold off sharply to 5 1/8 at the close.

**STORIES REHASHED**  
The action of the stock carries all the earmarks of pool operation. For the last several days the quotations have moved forward, increasing by a rebash of the well seasoned rumors usually advanced in connection with Union. Perhaps the source of the speculation is the fact that a group of speculators periodically interests itself in Union, although without any conspicuous record of success.  
This time the Atlantic Refining story is revised slightly to bring the Fisher Brothers of Detroit into the picture. The story is that the Fishers are seeking to purchase control of Atlantic Refining, split the stock up, and offer an exchange for Union that would place a value on the stock of \$70 a share.  
Another yarn introduces Richfield Oil into the picture. It is intimated that the energetic Richfield management would not avoid an opportunity to talk things over with the Union interests with the idea of Richfield management directing the operations of the combined companies.

**CONVERSION EXPECTED**  
By itself, Richfield is linked with a number of rumored internal developments. The speculators look for the early conversion of the recent issue of notes, which are convertible into Richfield common at \$25.50 a share. They also expect a higher dividend rate, and rights to buy additional stock. For the present, at least, these hopes were punctured yesterday when the directors declared the regular quarterly cash dividend at the rate of 10 cents a share, with no stock dividend. That stock rights or a stock dividend are not contemplated at this time.

Perhaps the liveliest question on the street is what Richfield will offer the minority stockholders in Pan American Western B stock. The details of the pending offer have been strictly guarded, and only the vaguest kind of guesses are in circulation. These guesses range all the way from a two for one exchange, to five for two, and three for one. There is also some talk of an extra cash dividend.

In reflection of this uncertainty, Pan Western B sold down yesterday from 21 on the Los Angeles exchange to 18 1/2, with no bids listed.

## Local Live-Stock Receipts Show Higher in June

Receipts and sales of live stock at the Los Angeles Union Stock Yards for June showed a substantial increase in volume compared with the corresponding period last year, according to J. McNaughton, vice-president and general manager, in a report issued yesterday. There was a slight decline in cattle receipts, but an increase was noted in the calf, hog and sheep divisions.

Of paramount interest during the month was the large offerings of calves from near-by ranches, which for the period amounted to 2417 calves, as against 1103 hogs and 276 sheep, the equivalent of 146 calves.  
Prices levels in all departments were throughout the month with substantial increases in hog values over the previous month with a tendency toward still higher price levels. A carload of grain-finished California barrows was sold last week, bringing a premium over the top of any hog sale during the week. Hog receipts for the month showed an increase of 8000 over the same period last year and indicate the centering of the hog supply at the open market, Mr. McNaughton said.

## MAIL ORDER HOUSE MAY INCREASE RATE

NEW YORK, July 5.—Much importance is being attached to directors' meeting of Sears-Roebuck scheduled to be held early next month. Chicago-based concerns are to the effect that a higher dividend rate will be ordered probably by adding a stock distribution. All sorts of major developments have been rumored from time to time to account for the strength in Sears-Roebuck. One of these even intimated the company with Montgomery Ward. Results from the company's various activities have been highly satisfactory since the start of the year.

## PURCHASE OF PHONE STOCK APPROVED

SAN FRANCISCO, July 5.—The Pacific Telephone and Telegraph Company has been authorized by the Radio City Trust to purchase \$42,217 par value of outstanding common stock of Corona Home Telephone and Telegraph Company. On February 28 the company had 800 stations in service, 652 of which were residents and 288 business. In 1927 the company earned \$4492 net assets totaled \$132,482, surplus, \$11,886.

## EXCHANGE TO MOVE

SAN FRANCISCO, July 5.—The San Francisco Stock Exchange will remain closed Saturday, the 7th inst., to facilitate the removal of temporary quarters at 300 Montgomery street.

## DEPOSITS JUMP IN STATE BANKS

**Increase of \$3,955,015 Made Over February Call**

**Total for All Institutions at New High Level**

**Local National Group Gain Given as \$23,497,396**

Combined deposits of all State and national banks of Los Angeles struck a new high mark for all time, according to the returns received yesterday in response to a call of the Comptroller of Currency and the State Superintendent of Banks. The State call for condition came Tuesday following the national call Tuesday.

Combined deposits of all banks in the city as of June 30, last, aggregated \$1,241,222,222 as compared with the last call four months ago, or February 28, of \$1,217,721,222, an increase of \$23,497,396, or nearly 2 per cent. This is also a gain of \$64,588,177.34, or 5 1/4 per cent ahead of the call of June 30, 1927.

Total deposits of all State banks in the city marked a high figure at \$329,050,651.52. This compares with \$328,054,653.64 on February 28, last, which does not include deposits of the Citizens' Trust and Savings Bank, which, since that time, has become merged with the Citizens National. The increase over the February call is \$955,015.88, or 1 per cent.

Total deposits of all State banks in the city as of June 30, last, aggregated \$361,982,315.94, exclusive of the Pacific Southwest Trust and Savings Bank, which has since been nationalized. This last call for deposits of \$361,982,315.94, or approximately 8 1/2 per cent above that of June 30, 1927.

New bank deposits which were published on Wednesday, were made complete yesterday with the returns of the Bank of Italy, southern branch, which reported an increase of \$20,071,335.55, or approximately 3 per cent over the February 28, last.

Deposits of the sixteen State banks of Los Angeles as of June 30, last, were as follows:  
Security Trust & Savings, \$252,918,935.92  
Bank of Italy, \$20,071,335.55  
Bank of America, \$18,000,000.00  
Bank of California, \$15,000,000.00  
Bank of Commerce, \$12,000,000.00  
Bank of the Pacific, \$10,000,000.00  
Bank of the West, \$8,000,000.00  
Bank of the South, \$6,000,000.00  
Bank of the North, \$4,000,000.00  
Bank of the East, \$2,000,000.00

## Phillips Sells Gas Interests at High Figure

HOUSTON (Tex.) July 5. (AP)—Purchase of all the E. L. Phillips natural gas interests in the Southwest by Moody-Seagraves of Houston and Gajeston for approximately \$21,000,000 was announced today by W. L. Moody, III, head of the Moody-Seagraves group.

In the merger, Moody and Odie R. Seagraves obtained all the common stock of the Southwestern companies formerly owned by Phillips, whose headquarters are in New York.

The companies control of which was acquired by Moody-Seagraves, include Houston Gas and Fuel Company, Houston Gulf Gas Company, Southern Gas Company, Southern Gas Utilization Company, Western Gas and Fuel Company. Seagraves, by the merger, was made president of these concerns.

Moody-Seagraves interests already owned the Dixie Gulf Gas and Dixie Gas and Fuel Companies, of which Moody will be president. Moody also will be vice-president of the group headed by Seagraves.

## Capital Issue of Bank Listed

Capital stock of the United States National Bank of Los Angeles has been admitted to trading on the Los Angeles Curb Exchange, according to an announcement made yesterday by the board of governors.

There are 10,000 shares of \$100 par value stock authorized, all of which is outstanding, according to officials of the bank.

United States National Bank stock was listed on the Los Angeles Stock Exchange for a number of years, but was removed from trading October, 1927, because the shares were closely held and were seldom traded in. Over-the-counter quotations on these securities place the present market value at approximately \$200.

## Pathe Plans to Cut Stock Par

NEW YORK, July 5. (AP)—Stockholders of Pathe Exchange, Inc., have been called to a special meeting on the 23rd inst., to authorize reduction in the stated value of its Class A preference stock and common stock on the balance sheet to \$1 a share. The stock has been called at a stated value of \$3.742,335.

A special reserve of \$3,000,000, recommended in the annual report, has been set up against advances to outside producers, inventories and other contingencies. It was considered advisable to reduce the stated value of the capital stock, it was said, to avoid showing a deficit on the balance sheet.

## MONEY MARKET SENSITIVE

**Recent Ease in Call Rate Held to Hold Little Promise for Remainder of Year**

By PAUL WILLARD GARRETT  
(Copyright, 1928, by New York Evening Post, Inc.)

NEW YORK, July 5.—Money's spectacular reversal just before the Fourth of July stirred fresh hope of ease in the financial district after the holiday adjustments.

Not in many years has the call rate been so sensitive to changes in the supply of funds as it is now. In preparing the way for a more effective control over money conditions the Federal Reserve System finally has the money mechanism so nicely balanced that a relatively small pressure over the month-end period was all it took to turn rates sharply up or down. Just as on Monday money renewed at 7 1/2 per cent and then went in successive steps to 8, 9 and 10 per cent, it fell rapidly Tuesday, after renewing at 8 per cent it moved down to 7 1/2 and 5 per cent.

If Wall Street gets the impression from this performance that downward easy money is promised for the remainder of the year it is likely to meet with disappointment. In the same sense that the rapid rise of Monday was artificial, the spectacular drop on Tuesday must be set down as a special development. Neither movement was normal.

What happened doubtless was that at the beginning of the week various corporations called in funds on demand to make their dividend payments. Funds thus called back from the market were placed on deposit at member banks, raising the reserve requirements of the Federal Reserve Bank. Members were thus forced by these increased deposits to restore their reserve positions through additional borrowing at the regional institutions. With discounts already over the billion-dollar mark it took no very substantial increase in discounts to tighten money. It does not seem likely that this stage of the money market is peculiarly sensitive to any further increase in discounts.

While the flurry of 10 per cent money attracted funds to New York, and in the quiet market of Tuesday created a temporary excess, the supply over the demand, no fundamental change has taken place. The normal influence of the money market for the remainder of the week will be toward ease but there is no basis for the expectation that a season of easy money is again in sight.

Whatever may be the temporary influences for tightness or ease the general trend in call rates corresponds closely with that in discounts. Unless and until the volume of member bank borrowings falls substantially below a billion dollars it is difficult to see how any great change can come in money. In the last analysis it will take either a reversal in gold movement or in reserve bank policy to cut down the volume of discounts. Either or both of these changes may come before the year is out—but neither has come yet.

## INCREASE IN STEEL ORDERS FORECAST

NEW YORK, July 5. (AP)—Instead of an expected decrease in unfilled orders of the United States Steel Corporation as of June 30, it is considered likely an increase will be reported next Tuesday. Orders received in June are said to have exceeded the same period of the previous year. An increase for June would follow decreases of \$2,563 tons in March, \$45,073 tons in April and \$45,211 tons in May, a drop of \$61,267 tons for the three months. Possible heavy adjustments at the end of the month, however, might speed the favorable forecast.

## WESTERN PACIFIC REPORTS NET LOSS

NEW YORK, July 5. (AP)—Net loss of \$201,185 for May, after taxes and charges, is reported by the Western Pacific Railroad, against net loss of \$121,282 in May, 1927, increasing its net loss for five months this year to \$799,324 from \$449,239 in the corresponding period of last year.

## APPOINTED SECRETARY

M. O. Lyons, formerly associated with the Citizens' Trust and Savings Bank and more recently identified with building loan circles in San Diego, has been appointed secretary of the North American Building-Loan Association, it was announced yesterday.

## TODAY'S SPECULATION

**favorable**

**to**

**BOND INVESTORS**

**THE recent speculative tendency of the public has caused high money rates. Millions have been diverted to the money market. The average price of bonds has been lowered several points. Indications are that the present situation is only temporary and will adjust itself. Many factors point to a long time upward trend in bond prices. Today these prices are comparatively low. Wise investors are grasping this opportunity.**

Favorable Trade News  
Contributing Factor  
Total Turnover at Sale  
Shows Marked Gain  
Heavy Profit-taking  
Upturn at Closing

NEW YORK, July 5. Prices made further recovery under the stimulus of continued news of favorable trade and a wave of profit-taking on the part of the last few days. The market closed a long list of new gains from fractions to 5 points. Standard rails and industrials from 1/2 to 1 1/2 points in a series of speculations. Nearly a score of new high prices were scored to new high prices or longer.

Trading had slowed considerably in the week, but a marked expansion in volume of sales aggregating shares.

The announcement of financing by the Treasury for 5 per cent bonds which was construed as an indication of money later in the year, had a pronounced bullish effect on the market. Call money renewed at 6 per cent, 5% and thence to 5 per cent, indicating that the strain of settlements had passed.

No change was made today in the 4 1/2 per cent reduction rate for New York Federal Reserve Bank of which met after the close. The weekly statement showed an increase in the Treasury's cash balance of \$1,071,000, bringing the total to \$1,327,000 of July 7, 1928.

Wall street also was in a state of buoyancy. The statement of United States Corporation, due Tuesday, show an increase in undivided profits of \$1,000,000. The White and Studebaker companies disclosed record June sales and further improvement was reported in copper and steel.

**AIRPLANE BOOM**  
Wright Aeronautical Co. announced individual sales of 16% points to 100%. The company's sales for the first six months of the year were reported in copper and steel.

General Motors was up 1/2 point to 100%, but lost half its gain. Montgomery Ward was up 1/2 point to 100%. The company's sales for the first six months of the year were reported in copper and steel.

There were few soft spots.

**WALL STREET PARAGRAPHS**  
(Copyright, 1928, New York Evening Post, Inc.)  
NEW YORK, July 5.—Decision of the Treasury Department to offer a new issue of long term 3-4 per cent bonds came as a complete surprise to the financial community, which had concluded that no further government financing would be undertaken before September. Offerings of the new issue of fifteen-year bonds callable after twelve years, naturally stimulated a demand for outstanding long-term government issues carrying the higher coupon rates. Buying in that group was naturally influenced in part by the tendency to regard the Treasury's action, as setting forth the view of officials that easier money is ahead.

**Lowenstein and Markets**  
Disappearance of Capt. Lowenstein, Belgian financier and reputedly Europe's wealthiest individual, played havoc for a time with the security markets at London, Paris and Brussels. Stocks of companies with which he was identified broke badly following the appearance of reassuring statements from London bankers affiliated with him in his various undertakings. For the reason that he was reputedly a heavy buyer of public utility stocks during his recent visits here, domestic utility shares were closely watched, but the day proved an uneventful one in that direction.

**Reversing Steel Gains**  
Only last week the street had about reconciled itself to the belief that the monthly tonnage statement of the steel corporation due next Tuesday would show another decrease for June. But today there was a well defined change of view in ordinarily reliable quarters. Opinion now is that an increase will probably be shown in forward bookings at the close of last month for the reason that new orders come in hand in volume much larger than expected while mill operations slackened perceptibly.

**Shells Driven In**  
Experienced observers were satisfied from the action of the market that much of the strength in the run of stocks most prominent in the day's rise reflected an orderly but nevertheless hasty retreat of shorts who found they had erred in their judgment of the money market.

**THE INVESTOR**  
Operations of Investment Trust Discussed by Head of Second International  
BY WILLIAM RUSSELL WHITE  
(Copyright, 1928, by New York Evening Post, Inc.)  
NEW YORK, July 5.—Much loose thinking on the subject of investment trust companies in this country has been encouraged by the indiscriminate use of such ill-defined terms as "trading" and "speculation" with reference to the investment policies, declares Leland Rex Robinson, president of the Second International Securities Corporation and a well-known authority on investment trusts.

If by "trading" or "speculating" is meant the acquisition of blocks of securities without due regard to underlying investment values and solely because it is anticipated that they may shortly be sold at a profit, it is quite obvious that the terms in question apply to operations which should be wholly avoided by any public investment trust, he says.

If, on the other hand, the terms "trading" and "speculation" are applied to any investment trust which actively supervises its holdings with the object of avoiding losses, taking profits at the right time and making reinvestments when circumstances are favorable, it may be said that almost every established and successful investment trust in the last half-century has engaged in trading and speculation.

There is a very real sense in which the most conservative investment trusts, by purchasing their securities at low prices in view of their underlying investment value, make in the long run the most substantial profits. Innumerable

At the present time, we believe carefully selected South American bonds offer one of the most attractive investment channels open to the American investor, and should be included in every investment list.

These bonds are backed by sound security and yield a decidedly liberal return. Despite their marked appreciation in value during the last few years, they are still selling out-of-line with American securities of similar strength and offer an opportunity for further enhancement in value.

If you will phone VAndike 2201, write, or call in person, we will gladly furnish you a complete list of attractive South American securities, together with the July issue of "Coupon Clippings." This interesting monthly booklet contains much of interest to investors and the principal article of this issue is devoted to a discussion of Colombia, S. A., and its tremendous natural resources.

An inquiry involves no obligation.

**ESTABLISHED 1889 STATE SUPERVISED****Statement of Condition**

as of June 30, 1928

Only 4 More Days

This statement is submitted for the critical analysis of those who recognize the importance of Strength and Conservatism.

Of special significance are the Furniture and Fixtures and Real Estate accounts which are carried on the books at \$1 each.

We have no Re-discounts or Bills Payable.

To maintain proper liquidity it is the Company's policy to keep an adequate cash reserve. In line with this, cash on hand and in banks, and United States bonds and other legal investments total over 1100 thousand dollars.

A further illustration of stability is the Surplus and Undivided Profits account, which is over 150% of the guaranteed capital stock.

That this outstanding conservatism is appreciated is shown by the Company's continued growth in resources, which in June, without the acquisition of additional Building and Loan Associations, increased over 600 thousand dollars.

A statement is issued each month through all offices. It is for the information of cautious and discriminating savers who demand unquestioned safety.

our 40th year

Resources Over 18 Million Dollars

To July Investors—

**Look at Investments as So Much Merchandise**

If every investor will look at his investments as he looks at the merchandise he buys, his problem will be much simpler. In selecting goods of any kind, he naturally, first of all, selects a reliable and experienced dealer. Let him buy bonds the same way.

For many years past, investors have turned to S. W. STRAUS &amp; CO. for sound and reliable first mortgage real estate bonds.

Now our service is much broader—our offerings include high grade railroad, utility, municipal, and foreign bonds, yielding from about 4 to 7%. Each bond is among the best in its class. All have been selected with the same care.

We suggest that you examine our current offerings, with a view to selecting just the bonds to fit your own needs. Write us, outlining your requirements and ask for

From July 1st

If Invested in Our Paid Up Guaranteed Certificates Before July 11th

These certificates are guaranteed by the Association, and are secured by first mortgage loans on homes.

Interest checks mailed monthly, quarterly, or semiannually if desired.

Convenient withdrawal arrangements make your funds available when needed.

All investments governed by law, and are safeguarded by State Supervision.

These Certificates are Tax Free in California.

They are legal investments for Banks, Trust Funds, and Insurance Companies, all of which are among our certificate holders.

They provide that no reduction in interest can be made for two years.

Pass Book Certificates provide for saving odd amounts with convenient withdrawals.

Investments can be easily handled by mail.

Come in or phone for further information.

# Injunction May be Sought to Halt Gambling Ship Activities

## COUNTY PLANS LEGAL BATTLE

Soliciting for Sea Gaming Faces Bitter Fight

Long Beach Continues to Hold Whiphand

Second Barge May be Used for Dodging Law

An injunction ordered drawn by County Counsel Mattoon yesterday to restrain operation of the gambling ship, *Johanna Smith*, fourteen miles off Long Beach, probably will be presented in Superior Court today, according to S. V. O. Prichard, who was assigned to the case by the county counsel.

According to Prichard, the injunction will be sought on grounds that even though the ship is not operating within the jurisdiction of the county, it nevertheless constitutes a nuisance inasmuch as virtually its clientele is solicited in the beach cities and along the piers within Los Angeles county proper.

**POLICE HOLD WHIP**  
The case is considered to be one without precedent in California courts and is expected to develop a heated legal battle when submitted to the court for decision.

For the time being at least, Long Beach police are holding the whip hand in that city's battle to discourage the operation of the boat. With eight men under arrest on charges of violating Section 318 of the State Penal Code, which forbids soliciting for a gambling resort or house of ill fame, operators of the gambling ship declared they will make no further attempt to haul customers to the ship from any place in Long Beach, until an injunction can be obtained that will restrain police from further activities against the speculators and in carrying patrons of the ship.

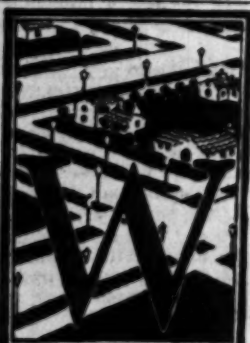

**ANOTHER WAY AROUND**  
Eight boatmen and assorted solicitors, after being released on bond Wednesday, are preparing to make plans of not guilty and to demand jury trials when their cases are called in Long Beach Municipal Court.

Tentative plans for the installation of a second barge off Long Beach, designed to offer only dancing and a cafe to the patrons, were being worked out yesterday by the gambling ship interests, it is said. Such a plan also is being considered for Venice. Under the new plan patrons would be solicited ashore for the pleasure barge, where they could dance or eat. Solicitation of customers for the gambling barge, which would be anchored further to sea, would be made aboard the first barge, thus enabling the operators to get around the California law prohibiting the soliciting of business for a gambling place within the jurisdiction of the state.

## HEARING IN STOCK SALE CASE DELAYED

Preliminary hearing of Joseph W. Garrity and Larimore Longnecker on charges of selling mining stock without a permit was continued until the 11th inst. by Municipal Judge Stafford yesterday. The continuance was granted at the request of the District Attorney's office, which said a grand-jury indictment will be asked against the men.

**OIL OFFICIALS GO NORTH**  
E. Byron Sims, vice-president of the Hale Petroleum Corporation, left for San Francisco last evening accompanied by Robert McKee and Fred Gordon, directors. They are to attend a meeting to close deals pertaining to the expansion campaign of Idaho.

When you subdivide, protect all individuals concerned through a subdivision trust

It is the safe, time-saving, worry-proof way. Why burden yourself with a thousand details? Why not conserve your time for the important work of selling? May we explain to you our successful method of handling subdivision trusts?

## Broadway Playboy "Wisecracks" at Hoover

Left to Right—John Mellin, Mayor Walker and Harry G. Hoffman

## All Ready for Welcome to Air Tourists

Details of the reception and entertainment program for the fourth annual National Air Tour when it arrives next Thursday for a three days' stay were practically complete yesterday. Scheduled to arrive at Mines Field at 2 p. m., the hundred or more planes will be met by a reception committee of which Mayor Croyer is honorary chairman. The Ambassador will be headquarters of the visitors.

Members of the reception committee are: Mayor Croyer, President of the Board of the City Council, Harry G. Hoffman, Mayor of Los Angeles, and a host of other officials. The program includes a luncheon at the Ambassador, a tour of the city, and a reception at the airport.

## HARP ON COINS

The ancient Irish harp will replace the profile of the king on the new coins of the Irish Free State. The principal features of the industrial and sporting life of the country and its cultural development are represented. But St. Patrick, the national apostle, has not been remembered in designing the new coins of the realm. A horse, a bull and a hen with a brood represent agriculture. A salmon and woodcock represent sport. A round tower and a wolfhound symbolize the ancient dignity of Ireland. New currency notes and coins will not be in circulation for a few months yet.

New South Wales has a plan for harnessing the Clarence River for electrical power purposes and at the same time controlling the stream against floods.

## DEMOCRATS HEAR ALIBI BY WALKER

New York Mayor Rambles to Club Luncheon Late, Keeping Up Reputation

Mayor "Jimmy" Walker of New York actually did attend the Democratic Luncheon Club affair at the Alexandria yesterday, but succeeded in maintaining his reputation of always keeping people waiting. Some lacerated hearts are bleeding in Los Angeles today because their owners gave him up when 1:15 o'clock came around and wandered away. Nevertheless, an enthusiastic aggregation of Democrats remained and cheered the rambling executive when he spoke.

He started in by giving an alibi for his tardiness, declaring it was due to the congestion of the traffic. The Broadway playboy devoted much of his address to sounding the praises of the Abraham Lincoln of Oliver street, Gov. Smith. However, Walker found opportunity to deliver several "wisecracks" aimed at Secretary Hoover. He inserted some propaganda to the point that New York City really loves the people of the United States and just does to have them come on a visit. While availing his floor oratory was untrammelled, and the prophecy freely was made that California will go Democratic in November, John Mellin, vice-president, presided.

## ENGINEER OFFICERS NAMED

Officers of the subordinate association California No. 2 of the National Association of Power Engineers were elected at the last meeting of the organization as follows: J. P. Buller, past president; T. J. Royer, president; Ernest Dixon, recording secretary; George Day, financial secretary; Fred J. Fischer, treasurer; George Buell, conductor; E. V. O'Dea, doorkeeper, and Thomas Simpson, W. D. Campbell and L. B. Brown, trustees.

## NEW OIL WELL UPSETS DOPISTS

(Continued from First Page)

drilled deeper. The company plans to start another well on the property within a few days.

Offering to the reluctance of the big companies to take leases farther down the structure, below the Foster property, considerable land down there has been going begging, but lately a group of Ventura business men operating as the Ventura-Oil Field Company, picked up several small tracts. If the territory proves to be productive there will be considerable land available for development in tracts of five, ten and twenty acres, it is said.

## Lawyer Sued for Conviction

Stint S. Millard, ex-convict promoter, who entertained Queen Marie in Seattle with \$120 in his pocket, yesterday filed a \$500,000 damage suit against Wallace W. Davis, local attorney, asserting that the lawyer misrepresented him in a criminal case recently.

As result of the asserted misrepresentation Millard says he was convicted and sentenced to prison, although innocent of the charge. The promoter acted as his own attorney in filing the damage action.

Since his parole from San Quentin prison Millard has been identified as an "entertainer" of royalty and a promoter of certain motion picture exhibits. He also was named "the man in the case" a few months ago when a girl, who had Millard's picture tattooed on her arm, attempted suicide because of unrequited love.

## JAPANESE SEIZED IN GAMBLING RAID

The Japanese flower game was running in full bloom at several tables at 952 San Julian street yesterday noon when Detective Lieutenants Jordan and Martin sauntered in to see what was going on. They arrested eleven Japanese, all of whom were holding cards, and took them to Georgia-street police station, where each deposited the perfunctory \$10 bail charged in minor gambling cases and departed. Tuesday officers from the Georgia-street detail had visited the same place and arrested fourteen Japanese on a card gambling charge.

## HARBOR PROBLEMS TO BE MEETING TOPIC

Problems relating to the Los Angeles Harbor, especially as regards transportation questions, will be under discussion at a luncheon meeting of the Federation of State Societies Monday in the Garden Club, in the Broadway Department Store.

**ASSESSMENTS UPHOLD**  
Assessments to pay for the completed improvement of Barrington avenue from Louisiana avenue and Exposition Boulevard were confirmed by the City Council yesterday.

## USHER COMMITTEE TO MEET

Plans to be Mapped for World Sunday-school Convention Here Next Week

The vice-chairmen of the committee on ushering for the World Sunday-school convention at the Shrine Auditorium the 11th to the 18th inst. will be entertained at a dinner by Mark Pierce, chairman, tonight, in the gold room of the Commercial Club at 6:30 o'clock.

After the dinner the party will adjourn to the Shrine Auditorium to map out a concerted plan of handling the 7000 delegates from all over the world who will assemble here. There will be more than 200 ushers used at the Hollywood Bowl services the 15th inst., which is open to the public. This is the only session that will be open to the public.

The committee on ushering consists, besides Pierce, Guy C. Barnes, W. E. Baker, George E. Abbott, W. N. Dill, C. M. Oak, J. Charleville, J. D. Brubaker, C. H. Hamilton, A. L. Meyer, O. O. Purcell, Charles Payram, Rev. F. W. Emerson, vice-chairman, and Rev. Byron Hovey, chief of pages.

Many delegations to the convention now are en route. It was announced last night. The first to

## ACTOR'S DEATH CAUSE HIDDEN

County Chemist Will Make Investigation

Autopsy Surgeon Not Ready With Report

Police Cling to Theory of Poison Liquor

The vital organs of Sidney Smith, film comedian who died suddenly Wednesday in Hollywood under unusual circumstances yesterday were turned over to County Chemist Abernathy for analysis following an autopsy performed by County Surgeon Wagner.

No report was turned in by Wagner, and none is expected until the result of the chemical analysis is obtained, attaches of the coroner said. They declare that no particular significance can be placed on Dr. Wagner's request for the analysis as it is the usual procedure in such cases.

Pending the autopsy surgeon's report, the Hollywood police marked time on the case, convinced that Smith died as the result of too much bad liquor. The actor appeared at a restaurant on Sunset Boulevard early Wednesday morning complaining of pains in his stomach, which later grew acute and he died a few hours later despite the efforts of a doctor and a pulmonologist.

## FINGER USED AS GUN GETS CAFE'S CASH

Two Boys Run Bluff on Manager, But Both Land in Hands of Police

Seizure of \$83 in cash from the till of the Marigold Cafe at 327 West Sixth street yesterday got Frank Avery and James J. White, each 17 years of age, in jail on a charge of suspicion of robbery.

The two hunched in the cafe and on the way out Avery jabbed a finger into the ribs of W. Chan, the manager, in a manner that caused the latter to believe that a gun was pointed at him. White seized the money and both fled, hotly pursued by three Chinese waitresses, Misses Lucille Schoob, Marie Wong and Irene Hsu.

The pursuit was joined at Sixth and Hill streets by Traffic Officer Maxwell as the pair fled down Hill. At Seventh street Avery ran into the arms of Traffic Officer Sommers.

White later was arrested by Detective Lieutenants Seager and Pruitt at the home of his mother, Mrs. Catherine White, at 811 South Union street, where both boys live. Police Officer White, in the presence of his mother, confessed to the robbery. They were booked at Central station and turned over to Juvenile Hall authorities.

## DO COMETS YELL ABOUT MERE WORMS?

Those very curious visitors of the skies, the comets, are nearly always at some time or other of their period of visibility provided with a tail. This, according to the consensus of opinion of astronomers, is a tremendous mass of extremely thin gaseous matter or dust. But the peculiar part about it is that these tails are almost always directed away from the sun, though we understand that the sun attracts the whole mass of the comet. In comparatively recent years the suggestion has been advanced that the radiation of the sun exerted an actual pressure on the minute particles of the comet tail, sufficient to move it against the normal attraction of gravitation.

To test the existence of this light pressure, laboratory experiments were arranged. Exceedingly small and nearly spherical vegetable spores, mixed with powdered emery, were allowed to fall in a little stream down a vacuum tube while the light of a powerful arc lamp was concentrated upon it. The spores were unmistakably deflected while the larger emery particles fell straight down the tube.

Now we know the earthworm is quite blind, in the sense that it does not see. It has no organ that we can call an eye. However, it certainly possesses a sensitive nervous system, for it can be induced to leave the ground even by the gentle tap of a blind foot near the entrance to its burrow.

But the earthworm, even with its head out, seems to dislike the light and will move away from it. Can it be that with those minute cells in its skin, each connected with a nerve tip, this lowly dweller of the dark places actually feels the light it cannot see, and that it reacts to the same force which shoots off the tail of a comet? (Kansas City Star.)

Mass advertising by American automobile manufacturers in Switzerland is placing cars from the country in the front rank of the Alps republic.

## SUBPOENAS RECALLED IN RICH INDIAN CASE

Subpoenas for six Los Angeles officials and citizens to appear before the Federal grand jury at Muskogee, Okla., supposedly in connection with an investigation into the affairs of Jackson Barrett, reputed to be the world's wealthiest Indian, have been recalled.

**OHIOANS TO FROLIC**  
Members of the Ohio State Society will meet Tuesday evening at the California Auditorium, 1137 South Hope street. Entertainment will be in the form of a carnival.

## Death Takes Veteran From Santa Fe Run

Wright Baldwin, for forty-two years at the throttle of Santa Fe trains, died at the company hospital here

Wednesday night of pneumonia. Until stricken he was on his run regularly and had several million miles of travel to his credit. His never had been in a hospital before.

Baldwin came to California as the first passenger to arrive in Los Angeles over the Santa Fe line after the line had been connected between Needles and Ash Fork. A few years afterward he was promoted to be the first run over the new Santa Fe line built from Pasadena to Monrovia, where it tied up with the old San Gabriel Valley Line into San Bernardino. For twenty-one years following he was at the throttle of engine No. 477.

While he took out many of the crack runs of the Santa Fe, he spent the greater part of his time on California runs.

Mrs. Fannie Hilbert of this city can collect \$5000 as heart balm from John Kundtloff, wealthy apartment-house owner, the State Supreme Court decided in an opinion handed down in San Francisco yesterday, dispatching from the northern city started last night.

The suit originally was tried in Superior Judge Cralle's court here in June, 1926. Mrs. Hilbert asked for \$50,000 for breach of promise. She asserted that she and Kundtloff were engaged to be married in June, 1925, and that after repeating his promises for two years he jilted her and married another woman. By a 10-to-3 vote the jury awarded her \$5000. Kundtloff appealed the case.

## Supreme Court Sustains Verdict in Breach Case

Mrs. Fannie Hilbert of this city can collect \$5000 as heart balm from John Kundtloff, wealthy apartment-house owner, the State Supreme Court decided in an opinion handed down in San Francisco yesterday, dispatching from the northern city started last night.

The suit originally was tried in Superior Judge Cralle's court here in June, 1926. Mrs. Hilbert asked for \$50,000 for breach of promise. She asserted that she and Kundtloff were engaged to be married in June, 1925, and that after repeating his promises for two years he jilted her and married another woman. By a 10-to-3 vote the jury awarded her \$5000. Kundtloff appealed the case.

## WOMAN WANTED HERE FLEES JAIL

The reception committee that was to have greeted Mrs. Beattie Criswell, alias June Criswell, alias June Criswell, upon her arrival at the local police station today, can consider itself dissatisfied indefinitely. Mrs. Criswell-Criswell-Caul will not be here for a while, at least.

While Los Angeles officers were on their way to San Francisco to bring her back to this city to face the charge of kidnapping a woman out of the San Francisco jail by means of a writ of habeas corpus that has not been located.

Records here show the woman was convicted of forgery here, but was paroled.

## Two Girls Lost on Canyon Trip

County officers, headed by Deputy Sheriff A. L. Hutchinson of the Sheriff's homicide squad, are searching for two girls who were on a Canyon trip. The girls, who were on a Canyon trip, were last seen on the canyon trail. The girls are students at El Estero.

## MAINTENANCE ASKED

Separate maintenance is sought by Mrs. Nathalie Colby in a suit filed in Superior Court yesterday against Charles G. Colby, local merchant. Deviation is charged.

Her complaint prepared by Attorney Milton M. Cohen and R. D. Gilman to Colby to engage in business and declares he has concealed assets by incorporating a new company. She has an income of \$400 a week.

## TWO CONDUCTORS AT BOWL DUE SOON

Two of the internationally known conductors who are to conduct at the bowl this summer, will arrive over the week-end, according to reports. The general manager, Harry Conley, general manager, will arrive Monday. Anglo-Russian will arrive Tuesday. Both will hold the bowl at the Bowl this month. The season at the Bowl will be held on appearances in the amphitheater.

Historic Whidby Island only thirty minutes from Everett

There are few trips that in varied interest a visit to Whidby Island, second largest island in the United States, only thirty minutes by auto ferry from Everett, Washington.

Much of the early history of the Northwest centers about this quaint and interesting island with its part in the famous "54-40 or fight" episode. Strangely enough, though easily accessible, it has been out of the beaten path of tourist travel and its natural charm remains unspoiled. A good road extends the length of the island; over 50 miles of Deception Pass, through which surge the upper waters of the great inland sea of Puget Sound.

It is a drive long remembered for its wonderful marine views and forest vistas. On such islands Whidby you can enjoy the heart of Nature in an almost primitive out-of-doors—yet almost within metropolitan cities.

Come North this summer to the Evergreen Playground of Puget Sound and British Columbia. See ALL of the Pacific Coast!

If you are going East, ask your ticket agent to route you one way via "The Evergreen Playground," from California the through route by steamer here, and the eastbound, is the same as your direct rail fare East. The all-rail trip via the northern lines is only slightly higher.

Our free illustrated booklet, "The Evergreen Playground," will assist you in planning your trip and vacation more easily. Mail coupon today.

# MARCO DEFENSE ASKS DISMISSAL

Hate and Prejudice Laid to Grand Jury

Hearing Set for Today and Foreman Called

State Characterizes Move as Stall for Time

Asserting that the grand jury inspired by "hate and prejudice" when they returned indictments against Albert Marco, reputed underworld leader, and offering to subpoena the foreman and secretary of the grand jury in support of their statements, counsel for Marco yesterday asked Presiding Judge Edwards to set aside the indictment.

Marco is charged in two indictments with assault with intent to murder, based on a fight that occurred in the Ship Cafe in Venice last week, when Domenico Cernero, beach city business man, and Harry Judson, entertainer, were wounded. Marco was scheduled to appear in court yesterday when his attorneys, Charles Woolfson and Thomas P. Cook, foreman of the grand jury, and Charles E. Rowett, secretary, requested the dismissal.

## RASIS OF MOTION

Attorney White declared the defense had knowledge that the grand jury had not returned the indictment until after the case had been argued for it. He further charged that the jury had received evidence out of the grand jury room in violation of the law, and that certain members of the grand jury had made statements outside the jury room indicating bias.

The defense attorneys obtained subpoenas for both Thomas P. Cook, foreman of the grand jury, and Charles E. Rowett, secretary.

## LABELLED STALL

Dep. Dist. Atty. Eagan, who presented the Marco case to the grand jury, declared there was nothing irregular either in the procedure or in returning the indictment, and he labeled the defense activities as "just a stall to gain further time." Marco is scheduled to go on trial for the assault on Cernero on June 21, despite repeated pleas of his counsel for more time in which to prepare his case.

## Mrs. Howard on Stand in Trial of Divorce Case

Mrs. Minnie Howard took the witness stand before Superior Judge Hill yesterday afternoon to testify at the hearing on her petition for a divorce from Arthur P. Howard, wealthy Los Angeles business man, on technical grounds. Mr. Howard has filed a cross-complaint. Mrs. Howard is represented by Attorney Percilia L. Randolph and Attorney Richard Kittrell is counsel for Mr. Howard.

The wife is asking for a separation and her share of the community property, valued at \$40,000. The hearing will be continued today.

## Woman Wanted Here Flees Jail

The reception committee that was to have greeted Mrs. Beattie Criswell, alias June Criswell, alias June Criswell, upon her arrival at the local police station today, can consider itself dissatisfied indefinitely. Mrs. Criswell-Criswell-Caul will not be here for a while, at least.

BOULEVARD  
NAME MAY  
BE CHANGEDStretch Along Sunset to  
Fight for Annexation to  
"Hollywood" Length

The City Council will receive this morning a petition asking for the change of name of Sunset Boulevard, from the Plaza to Hillhurst avenue, to Hollywood Boulevard. Councilman Randall made the announcement yesterday. The petition was circulated, he said, by the Property Owners and Business Men's Association of Sunset Boulevard. It is said signatures represent ownership of 20,000 feet of frontage on Sunset Boulevard.

A similar attempt was made several years ago to change the name of Sunset Boulevard but the move was defeated by property owners in the western part of this section of the boulevard. Under the plan Sunset Boulevard will retain its name from Hillhurst west to the city limits.

A ruling on the City Council's authority under the charter to restrain the Fire Commission from proceeding with the construction of a new fire station on the Vine-street site in Hollywood was requested by the City Attorney's office yesterday by the fire commissioners, who expressed irritation over the order, in view of the fact that the department must have a new station by December 2.

Subsequently the commissioners met with the Board of Public Works to emphasize the need for action, and the board also passed a resolution asking the City Attorney's opinion in writing.

President Edridge of the board stated that while from a verbal opinion it appears the City Council did not have the authority, under the charter the City Planning Commission had to report on the project. Since it had not, he said, it left the Council in the position of holding a trump card. He said it was a matter of courtesy to the City Council to comply with the ruling.

Couch Hammocks  
\$29.75

You can't really enjoy summer in California without a Couch Hammock. Then you can be out of doors—lots!

Here is a splendid value—at \$29.75. Large adjustable canopy. Adjustable back; felted pad. Couch suspended from angle iron standard by large helical coils. Covered in canvas—smartly striped.

Summer Furniture, BULLOCK'S, Sixth Floor

Sleeveless Frocks  
of Shantung, \$6.95

in "Better Home Dresses"

Newly arrived are these frocks of shantung... and you know how shantung wears—almost forever.

Cool and very smart—they are delightful wear—every day summertime frocks. Shantung launders just beautifully.

In white, rose, green, blue, orchid and peach.

Sizes 14 to 42.

Also the same style in white pique—a dress with a crispy, cool look.

Better Home Dresses, BULLOCK'S, Fourth Floor

Girls' Sleeveless Linen  
Frocks, \$5.95

Frocks designed deftly for the smart young girl who goes in for tennis.

Made of linen, that material that washes so nicely and looks so decidedly well-bred—they are cool, sleeveless styles with skirts pleated in front.

In rose, green, blue, yellow and white.

Sizes 8 to 14.

Girls' Frocks, BULLOCK'S, Fifth Floor

Gold Rayon Panel  
Curtains, \$2.95

Figured lace patterns—bullion fringed ends. All of rayon, gold color. Some are 36 inches wide; some 45. Excellent values at \$2.95 a panel. Very much reduced—there are but 125 panels in all. Phone orders must be accepted subject to prior sale today.

Draperies, BULLOCK'S, Sixth Floor

Girls' Crepe de Chine  
"Combies"—\$2.95

Clever little combinations made of crepe de Chine, French cut, with dainty lace trimming are \$2.95—a week end value at Bullock's. In flesh color only. Sizes 2 to 12 years.

Junior Girls' Underwear, BULLOCK'S, Fifth Floor

Done  
Before You Know It!

You can't see them—the moth worms that eat away your fine fabric draperies—your upholstery—your rugs. It's not the beautiful moth flying about at night that does the damage—But the worm-moths whose eggs are laid right in the materials.

Bullock's experts are particularly well equipped to destroy all insect life that might harm your home furnishings. A telephone call (TRinity 1911) or a visit to the sixth floor at Bullock's will arrange an appointment.

Moth proofing is done in your home. No odor. No inconvenience to you.

## PEN POINTS

The way of the transgressor isn't hard if the jury is soft.

Don't lose faith just because the prohibition law is broken. Look at the Ten Commandments.

The cheaper resort places have disadvantages, but the names aren't woven into the towels.

Well, if the rich have no life and the poor do, it's easy to figure out who will inherit the earth.

Beauty isn't everything. A beautiful fly attracts a trout, but the big job is to hook and land him.

The girl of 1890 who had a figure like the modern woman didn't have any figure at all.

So far, very few graduates have succeeded in trading a \$4000 education for a \$1000 job.

You can tell how many places there are in the country. Just count the planks in a political platform.

Some sections grow more prosperous, and some put their faith in politicians who pretend to be the poor man's friend.

Americanism: Teaching boys it is ugly to fight; teaching them to believe our fighters are our great men.

Mr. Hoover thought he had a big job in Belgium, but just until he hears the pathetic cry of the great American hunter.

A man never becomes a success by making a hobby of standing up for his rights. Look at the pedestrian.

A common sorrow or hardship binds people closer together, and maybe that explains why divorce is more common now.

Science says there is unlimited energy in an atom. And it does look that way when you see him on a shopping tour, carrying packages for his wife.

An open mind is the kind that makes a farmer wait patiently for his champions to tell him what he is mad about.

Liquor may continue to be a political issue, but in the course of time it may be necessary for the candidates to explain what it is.

It's a sophisticated era, and there's significance in the fact that you never hear a modern girl called a "mere girl."

Be frank. Just write to her: "Yes, dear, we'll be glad to have you for the week-end if you won't tell your silly boy friend you're here."

Correct this sentence: "I don't hesitate to accept checks," said the filling station man, "and I have yet to get a bogus one."

In these days it seems almost a boast when a woman remarks that she has "nothing to wear."

Some people turn up their noses whenever there is a war about; others turn up their noses.

**RIPPLING RHYMES**  
Walt Mason

**DREAMS**

In olden times, when some dreamed a dream, he followed up a well-established scheme. He sought the seer, a man of second sight, who could translate the visions of the night.

He dreamed last night, and he told me before that I was going seven miles or more; the more I felt the more I couldn't wait; at last, it seemed, I fell on my head, and found I'd fallen from a dream.

The Old Doe, I was told, with disgruntled mien, said to me: "By James, it's easy to be sure you have ignored my things, all complete of things you should and things you don't eat. I've told you twice, I've told you twenty times, that eating pie ranks high among crimes; if you must eat, eat what you go to root, a cup of bean should straightway be prepared; a head of lettuce or a carrot dry—but you must eat some dead sort of pie. I mean, obey the goodly rules I make, you eat some jam, some cream and a cake; you eat some eat till your surging brain then talk to me of falling from a dream. My wise decrees you then laugh to scorn and another dream, aroint, go get another dream! I'd rather take the story of my dreams to some old man who sympathetic seems."

## MUSIC SESSIONS BEGIN TUESDAY

Under Way for Four-Day Convention

Members Will Make Plans for Benefit Fund

Members Favored to Give All Operas in English

Mrs. Alma Stetler, executive secretary of the Music Teachers' Association of California, which is convening its annual convention in Los Angeles, opened her session yesterday at the Alexandria restaurant.

The president of the association, Mrs. C. Manning of San Francisco, will open tomorrow morning and will make a report on the work of the association during the past year.

Members of the association will be asked to make plans for a benefit fund to be used for the purpose of giving prizes to the most successful performers in the association.

It is expected that the convention will be a very successful one and that it will result in the formation of a new and improved association.

The convention will be held at the Alexandria restaurant, which is one of the most popular places in Los Angeles.

Members of the association are urged to attend the convention and to make plans for the benefit fund.

## LAST RITES FOR BUXTON UNSETTLED

Funeral Arrangements for Automobile Dealer Wait Completion

Plans for the funeral of Lynn C. Buxton, widely known automobile dealer of Los Angeles, who died Wednesday at Catalina, will be announced today.

The body was returned yesterday from the island where Mr. Buxton had been spending a few days.

The widow, as well as his mother, still were suffering yesterday from the shock caused by his sudden death.

Mr. Buxton had been preparing to retire. He died within an hour.

Besides his widow, a son, Floyd, and daughter, Ione, he leaves his mother, Mrs. Mary L. Buxton, and two brothers, Benjamin B. and Jay Buxton, all of whom live in Los Angeles.

Mr. Buxton had lived in Southern California for twenty-two years. He owned and operated a Packard agency at 1728 Wilshire Boulevard and another at 1658 South Figueroa street.

He was born in Minneapolis in 1884.

He was a member of the Los Angeles Automobile Club and the Southern California Automobile Club.

## Sailors Find It's Folly to Purloin Car

It would be rank folly for a couple of sailor boys in uniform to attempt to steal an automobile.

So said Leo C. Rojas, 19 years of age, when he and a fellow-tar, H. E. Nelson, 18, were arrested at Sixth and Spring streets early today as they started to drive away in a car they found parked along the curb.

Rojas was right. They were unaware, according to the owner, that the steering wheel was equipped with a trick lock which slid into position as they attempted to turn around in the middle of the block.

Much to Rojas' disgust and humiliation, the car refused to adopt a straight-ahead course, but continued to circle about until the owner saw them and called Officers Heath and Valdez.

When searched at Central Police Station Rojas was found to be carrying a varied assortment of keys which police say would unlock almost any car of a popular make.

Harrison Fisher, artist and illustrator, arrived here yesterday for an indefinite stay.

"After two months in the hospital and after all the months of work under a north light it is good to hit California sunshine again," he said at the Ambassador.

"Incidentally, the American girl was never as attractive as now. She is more breezy, has finer lines of simplicity, and natural charm. I am perfectly content to work with her and have no desire to attempt to copy foreign conceptions of women."

VON KLEINSMID WILL AID SCIENCE PARLEY

According to a communication from Secretary of State Kellogg to President Von Kleinsmid of the University of Southern California and chancellor of the affiliated Los Angeles University of International Relations, Dr. Von Kleinsmid has been appointed a member of the co-operating committee for the United States on arrangements looking toward the Seventh Pan-American Scientific Conference at San Jose, Costa Rica, in 1929.

Dr. L. S. Row, director of the Pan-American Union and president of the American Academy of Political and Social Science, is chairman of the committee.

## SOCIETY

BY JUANA NEAL LEVY

After a most delightful trip abroad, Mr. and Mrs. Burton E. Green of Beverly Hills, with their attractive daughter, Miss Lilore Green, have returned home. Miss Dorothy Green remained at home during her parents' absence, while the youngest daughter, Miss Burton Green, a student at Mills College, is also at home again for the summer vacation.

**Attractive Affairs**  
Although school may be closed, the social events still continue. Last Saturday evening Mr. and Mrs. Harry Lytkie entertained Lambda Tau Delta Sorority at a delightful dancing party given in the Egyptian room of the Sea Breeze Club. The affair was a large one, the guests including Mrs. J. R. Humphreys, president of the Los Angeles chapter of Lambda Tau Delta, and Mr. J. R. Humphreys; Messrs. and Mrs. Robert Downie, Arthur Gousserman, Harry Price, Robert Moore, Ward Blakel, George Billhart, Harry Dunham, Wilmar McCaman, C. L. Holmes, E. J. Dale, H. Huntington, C. A.

Mattis, Don Fleetham, Harold D. Swisher, G. K. Norton, Paul Brown, Julian Vasey; Misses Patricia Dale of Alpha Rho Chapter at Danville, Ill.; Ruth Redgrave, Nettie McInne, Grace Wightman, Evelyn Williams, Lotus Shelmor, Josephine Giles, Eva Mills, Ora Jordan, Dona Anderson, Helen Rhamey, Irene Lockhart, Evelyn Mortley, Mrs. William Kene of Arizona, Messrs. Roland Bookian, Ted Smith, E. M. Koenig, Percy Yost, Hugh Hagelin, Phil Currier, Walter Hollingsworth, Roy Stoner, Edward Vandy, Sam Hurvitz, Frank Seabold, Gerhard Stearns, Epes Williams, Cyril Manning, Dr. Warren Hunter and Dr. Earl Ostrom. Miss Evelyn Williams was winner of the dancing contest.

**Church Ceremony**  
The marriage of Miss Frances Mary Parker to Howard Rockefeller, Jr., was an event of Sunday, the ceremony taking place at 4 o'clock in the Olden Abbey, San Encino. The bride, given in marriage by Maurice L. Christy, a lifelong friend of the family, was charming in gown of white tulle and tulle, the veil being held in place by a wreath of orange blossoms, and she carried an arm shower of brides' roses and lilies of the valley. Father O'Donoghue officiated. Both Mr. and Mrs. Rockefeller are former residents of Butte, Mont.

the latter being a daughter of Mrs. Ella Parker while Mr. Rockefeller is the son of Mr. and Mrs. Howard Rockefeller of the northern city. Mrs. Rockefeller was graduated from Butte High School and attended the Montana School of Mines and is also an alumna of the Los Angeles Library School. Mr. Rockefeller, who is an alumnus of the Butte High School and of Dartmouth College, took his law course in Stanford University and is now practicing here. A reception followed the ceremony, at the home of the Rockefellers, seniors, to which forty guests were bidden.

Mr. and Mrs. Rockefeller left immediately afterward for a motor trip through Northern California and will make their home in Long Beach after their return, the 15th inst.

**Invitations Issued**  
Mr. and Mrs. Brainerd B. Smith of Pasadena for the wedding of their attractive daughter, Miss Katherine Jane Smith, and Russell Diller Twomey, the ceremony to take place Wednesday, the 25th inst., in First Presbyterian Church, Pasadena, at 8:30 a.m. A reception at the home of the bride's parents, 931 North Orange Grove avenue, will follow the ceremony immediately.

**Homes Again**  
Mr. and Mrs. George E. Moore, Jr., have just returned to their home in Alhambra, after an extensive motor trip through the north, where they visited with the former's sister and brother-in-law, Dr. and Mrs. R. T. Hopkins at their home in Orofino, Idaho. While in Seattle they visited Mr. and Mrs. George E. Moore, parents of Mr. Moore, and were entertained with many delightful affairs while in both cities.

**To Make Home Here**  
Mrs. Carol Nye of Wichita, Kan., has come to make her home in Southern California, and is at home to her many friends in the Southland at 11224 Brookhaven avenue.

## LEADERS IN SORORITY CIRCLES

### Los Angeles Girls Awarded High Posts

Misses Dorothy Parker and Helen Fitch

**P**ROMINENT in sorority circles on the campus of University of California at Los Angeles are Misses Dorothy Parker and Helen Fitch, the former having been recently elected as vice-president of the Associated Women Students and the latter vice-president of the junior class at the university. Both co-eds are members of the Alpha Phi Sorority.

In Westwood, Mrs. Nye passed June in Los Angeles two years ago and made a host of friends here who persuaded her to dispose of her interests in Wichita and return to make her permanent residence here.

Several delightfully planned affairs have been given for her recently, among them being a dinner party at which Miss Ramona Mason of North Kingsley Drive entertained last week, and Miss Elma Barnard gave several luncheon and bridge parties for her recently.

**Sessions-Johnson**  
Announcement is made of the marriage Sunday of Mrs. Ethel G. Sessions to E. Norman Johnson, the ceremony taking place at the home of the bride's parents, 2533 Marvin avenue, with Rev. Theodore Curtis Abel officiating. The bride wore a becoming frock of pale green flowered crepe and carried pink roses and white sweet peas. Fred R. Johnson gave the bride in marriage and Mrs. Paul Simpson played the wedding music. Misses Jane and Ann Sessions, daughters of the bride, were flower girls, carrying baskets of sweet peas and garden blossoms.

**Wade-Taylor**  
The marriage of Miss Amelia Vaughn Wade, daughter of Mrs. Ella D. Wade of this city, to Ensign John McWay Taylor, U.S.N., was solemnized Saturday, June 30, the ceremony taking place in All Saints Church, Beverly Hills, with Rev. Richard Prells officiating. Only members of the immediate family and a few intimate friends witnessed the ceremony.

The bride was assisted by her sister, Miss Margaret Wade as maid of honor, while Ensign James Francis Byrne served his brother officer as best man. Immediately after the ceremony Mr. and Mrs. Taylor left on a motor honeymoon through the north and will make their home at Bremerton, where Mr. Taylor is attached to the U.S. California. Mr. Taylor is the son of Col. and Mrs. William M. Taylor of Baltimore, Md.

## HOUSEHOLD SUGGESTIONS

**Tempting**  
Most all children like raisins and frequently a few raisins added to a nourishing pudding will encourage the child to eat the dessert when he otherwise would balk.

**Oilcloth Instead of Paper**  
Instead of lining china and iron cloths with paper, that must be renewed constantly, use the delicately bordered self-oilcloth. The shelves are fixed for years, as they can be washed whenever dusty and kept perfectly clean.

**Right from the Start**  
When the youngster is beginning to use all the silver and dishes that the rest of the family use, it is time to make corrections in the method of usage. Then the child knows no other table manners than the right kind and future training will be unnecessary.

**Everything in Readiness**  
Before mixing ingredients preparatory to baking get everything out that will be required in the process. It will mean quicker work and less washing and drying of hands if this is adhered to.

**Where to Cut Down**  
If you wish to economize when making a layer cake make the cake part not so rich and put the richness into the icing or frosting. The average person judges a cake by the icing and will never know the difference.

**Home Helps**  
Sour milk will frequently remove rust from white goods. When painting or varnishing follow the grain of the wood with the brush.

If we have a siege of continuous damp weather, it is well to air the linens occasionally so they will not mildew. Always wring out table linen by hand. Otherwise you will have creases that will be very difficult to iron out.

Indulge in ice cream frequently during the warmer months. It is a nourishing food as well as a cooling one. But be sure it is pure.

## HEALTH DIET

### ADVICE

By Dr. Frank Mc Coy

Dr. McCoy will answer personal questions in health and diet, addressed to him, in the Los Angeles Times. (Space changed, editorial control for reply.)

### PTOMAINES POISONING

More people are killed from what they eat than die from not eating. While most deaths are caused by a very slow food poisoning which interferes with some part of the body, we sometimes read about people suddenly dying from something they have eaten, and it is important that you know what causes this and what to do if you or some one close to you are so stricken.

Those substances that are poisonous in themselves for example, from classes of mushrooms containing a poisonous liquid called muscarine, while sometimes mistaken for food, can severely be classified as ptomaines. Some types of fish contain poisonous substances even when fresh, and one can only guard against these by knowing the varieties or by depending upon reliable markets.

Far more frequently met with than these poisonous substances are cases of poisoning from food that has become contaminated by improper handling. This is sometimes caused by the presence of air and live bacteria in metal-containers, or from specific organisms such as tubercular bacilli, trichinosis or typhoid.

Animals or bees may be fed upon substances that make their products poisonous to man. Rye may be infected with a smut causing epidemic of ergotism. Potatoes have been known to produce poisoning from using well sprouted potatoes or those which have lain in the sun after digging. Wild potatoes sometimes will do this also, producing jaundice. Peaches will sometimes cause "summer complaint" for some unknown reason, possibly in some cases because the seeds are also used.

The treatment for any of these food poisonings is to give an emetic so as to free the stomach, but this should be given only if the patient is conscious. Then keep the patient active, exercising enough to produce sweating if possible. Sometimes the symptoms do not appear for several days, in which case it is advisable to give a cathartic and large quantities of water, with sweating and enemas.

The most poisonous of the ptomaines is mytilotoxin, found in spoiling mussels. Another very poisonous ptomaine is produced by the bacillus botulinus, which produces what is known as botulism, first known as sausage poisoning. This organism has also been found in ham, and as it is very widely distributed in the soil, it may be present in many vegetable products, most likely those that are home canned. The ptomaines are not present in raw or freshly cooked foods. The presence of bubbles of gas and the softened appearance of the solid parts combined with a peculiar odor, should be sufficient excuse for discarding canned foods.

Sometimes milk and cheese become infected with a bacteria which causes intestinal irritation, and mussels as well as in animals that have eaten poisonous substances, the liver is the most dangerous part to eat. Almost every type of meat, fish and fowl is liable to produce these poisons. It is interesting that the only exception to this is lamb and mutton. This is a type of poisoning causing paralysis of the legs from the use of the chick pea.

Sometimes good wholesome foods such as meat, eggs, milk, fish and strawberries will produce violent symptoms in certain individuals. This is an idiosyncrasy concerning some special proteins. A person so affected can usually obtain immunity by starting with small quantities of the offending foods, insufficient to be unpleasant, and gradually increase the amount used.

**QUESTIONS AND ANSWERS**  
Question: C. E. asks: "What is a good diet for an anemic person?" Answer: The first thing to remember is that anemic patients must not be stuffed with an excess of food. At the start of treatment, a fruit diet will do more than any other diet to bring the blood back to normal. After the fruit fast, all meats should be carefully balanced, using a reasonable amount of all the different food substances. As soon as the toxemia, which produces anemia is thrown out of the system the body will be able to get the benefit of any good food.

Q: M. P. writes: "My meals are mostly milk and fruit, or a protein and vegetable. I am afraid I do not

require a definite amount of meat and will suffer on account of my quantity of milk. I do not believe in using any highly refined food at all in the diet. Of course, it is always a small amount of the not-starchy vegetables and fruits, and some of the starchy without starch and sugar, and certain forced cereals. Men have lived for years on practically an exclusive diet of these. Don't worry about not getting enough starch; the cereals will get you much more than you think. Q: D. L. writes: "We appreciate your articles very much. I am suffering from indigestion. Some of the food I eat is not good for me. I cannot be cured. What advice can you give me?" A: The cause is the hardening of the arteries, tension, and most cases are cured by diet alone. If you send a large, self-addressed envelope, I will be glad to send you additional information on this subject.

## Elevated Loop Proposed for Traffic Relief

Means of improving existing conditions by removal of urban cars from downtown were discussed by the transportation division at a public discussion given at the Club luncheon yesterday. As outlined by S. A. Johnson, erection of an elevated loop system, or elevated loop system, business area, allowing passage to board and leave trains at different points in the downtown district.

"Although no definite plans for such a loop system have been outlined, previous discussion has led to the erection of the system of Main street," said John Griffith, 100 feet or more in length. Those who took part in the discussion were: S. A. Johnson, city planning engineer; W. MacDonald and L. A. Los Angeles Railway Company; and J. O'Brien, Chief of Public Utilities.

## NANCY PAGE

### The Page Family Announces Coming of Repute

My Stepson La Grange

Most calendars show Fourth of July in red ink. Peter was not the least bit interested in that date but he was out in his life because he found that day that he and his wife found themselves in a young man, thanks to the care taken of herself before she was born. The boy was well in the Page family as to what they would do. It had been quite a while since Nancy had been out of the baby was a boy and his name named after Peter. He could just see Peter in the school boys' bodies and but Peter hesitated, "I will be a reporter if you will let me and I don't want to be a reporter," he repeated. "Now you are being for a compliment, of course you are." Whatever the might be known as Nancy Page for her husband of the name.

The hospital was also a place where Nancy Page was not a visitor. For the first time Peter and her mother, who only ones allowed, relatives were allowed to see the whole two weeks or more could not come down. Dr. Grandmother Lee, who did not have enough money to buy Aunt Nancy even to see how many times the nurse for her husband of the name.

Nancy Page spent her time getting a layette in. Write to her, one of the best, including a self-addressed envelope, and her "Layette" book.

The Vogue of Today—Choose for Yourself!

No. 1 is a lamb rib chop. No. 2 is called a French chop. It is a thick rib chop with the meat trimmed off the bone end. It is usually served with a grill over the exposed bone. No. 3 is a loin chop. When the kidney is cut with the loin chop it is called a kidney chop.

## LAMB CHOPS

### A Hot Weather Meat

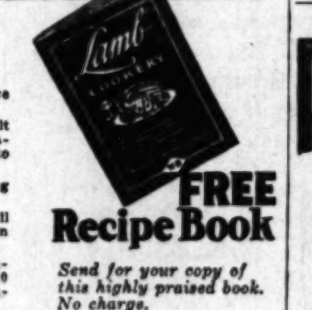

For a quick, nutritious and delicious luncheon or dinner lamb chops are a happy thought. They are prepared for the table in 8 to 12 minutes without heating up the kitchen.

And don't forget to ask for W. B. Diamond Brand Lamb Chops. You won't, of course, after you try them just once. Surely there is a difference in meat as there is in all other articles you buy. And now Woodward-Bennett have made it easy for you to distinguish the top quality in meat. You don't have to learn all about meat to pick the choice kind. Just ask for W. B. Diamond Brand. There are hundreds of enterprising markets that specialize on this quality line. You can tell them by their clean, bright markets.

### Broiled Lamb Chops

1. Have hot flame.
2. Rub wires of broiler with a piece of fat.
3. Rub both sides of chops with salt and pepper, allowing about 1/4 teaspoon salt and a dash of pepper to each chop.
4. Sear the chops on both sides, being careful not to pierce in turning.
5. Then cook without turning until chops are done on one side, then turn.

Time: Rib chops (thin) 6 to 8 minutes; French chops (thick) 10 to 12 minutes. Loin and English chops, 8 to 10 minutes.

Send for your copy of this highly praised book. No charge.

## REMOVE MAKE-UP

### with PALM and OLIVE OILS

The surest way to combat coarse skin, blemishes, blackheads. These beauty oils embodied in a true complexion soap

HERE is a way to make washing your face an actual beauty treatment. Women are amazed at the softness of their skin, by the fine texture of their pores, as a result of this complexion habit. If the skin is regularly cleansed each day—make-up and grime are thoroughly removed—natural charm results. The most effective means to do this, in gentle safety to the skin, is by daily use of Palmolive Soap. Its rich, luxurious lather embodies two famed beauty oils—the oil of olive and the oil of palm. They gently penetrate and cleanse the pores when applied in the following way and keep your skin radiant, clear, gloriously soft and charming. Each night wash your face gently with soothing Palmolive. With your two hands massage the magic lather of its oils into your pores, cleansing them thoroughly. Then rinse, first with warm, then cold water. Dry by gently patting with a soft towel. Add a little cold cream for dryness, perhaps, but that is all. Remember—always remove make-up before you sleep. If left on it dries skin, fills pores and brings unsightly blemishes and blackheads. Always use Palmolive. 10c a cake, everywhere. The Palmolive-Keet Company, Chicago, Ill.

## CHEF WYMAN'S Suggestions for

### TOMORROW'S MENU

Every Tuesday and Friday at 2 o'clock Mrs. A. L. Wyman will present a free class and demonstration of good cooking in the kitchen of the Southwest Building, 139 South Broadway.

Breakfast	Dinner
Hot Fritters Baked Eggs and Ham Jelly Coffee	Ice Cream Soup Radishes Mock Duck Riced Potatoes French Fried Zucchini Hearts of Lettuce, Creole Dressing Strawberry Short Cakes Coffee
Lunch Shrimp Pot-Pourri Cold Potatoes Shrimp Salad, French Dressing Bread and Fruit Pudding	

### SHRIMP POT-POURRI

Two and one-half cups of milk, one-fourth of a cup of quick cooking-tapioca, one-half teaspoonful of salt, a few grains of cayenne, one egg, two tablespoonfuls of butter, one cupful of cooked peas, one can of shrimps, one-half cupful of stuffed olives chopped, two-thirds of a cupful of chopped celery, scald the milk in a double-boiler, add the tapioca, salt and pepper, and cook fifteen minutes stirring frequently. Add a small amount of the hot mixture slowly to the lightly beaten egg, stirring vigorously. Return to double-boiler and cook five minutes longer or until fairly thick. Stir in butter, peas, shrimps, olives and celery. Reheat. Four immediately over hot buttered toast rounds.

### RAISIN AND NUT PUDDING

Mix four tablespoonfuls of cornstarch with four tablespoonfuls of brown sugar and half a cupful of granulated sugar, add four tablespoonfuls of cold water, and mix to a smooth paste. Heat two and one-half cups of milk in a double-boiler and gradually stir in the mixture, stir over a slow fire until thick and smooth, add three-quarters of a cupful of seedless raisins, and allow to cook slowly

## YOUR BABY and MINE

By Myrtle Meyer Eldred

KEEPING A RECORD BOOK A PLEASURABLE DUTY

Every young mother is deluged with de luxe record books which on flower-strewn pages leave a few lines for the jotting down of odds and ends of information about baby's development. Of course, it's nice to know just exactly when baby had his first tooth and took his first step and so on and on through a whole series of "first" experiences, but that isn't enough. In addition, the mother should keep a record book as businesslike and as full of facts as a budget or a check book.

Weighing the baby is a weekly duty and so important a duty that it should be put down in black and white, for and is not to be forgotten as one's memory. "Did Frank gain two or four ounces last week?" mother has to ask daddy, and, of course, this isn't a thing to be forgotten.

Then there is the matter of feeding. Mother remembers she did make some early changes in baby's diet, but what were they? Not to save her can she remember. Nor can she recall how she made the buttermilk she fed him, though she knows she "did beautifully" on it. Of course, if she had entered this in the record book she wouldn't have to guess; just look it up. There's a lot to be gained by keeping a record book, and it is a thing to be forgotten.

## Three Youths Arraigned for Bank Robbery

Nester Ferris, 18 years of age, shot in the leg when he and two boy companions made an unsuccessful attempt to hold up the Los Angeles First National Bank at Hollywood Boulevard and Normandie avenue on June 25, last, was arraigned before Municipal Judge Gibbs yesterday, together with Laverne Ferris, 16, and Frank Bowman, 17, on six counts of robbery and one of attempted robbery. His bail was set by Judge Gibbs at \$10,000 and preliminary hearing set for the 20th inst. Laverne Ferris and Bowman were certified to the Juvenile Court as minors.

Robbery counts on which the three were arraigned include several oil stations and one restaurant. The attempted robbery is that of the bank.

The complaint charges that the trio attempted to get bank funds from L. D. Fittie, paying teller and fled in an automobile after Fittie was killed and the demand for money.

## SOUND AUCTION BRIDGE

by Wilbur C. Whitehead

Each day is published a complete hand printed by Mr. Whitehead. These hands may be played with cards by one, two, three or four players. Fill out a score of your own and compare it tomorrow with Mr. Whitehead's play. Do this each day and carefully read Mr. Whitehead's explanation, and you will find that your knowledge of the game will progress rapidly. Compare your bidding and play with that of your friends—the comparison may be illuminating.

Record the bids that each player should make, assuming that he does not see any of the other hands.

These hands must not be bid or played "Double Dummy," i.e., as though all four hands were exposed.

NOTE—In recording the Auction, or the play, use "S" for Spades, "H" for Hearts, "D" for Diamonds, and "C" for Clubs. Use "M.T." for No Trump, "DBL" for double, "REDBL" for redouble.

Mr. Whitehead will answer questions concerning your Bridge problems. Write to him care of this paper, enclosing self-addressed stamped envelope.

**NANCY PAGE**  
The Page Family Announces  
Coming of Re-Peter

Most calendars show the Fourth of July in red letters. Peter was not the least bit interested in that date but he was interested in the fifth would always stand out in his life because it was on that day that he and Nancy found themselves the parents of a young son. Nancy was doing well, thanks to the care she had taken of herself before the boy was born. The boy was named Peter. Nancy was resting easily and all was well in the Page family.

It had been quite a question as to what they would name the baby. Nancy had insisted that the baby were a boy she wanted him named after Peter. In the end, they decided on Peter. Peter was a healthy, happy baby and what a joy to the family. "Now you are father for a commitment," Nancy said to Peter. "Now you are father for a commitment," Nancy said to Peter. "Now you are father for a commitment," Nancy said to Peter.

The hospital was wise enough to know that Nancy should not have visitors. For the first week Peter and his mother were in the hospital. Nancy was allowed to see him. The whole two weeks Peter was in the hospital. Nancy was allowed to see him. The whole two weeks Peter was in the hospital. Nancy was allowed to see him.

Nancy Page spent much time getting a layette in readiness for Peter. To her, care of this new baby, including a stamped, self-addressed envelope, making her "Layette" list.

for thirty minutes. Remove from the fire and stir in half a cupful of chopped walnut meats. One teaspoonful of vanilla extract, half a teaspoonful of lemon extract, pour into a mold and allow to chill. Serve with an orange custard sauce.

**ICED BANANA SOUP**

Mash four bananas and press through a sieve, measure and add twice the quantity of cold water, sugar to taste, add a fourth of a teaspoonful of salt and the grated rind of one orange. Place on the fire in a double-boiler and when the boiling point has been reached, add two teaspoonfuls of cornstarch that has been moistened with a little cold water. Cook five minutes stirring constantly, remove from the fire and place in the ice box. Serve in bouillon cups garnished with maraschino cherries.

**MOCK DUCK**

Buy a flank steak and have the butcher score with a sharp knife, place four tablespoonfuls of butter in a sauce pan, add two tablespoonfuls of chopped onion and cook until the onion is soft and clear. Add two-thirds of a cupful of soft bread crumbs, one-quarter of a teaspoonful of poultry spice and a seasoning of salt and pepper. Spread the mixture over the flank steak, roll up and tie. Melt three tablespoonfuls of butter and add the rolled steak, turn and cook until brown on all sides. Place in a casserole, stir three tablespoonfuls of flour into the butter in the pan and stir until brown, add a cupful of strained tomatoes, one cupful of boiling water, seasoning, pour over the steak, cover the casserole, place in the oven and cook slowly until tender.

Mrs. Wyman does not resist to letters, but requests for recipes are answered in the department, PRACTICAL RECIPES. Published every Tuesday. (All rights to reproduce reserved by A. L. Wyman.)

**NEWS OF THE CAFES**

At the Montmartre tonight, Joe Egli, casting director for Fox Films, will select one of a large number of beautiful girls to represent Hollywood at the annual Lake Arrowhead beauty show, it is announced. Mr. Egli, through the courtesy of the Metropolitan Theater, will be assisted by Ruth Roland, Ben Bard and Tom Mix in naming "Miss

**PATRONAGE IN GROWTH**

Willard's Restaurant on 100 Boulevard, which serves exceptionally delicious chicken dinners, is fast becoming the favorite rendezvous of many who make restaurant a daily habit. Many tourists from the Northwest are pleased with this cafe, for before coming to Los Angeles Willard's bore an enviable reputation in Seattle.

**ATTENDANCE INCREASES**

The popularity of Carolyn Snowden and her Creole chorus at Frank Sebastian's Cotton Club seems to be increasing as the weeks go by if one is to judge by the numbers who regularly patronize this Washington Boulevard night club. Three shows are presented nightly with a different act at each performance.

**The LAST WORD**  
By ALMA WHITAKER

**SUFFERING**

The verb "to suffer" covers a multitude of emotions. It is understood to entail feeling something very deeply and painfully, either physically, mentally or spiritually.

It is impossible to suffer, to know very poignantly what suffering really means. One cannot be much of a rounded and complete personality without it. All great drama includes a lot of suffering for the principals. They must be able to depict suffering convincingly and to make the audience suffer in sympathy. Which is why "the higher drama" invariably depicts tragedy.

Suffering is so intimately involved with the idea that whom the Lord loveth he chasteneth. Which is why there is something a little shameful when our shoulders are not equal to the burden, for thus we have failed in an important essential of our character-building, failed in a vital test.

I remember an interesting case some twenty years ago, when a publisher offered some immense money prize for "the best novel of the year." The prize was won by a young woman, the only child of a prosperous couple, and the young wife of a devoted husband. She was very much in the news after this and reviews of the book flooded the newspaper. This young woman would read every line with avidity. They were almost entirely complimentary. But one critic insinuated an insidious little line of his review.

"It is very obvious that the author of this book has never suffered," he wrote. "The woes of her characters do not ring true." As a girl this line impressed me mightily, and I had sensed how it would irritate the young authors. And, of course, that was a righteous criticism. Life had always been easy for this girl-well-to-do, adoring

parents, a satisfactory and pleasant marriage, good health, beauty and comfort surrounding her. She had had to depend upon her imagination, get her ideas second hand, for any suffering she essayed to depict.

And lately I heard the end of the story. In that long ago that critic's remark about suffering had set up an irritation. It became a positive obsession with that young author to crowd a little suffering in somewhere. She had tried eloping with a man friend who had seemed romantically devoted to her. But alas, he was a gentleman and promptly took her back home. All might have been well if her husband had not been so beloved. If only her friends had been broadminded and amusedly forgiving.

When the war came along, she seized upon overseas Red Cross work, but she was never allowed in the danger zone and somehow she only got the pleasant pretty-pretty duties and never came in contact with the tragic cases. She rushed in to pose suffering at every chance, but she was doomed to protection and people insisted upon making things comfortable for her. So the only suffering she could ever experience was the suffering entailed by being thwarted in her search for suffering.

So after the war in which no one she loved had died or suffered at all seriously, she settled down into a pampered matron, became a little too plump, was forever flattered as the author of the one prize book and is still wondering why destiny insists upon being so dashed kind to her, and why no one will ever take her seriously.

And she has never written another book.

## FRENCH OPERA MAY PLAY HERE

Comique Company Director Due in City Tomorrow

Performances Also May be Given in North

Music Leaders Will Confer on Novel Proposal

It is believed the Opera Comique Company of France may take the revolutionary step of appearing in another city than Paris. Local interest is whetted by the fact that Los Angeles may be one of the cities thus honored.

George Ricou and his wife, the former being director of the Opera Comique, will arrive here tomorrow from San Francisco. With them will be Gaetano Merola and Armand Agnini of the Los Angeles Grand Opera Association. Upon the arrival of Ricou he will go into conference with officials of the association who are hoping to bring the French opera to this city.

If the plans under consideration are carried out, Los Angeles and San Francisco will be the only two cities in the United States to be visited by the French company.

## TWO IN SEWER FUND FIGHT

Councilmen Randall and Colden Seek Allocation of Unspent Bond Money to Their Districts

Councilman Randall of the San Fernando Valley district and Councilman Colden of the Harbor district battled at yesterday afternoon's Council session for an allocation of more than \$1,500,000 of unspent sewer bond money to be used for the construction of main trunk sewers in their districts.

Councilman Colden said the Council is bound morally to use sewer bond money at the harbor, as the district voted for the \$12,000,000 issue of 1922 with the definite understanding it would receive benefit in sewer service.

Metropolitan Sewerage Engineer Knowlton told the Council that the most economical and efficient way of giving the harbor district sewer service will be to construct main lines and link these with the county outfall sewer. The county will charge for this service just as the city charges cities adjacent to Los Angeles for connecting with the city's outfall sewer.

The two Councilmen won a partial victory when the Council majority voted with them in indorsing the policy of keeping intact for sewer building purposes the \$618,000 which has been received by the city from outside communities as well as the \$1,500,000 remaining in the \$12,000,000 sewer bond issue of 1922.

## Marriage Fails in Month's Trial

While they only lived together for one month and three days a series of melancholy events marred the married life of Clarence A. Filkins, who was before Superior Judge Bush yesterday seeking a divorce from Vera S. Filkins.

To begin with his wife refused to live with him right from the beginning. She made him sweep the floors, make the beds and cook his own meals. She said "she was too tired to do housework," the husband asserted.

These and other charges were strenuously denied in a cross-complaint filed by the wife, who asserted her husband wouldn't work. The decree, however, was granted the husband when the wife failed to make an appearance.

## Wild Brother of Actresses in Toils Again

Flaming youth in the person of Jack Noonan, 24 years of age, brother of Mollie O'Day and Sally O'Neill, screen actresses, was arrested yesterday by Officers Rein and Madden of Hollywood station as an aftermath to a reported noisy battle in an apartment at 1623 1/2 North Arroyo street. They found Noonan the sole survivor and arrested him.

The youth later appeared before Municipal Judge Gray and on his plea of guilty to a drunk charge was fined \$40 with an alternative of twenty days in jail. Neither sister appeared to produce the \$40 and the brother was lodged in the City Jail.

Attorney Richard Cantillon announced later the fine will be paid when a brother reaches here to return young Noonan to his home in Oklahoma.

A short time ago Noonan was arrested for hitting a hotel clerk and was fined \$100, which was paid.

## Special Permit to Guard City's Beach Interest

A special permit form prepared by the City Attorney's office to protect the city's rights to beach accretions was approved by the Playground and Recreation Department yesterday, in connection with the request of the Westport Beach Club for permission to repair the groin in front of its property.

The form had been prepared at the request of the commission when the club representatives verbally agreed to waive any claim to accretions beyond the mean high tide line caused from the action of sand and water against the groin. The commission requested the club to sign a quit-claim deed to the accretions. Club representatives asked for time in which to consult with directors on the proposal, but were not present yesterday.

**DESERTER DIVORCED**  
After William L. Taylor lived with Mrs. Mary Jane Taylor for nine years he began telling her he did not want to be tied to one woman and that any man was foolish for living with a woman longer than five years, then deserted her, according to Mrs. Taylor, who was before Superior Judge Finney yesterday seeking a divorce. The judge granted the decree.

## ATASCADERO TO HAVE COLLEGE

Junior High School Included as Part of Project

Administration Buildings of Town Will be Used

Head of Seattle Organization Announces Plans

Acquisition of the administrative buildings at Atascadero and the establishment of a junior high school and college there to be operated in conjunction with the school maintained at Bainbridge Island, near Seattle, was announced yesterday by Frank O. Moran, head of the Atascadero project.

Both the northern and southern schools will be maintained for boys only and will be limited to an enrollment of eighty and 100, respectively.

The schools will be unique in that at the midwinter in December the students enrolled in the southern institution will be sent north to complete their year's instruction and the northern boys will be sent south.

**BROADER OUTLOOK**  
"We hope in this way," said Mr. Moran, "to give the boys a broader outlook on the Pacific Coast and an opportunity to appreciate the advantages of Washington as well as of Southern California."

One week during the spring term the California boys will be taken to Bainbridge National Park to indulge in winter sports. Bainbridge Island, on which the northern school is located, is one of the many islands in Puget Sound and is within sight of Seattle.

## EXPERIMENT SUCCESS

Mr. Moran has been engaged in boys' work for the past twenty-five years, starting with the Y.M.C.A. He established the northern school fourteen years ago as an experiment to see if boys, surrounded by the same influences and atmosphere that prevails in the Scout and summer camps, would respond as readily and wholesomely as they did in the camps.

"Needless to say," said Mr. Moran, "we found our experiment a success. We limit our enrollment purposefully to give each boy as much individual attention as possible."

The instruction in the schools begins with the seventh grade and closes with the second year in college.

## Legal Tangles Befog Parole of Kimmerle

The question of invalidating the parole of H. J. Kimmerle, who was released by the county parole board after serving five days of a two-year sentence, was additionally complicated yesterday after an hour's technical argument before Superior Judge Edmonds.

Judge Edmonds overruled a demurrer, submitted by S. W. Odell, attorney for Kimmerle, which attacked the jurisdiction of the Superior Court, and directed that testimony be taken tomorrow. However, there is little likelihood that the proceedings will advance, as Mr. Odell stated he will file a petition in the District Court of Appeals for a writ of prohibition.

Mr. Odell contended that the statutes creating the county parole board give the board full authority in fixing its rules and modes of procedure.

Former Judge Vickers, appearing at the request of the Bar Association as a friend of the court, maintained the court had the authority to inquire into the actions of other officials as they concerned a prisoner.

## Desertion Story Wins Divorce

After John C. Trenary left his wife, Myrtle, and two children he returned one day and took the two children to Anna, where later he abandoned them in a shack. Mrs. Trenary told Superior Judge Alvares yesterday.

Her petition recites that she was married on January 21, 1918. In connection with associated misdeeds of Trenary it sets forth that he served time in San Quentin. The decree was granted.

## MANY LEARN TO SWIM

Five Hundred and Thirty-six Pass Recreation Department Test

Two hundred and forty-two girls and 294 boys qualified in the fifty-five-foot swimming test during the month of June following an instruction program for beginners by the Playground and Recreation Department, co-operating with the Board of Education. Supt. Hjelte reported yesterday to the Playground and Recreation Commission.

Receipts from municipal swimming pools in Los Angeles totaled \$42,552.02 in the fiscal year ending June 30, \$41,152 over the estimate of \$34,400 at the beginning of the year. All the pools, with the exception of Arroyo Seco, which dropped \$191 under the estimate, were in on the increase.

**FOUR HELD FOR TRIAL**  
Joseph Wagner and Karl Baumgartner were held for trial yesterday by Municipal Judge Stafford on charges of having burglarized the home of E. M. Tocantini, 4056 Buena Vista street, San Pedro, a quantity of silverware being taken. According to the testimony the silver was subsequently sold to V. Sewell and was in the possession of Hans Von Turkheim at the time the last named was arrested. Sewell and Von Turkheim were also held for trial on a charge of having received stolen goods. Sewell was held in \$1000 bond and the three others in \$2500 each.

**PROXIMO PICNIC PLANNED**  
A Proximo picnic will be held tomorrow at 2689 San Pascual avenue, just east of San Gabriel Boulevard. Those attending will meet at 10:30 a.m. at 1122 North Western avenue.

## EXECUTIVE FOR ESPEE VISITS HERE

Director Spence Places Business in Background During Local Stay

Declaring he is trying to place business as far in the background as possible in order to enjoy Los Angeles, L. J. Spence of New York, a director of Southern Pacific Company and executive officer in charge of its steamship lines, was a visitor here today.

Accompanied by his wife, his son and his daughter, Mr. Spence arrived Wednesday. He leaves tonight for Del Monte before continuing to San Francisco.

"I always am glad of the opportunity to visit Los Angeles," Mr. Spence stated. "While Southern California has made great progress along agricultural lines, I have been impressed by the importance of industrial expansion."

Mr. Spence was guest of honor at a luncheon in the Jonathan Club at noon, at which F. E. Scott and C. L. Paul acted as hosts. J. T. Saunders, freight traffic manager, also was a guest. Among those present were Frank Carr, O. J. Blech, V. P. Frimel, J. H. Hellen, E. M. Bridgman, H. P. Monahan, L. C. Zimmerman, E. J. Fenchurch and J. E. Light.

## JAPANESE LAD DIES FROM SISTER'S PRANK

Tsai Shizuki, Japanese youth, 13 years of age, died at the Redondo-Hermosa Hospital Wednesday night from a head injury inflicted by a rock thrown playfully by his sister, according to reports made to the Sheriff's office yesterday. The body was taken to the Gates Funeral Parlor in Redondo Beach while Deputy Sheriffs are conducting an investigation.

The Moran School at Atascadero, California. Sketched from a photograph by Alexander Stern

# MORAN Junior College and Preparatory School for Boys

—a unique development by tested educators—

One School... one Faculty—two complete School Plants—that is the new and unique plan of the Moran School—a boys' school that for fourteen progressive years has set unusual standards and accomplishments in this important field.

School Operates One Half Year at Atascadero

At Atascadero, in California—midway between San Francisco and Los Angeles—Moran School opens the Fall Semester in modern concrete buildings on its extensive park-like campus, in the heart of the beautiful San Luis Obispo Valley.

School Operates Other Half Year at Bainbridge Island

At Bainbridge Island, in beautiful Puget Sound—close to Seattle and set amid the glorious evergreens—the Moran School plant reveals fine modern buildings of Southern Italian architecture on a campus of formal landscaping. School convenes here after the Christmas Holidays for the Spring Semester.

For further information

Address FRANK G. MORAN, M.A., Headmaster

ATASCADERO, CALIFORNIA

For interviews with Mr. Moran, Friday and Saturday telephone TUCKER 6156

1004 Bank of Italy Building

Consider this record in its bearing upon your boy and his future.

In our fourteen years no Moran graduate has failed of admission to the college of his first choice.

Ninety-eight per cent of all Moran graduates have gone on to college.

A striking record of an unusual school now giving renewed evidence of the rightness of its principles and the purposes of its founders and directors.

The Moran School at Bainbridge, Washington. Sketched from a photograph by Alexander Stern

## WOMAN DIES IN MYSTERY FIRE

Clothing Found Saturated With Gasoline

Clews Fail to Indicate if Blaze Was Accident

Bell Wife Said to Have Been in Despondent Mood

Mrs. Mary Buckoff, 27 years of age, of 555 Clara street, Bell, died in Mission Hospital there yesterday from burns received Wednesday evening when her clothing became saturated with gasoline and ignited, it was reported to the Sheriff's office.

Although relatives of the woman said she had been despondent because she was childless and had attempted suicide on three occasions, officers were unable to establish whether the blaze was accidental or intentional.

At the hospital Mrs. Buckoff said she mistook a can of gasoline for kerosene when lighting a fire to cook. When the fire was put out by friends, however, her clothing was found to be saturated with the volatile fuel.

Alex Buckoff, her husband, received second degree burns while attempting to extinguish the flames and was treated at the General Hospital. At first he was held on suspicion of assault with intent to commit murder because of a previous assertion attempt to slay his wife with a butcher knife a month ago. At that time he was arrested but later released.

Capt. Bright, head of the Sheriff's homicide detail, last night said he has no evidence implicating Buckoff in his wife's death.

### ORDINANCE ADOPTED

The City Council yesterday adopted the ordinance of intention for the permanent improvement of Compton avenue from Fifteenth street to Sixteenth street. Protests will be heard August 10.

## POLICE HUNT CHILD-TORTURER

Sister Gives Clew to Mania-Woman

Youngster Kidnaped and Brutally Whipped Angelina Mazi on the lap of her sister Stella is glad to be at home again after a strange woman carried her off, beat her and abandoned her in shed.

POLICE yesterday renewed the once-abandoned city-wide search for a woman with a passion for torturing children, following the recovery of Angelina Mazi, 2 1/2 years of age, who was kidnaped from an older sister and brutally beaten. The Miami girl sent the police on the trail of the woman when she so described her kidnaper as to convince officers the same woman is reviving her brutal practices.

The child is reported in a serious condition, but is again in the home of her parents, Mr. and Mrs. Joe Mazi, 1000 East Fifty-first street. She is suffering from cold and exposure as well.

The child was kidnaped from South Park Wednesday afternoon as she was playing with her sister, 12. The latter said a well-dressed elderly woman asked to take the child to see her mother and failed to return with her.

Early yesterday morning, Fred J. Reynolds, former member of the Canadian Mounted Police, found the whimpering child locked in a shed in the rear of his home at 233 East Fifty-first street. Beside her was a birch switch.

### WIFE CITES CRUELTY

Divorce Won on Story of Being Forced to Sleep on Porch

Mrs. Mary Yarrington, seeking a divorce from George Yarrington on the grounds of cruelty in Superior Judge Valentine's court, complained that her husband compelled her to sleep on the back porch while he occupied the bedroom of their home. Mrs. Yarrington was represented by Attorney W. W. Osterman.

The decree was granted.

**TUNNEL PLEAS FILED**  
Councilman Rice-Wray yesterday filed with the City Council two communications asking for the construction of a pedestrian tunnel under Western avenue at either Fifty-second street or Fifty-fourth street.

## Fines Assessed Forest Smokers to be Increased

After Justice Morton of Pasadena had fined four men \$10 each for violating the regulation regarding smoking in closed areas in Angeles National Forest, the court informed Federal Forest Supervisor Cecil that from now on fines will be much heavier.

Those fined yesterday are Ingham Sluff of 3837 Arlington street; Robert Christensen of 711 South Eastlake avenue; George H. Smith of 1856 East Fifty-sixth street, and E. Ponerville of 561 Grattan street, all of Los Angeles.

### INFANTRY OFFICERS WILL VISIT FELLOWS

Sixty-five officers of the One Hundred and Sixtieth Infantry, California National Guard, headed by Col. Harcourt Hervey, will make a visit to their sister regiment in the Seventy-ninth Brigade, the 21st and 22nd inf., at the National Guard camp at San Luis Obispo. The officers of the One Hundred and Sixtieth, which with the One Hundred and Sixtieth, makes up the Seventy-ninth National Guard Brigade, commanded by Gen. Walter P. Story of Los Angeles, have made plans for entertaining the local officers at dinner the night of the 21st inst. The One Hundred and Sixtieth will go into camp at San Luis Obispo August 12.

## HUMANISTS' CLUB WILL AID DRIVE WITH PARTY

In order to carry out their share of responsibility for the United Jewish Appeal, which is an attempt to raise \$200,000 for the relief and reconstruction of numerous national and international Jewish institutions, the Humanists' Club, a body of young men and women interested in Jewish philosophy and culture, will give a card party next Tuesday evening at the Zeta Beta Tau Fraternity House, 637 West New Hampshire avenue. The public is invited.

### BIOLOGIST GUEST HERE

Dr. Robert Weill Returning From Indo-China Expedition

Returning from Indo-China, where he has spent a year and a half in the study of marine biology, Dr. Robert Weill of the University of Paris at Sorbonne and a fellow of the Rockefeller Institute, is a guest at the Clark. He is accompanied by A. Vander Pyl, a coffee planter of Sumatra.

"I regret that biology is not more generally studied by school children in America, as I consider it the very foundation of an understanding of nature," said Dr. Weill.

### PROTESTS POSTPONED

Consideration of the majority protests against the proposed permanent improvement of St. Andrews place from Melrose avenue to Maplewood avenue was postponed yesterday by the City Council until September 5.

## Defendant in Court as Fight Film Shipper

Accused in a complaint issued yesterday by United States Commissioner Head of having transported the Dempsey-Tunney prize fight films to Alaska, Alfred Painter appeared in the Commissioner's court yesterday and was released on his own recognizance. He will be arraigned today.

### Chef to Repeat Favorite Dish

So many requests have been made for the nut and raisin bread with which Mrs. Maybelle (Chef) Wyman delighted her cooking class some time ago that she has consented to repeat the demonstration this afternoon at 2 o'clock in the Southwest Building, 120 South Broadway. Among more substantial dishes will be eggplant stuffed with crab meat, and baked stuffed mackerel with ginger-ale sauce; marshmallow cream and apple charlotte supply the sweets, while old English wafers offer an idea for a dainty luncheon addition. Recipes will be distributed to everyone attending. Mrs. L. E. Bishop, Frigidare demonstrator, will present ice cream, using as a basis mangoes grown in the Philippines.

## WIFE WINS DIVORCE FROM ROISTERING MATE

Demon run caused all of the trouble in the household of Louis W. Cubbison and his wife Eva, according to her complaint made to Superior Judge Blake yesterday when asking for a separation on the grounds of habitual intemperance. Every holiday was spent by Cubbison in getting drunk, the wife declared. When each New Year's Day came around she had to his way to the calaboose and bail him out because of the awful habit he was addicted to. Judge Blake granted the decree.

### WOMAN'S SLANDER SUIT FOR \$280,000 STARTED

Trial of the \$280,000 slander suit brought by Mrs. Mabel A. Ballard against Mrs. Olive Krug, broker, got under way yesterday with the selection of a jury in Judge Woody's court. Mrs. Ballard charges the defendant with making slanderous remarks about her and her son, J. Milton Delmore. Mrs. Krug has denied the charges and asserts the suit is part of an asserted plan to cause her to cancel a mortgage against mining property in Inyo county. The trial will be resumed today.

### WOMAN GIVEN BAIL

Arraigned before Municipal Judge Gibbs on a charge of forgery which police assert was committed more than two years ago, Mrs. Charlotte Mount, recently arrested in El Paso, was admitted to bail in the sum of \$2500 yesterday, pending her preliminary hearing, which will be held on the 9th inst.

## Playground Body to Fund

The Playground Commission yesterday voted against the department athletic field of the city, as proposed by the City Council, and voted against the purchase of the same for the use of the city, as proposed by the City Council, and voted against the purchase of the same for the use of the city, as proposed by the City Council.

### COLORED MEN

Former residents of the city, who were evicted from their homes by the city, are now being housed in the city, and are being given the same treatment as the other residents of the city.

**Another UNIT for the Produce Terminal Central Manufacturing District**

A statement from Mr. H. E. Poronto, president of the Central Manufacturing District of Los Angeles:

"LOS ANGELES is growing at an amazing pace... eating more fresh fruits and vegetables than ever before. Present terminal facilities for handling the great bulk of produce are taxed to the limit... over-crowded!"

"To meet a similar acute need, the first unit of the Produce Terminal in the Central Manufacturing District was built... and started operations seven months ago. But in spite of the immensity of the market as it now stands, it is not big enough for Los Angeles... a duplicate of the initial unit is

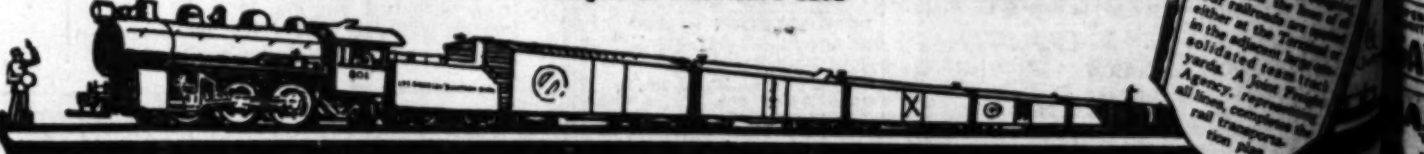

## Now Under Construction!

"Producers...wholesalers...retailers, everyone in the produce trade, will benefit through expansion of this modern Terminal, pronounced by experts the model development of its kind in the United States. To the great majority, the consuming public, it is assurance of clean, well kept produce at advantageous prices."

(It is impossible here to describe this modern wholesale market in detail...but we invite you to drive out to District Boulevard and Downey Road any day or night and see it in operation)

**BY NYRA NYE**

The United States had started twenty-five years ago to train men for President, a man of high achievement, a patriot—if governments had sent him to many countries to learn the customs of those countries to give him positions of responsibility, it could have chosen a better man than the present type than Pierce-Fenimore.

Congressman Crall made an appointment at a luncheon given for him by the New York Congressional District Association of Congressman W. E. Crall, the Ninth District Representative from New York, at the Windsor Tea Rooms, and greeted by applause from many friends and of this group that included political leaders and the standard bearer. A toast of praise of Alfred Smith and his humble origin as the son of a poor New York man met with

 predicts that Herbert Hoover  
 elected by the largest ma-  
 jority a Presidential candi-  
 date of a quarter of a century and  
 further that he will be  
 elected President since the  
 Abraham Lincoln." Con-  
 gress Hall added above the ap-  
 pearance.

Dea A. Stearns, who pre-  
 dicted the need of put-  
 ting Hoover as Chief Executive  
 to protect one who would ob-  
 serve the laws of justice.

With Stearns, second vic-  
 e-president of the organization,  
 a Democrat, also avowed  
 that Hoover, introduced  
 by Stearns, introduced  
 Stearns and said:  
 "We are about to launch a  
 campaign upon a career in the  
 House. We must have such  
 a campaign to aid him as  
 a Congressman."

### EVANS TALKS

That I can safely say that the session of Congress was one of the most important in many years. The questions of deep concern to us came up in the second day of the session. Congressman Evans, and enumerated them as follows: The bill, naval construction, merchant marine enlarged, food control, Mississippi river, farm legislation, Colorado bill and the question of currency.

Evans introduced both Mrs. and Mrs. Crall, who spoke for the Representatives were welcomed by the league in their campaign.

## FOR CONCERN TO REDUCE ITS RATES

SAN DIEGO, July 8.—Dismissed by the California Farm Bureau as "a mere complaint against the Public Light and Power Commission," a petition asking a reduction of agricultural power rates by the State Public Utilities Commission, has resulted in a decision of a reduced rate effective April 1, 1932. The new rate will result in a saving of \$20,000 the first year, and many agreed also to make a contribution amounting to approximately \$175,000 for extending the electric line to the homes of consumers who had no money, under the company's electric line extension rule. Under this rule, which would be applied to the extension of lines under Kern the county of Imperial, Mariposa, Madera, Fresno and Kings counties.

**GRAVELY HURT  
FALL OFF DERRICK**

NEWFIELD, July 5.—James Joseph, 25-year-old Oilfield worker, at Kern General Hospital, following a fall from an oil derrick, Young Allen, the son of an oilfield employee of the Barnes & Co. Company, suffered a fracture of the skull when he fell seventeen feet high into the derrick. He landed high into the derrick and his head slipped and he fell backwards toward the ground. His fall was broken by landing on a platform part of the side of the derrick.

GIRL TELLS STORY OF DESERTION

Asserts She Was Taken from Home and Abandoned by Two Men

PORTERVILLE, July 5.—Living on apricots and cherries, putting off her landlady until she could obtain money from a cannery where she had found work, after she was abandoned without funds in San Jose by two Tulare county men, one of them married, is the story 16-year-old Helen Hart, daughter of Claude Hart of this city, told Constable A. P. Hubbe and Mrs. Hubbe when they found her yesterday. She was returned to Tulare county and is now in the Detention Home in Visalia. Her case is expected to come up before Justice of the Peace A. M. Lumley here tomorrow.

Public Affairs Institute Meets All Next Week

Problems of taxation, and recent developments in international relations will be the two major subjects before the third annual session of the Los Angeles Institute of Public Affairs, which will meet all next week at the University of California at Los Angeles.

Death Escaped in Car Plunge

What police termed a miraculous escape from almost certain death was experienced last night by Frank Dalo, 17 years of age, 876 North Bunker Hill, and Gladys Kort, 18, 1708 Morton street, when a car in which they were riding plunged over a precipice in Klysian Park and turned over several times before it reached the bottom.

Long Engagement Broken

A breach-of-promise case was recently brought in an English court by a woman who was jilted after being engaged for twenty-nine years. The lady was 50 years of age and the man 53, and she asked for \$5000.

SCRAP ENDS WHEN FUNDS DISAPPEAR

City Attorney Cuts Off Heated Dispute Over Bid for Printing Contract

FRESNO, July 5.—Marking the end, temporarily, of a hotly-contested fight in which Commissioner of Finance William Glass took a stand against the city awarding a large printing contract to a concern owned by his family, the commission today rejected the two bids, which have been the subject of the controversy, owing to lack of money in the fund from which the bill would be paid.

The bid of the concern owned by Glass's relatives was the low one. George Hummer, competing bidder, argued that the city could not accept it because Glass owned stock in the concern. Glass denied the stock ownership, but said that because of the indirect connection, Hummer's bid should be accepted, even though it was the highest.

Other members of the commission thought otherwise, and the verbal battle was on, only to be brought to an end today when City Attorney Buttery told the commission the fund automatically went into the surplus fund with the close of the fiscal year. New bids will be called for.

Budget Faces Pruning Knife

FRESNO, July 5.—Annual pruning of the city budget will be started tomorrow by the Fresno City Commission, which has a budget total of \$1,234,333, or \$11,923 more than the amount appropriated for the past fiscal year. The original estimates of department heads would necessitate an increase in the tax rate of 2 cents per \$100 of assessed valuation, according to computations today. The rate for 1927-28 was \$1.98.

Three Blazes Under Control

BAKERSFIELD, July 5.—Three brush and grass fires in different sections of the county today were brought under control by fire fighters working under the direction of Ranger R. V. Wood.

TWO NEGROES DIE FOR POLICE MURDER

COLUMBUS (O.) July 5.—(AP)—James Coleman, 18 years of age, and W. H. Wilson, 19, of Winston Salem, N. C., both negroes, paid with their lives in the electric chair at Ohio penitentiary tonight for the murder of Patrolman Paul Fredericks at Portsmouth, last February. Fredericks was shot when he attempted to question the negroes near a tobacco store where they had planned a robbery.

Los Angeles Steamship and Air Lines Linked

Now comes a transportation tie-up between an aircraft company and a steamship company, announcement being made last night by Western Air Express, Inc., and the Los Angeles Steamship Company that arrangements have been completed to sell round trip tickets between Los Angeles and San Francisco, the trip to be made one way by air and return by steamer.

The round-trip fare is to be \$65. This includes automobile transportation to and from airports and luncheon served during the flight; on the steamer it includes a de luxe cabin with twin beds, shower bath and all meals. The new schedule becomes effective next Tuesday. A return limit of thirty days is permitted.

The Los Angeles Steamship Company operates the steamers Yale and Harvard between Los Angeles and San Francisco. Western Air Express operates a fleet of twelve-passenger Fokker monoplanes. The steamers make the trip four times a week; the airplanes fly daily.

BELL CIVIC LEADERS TO MAKE AIR TOUR

Twelve residents of Bell, representing leading civic and fraternal organizations of that community, are to make an airplane flight over the Los Angeles metropolitan area today, leaving Vail Field at 2:30 p.m.

The flight is to be made in a twelve-passenger Western Air Express plane. It will include a tour over Bell, Maywood, the beach cities, Hollywood, Glendale, Los Angeles, Pasadena and the foothill cities, a near-by view of Mt. Wilson, a swing over the citrus belt and then return to the airport.

Those making the trip are: David Gleason, A.O.U.W.; P. H. Kellogg, American Legion Aero Corporation; and others.

BATTLE FLEET SAILS NORTH

Mighty Dreadnaughts Leave for Annual Cruise to Waters of Puget Sound

Vice-Admiral Louis McC. Nulton, new commander of the dreadnaught squadron, yesterday led the battle fleet from the home base to Port Angeles, Wash., for the annual summer cruise on Puget Sound, from which the fleet will return to San Pedro next September 2. The summer months will find the local port devoid of warcraft, with the exception of the aircraft carriers Saratoga and Lexington and the six-plane guard destroyers of Division Thirty-eight.

Yesterday also marked the departure for Nicaragua of 750 marines aboard the fleet repair ship Medusa, the contingent having been drafted from the fleet here as reinforcement of the marine expeditionary force now in Nicaragua under Brig.-Gen. Logan Feland. The force is under command of Lieut.-Col. Gerard M. Kincaid and is due at Corinto on the 14th inst.

Ships which have been visiting up-coast ports for Fourth of July celebrations will join the four-starred flag of Admiral William V. Pratt this afternoon at a rendezvous off San Francisco; the fleet being due at Port Angeles on the 9th inst. The various forces will spend the interval until August 18 at various Puget Sound ports, sailing southward on that date and arriving home September 3 after a week at San Francisco from August 25 to 31.

Tomorrow, Destroyer Division Thirty-five will sail for a fortnight's cruise to Honolulu; the destroyers carrying at 45 per cent of the personnel naval reservists of the Eleventh District. The division will return here on the 21st inst.

Today, Destroyer Division Thirty-eight, comprised of the Smith-Thompson, Borie and John D. Edwards, will arrive from San Diego to operate throughout the summer as plane guards for the aircraft squadrons of the Saratoga and Lexington. The fifth unit of the division, the destroyer Barker, is already on station here.

During July and August, the carriers Saratoga and Lexington will conduct both gunnery exercises and aircraft tactical training off San Pedro. The Lexington will depart for her annual overhaul at the Puget Sound Navy Yard on August 25, while the Saratoga will go to the same yard on October 4.

A SOLOMON WAS THERE

On a certain island station there was a garrison of marines as well as bluejackets, and naturally there was a senior officer of each corps. Their two wives each laid claim to a special pew in the little church, and after much acrimonious dispute, in which each one asserted her right, an appeal was made to the Governor. There being no woman connected with him on the island to influence his mind, he accorded a patient hearing to each of the claimants, and gave as his decision that the pew should be occupied by the elder of the two. Result, the pew was never occupied by either.—(Christian Advocate.)

ON SECOND THOUGHT

Doctor: Nothing but an operation will save your life. Patient: And how much will that cost? Doctor: About \$500. Patient: But I only have \$100. Doctor: In that case, let us see what pills will do.—(Annals of the Medical Association.)

INAPPROPRIATE GIFT

"How about giving Jennie a bar pin for her birthday?" "My goodness, no! She just joined the Anti-Slavery League last week!"—(Ohio State Sun Dial.)

YACHT HARBOR PROJECT AFOOT

Santa Monica Breakwater Sponsors to Meet

Cost and Engineering Plans Will be Discussed

American Riviera to Grow Out of Proposal

Details of a projected Santa Monica breakwater to form a large yacht and recreational harbor are to be considered at a meeting in the Beverly Hills Chamber of Commerce the 10th inst. by sponsors of the plan. Cost estimates and detailed engineering plans will be submitted.

The proposed breakwater will extend from a point off Santa Ynez Canyon beyond the site of the Oakes Club, a distance of about three miles. The breakwater will cost \$2,500,000, a low price based on the availability of good construction rock in near-by areas.

The project, designed to make of the coast line there an American Riviera, has been considered by an executive committee composed of two members from each of six chambers of commerce organizations from Beverly Hills to the sea. Judge Webber of Santa Monica is chairman.

The organization back of the project is considering locating headquarters at Santa Monica, Beverly Hills, or Hollywood.

The cost of the project will be met by property assessment and a four-year bond issue.

HONEY OUTLOOK FOOR

RENEKA, July 5.—Henry Perkins, horticultural inspector in charge of apiculture inspection, today reports that the honey crop from wild flowers this season may be a total failure, because of adverse conditions. He says that this state of affairs will make the timing over of the apiculture during the fall and winter months rather a serious problem for most of the beekeepers in this part of the Southland.

In one project in Manchester, Eng., more than 1000 houses will be constructed.

Seventh at Olive Hollywood at Vine

B.A. Dyas Co.

Both Dyas Stores Open All Day Saturday

Every Saturday, Including July and August

"Two stores to serve you" all day Saturday—every Saturday! In keeping with the Dyas ideal of The Greatest Service to the Greatest Number, both Dyas stores are pleased to extend this added service to an ever-increasing number of friends.

The entire Dyas organization is in back of this innovation—salespeople and executive personnel—convinced that the closing of metropolitan stores on Saturday in this country of play-days the year 'round and ideal summer shopping, works an inconvenience on many of our friends who find Saturdays their most comfortable shopping time.

With Two Stores --- Each in a Metropolitan Center the Service is That Much Greater

The Los Angeles Store, with its great stocks of fashions, dry goods, sporting goods and accessories, will take care of the down-town throngs eager to shop Saturdays.

The Hollywood Store, convenient to West and Southwest Los Angeles, the Beaches, Burbank, Pasadena—is likewise ready to serve just as efficiently, with stocks just as complete, in what some people have been pleased to term "The most beautiful store in the world."

Watch the Papers for Dyas' Saturday News!

Tomorrow, For Instance Is The Last Day Of The Store-Wide July Clearance Sales

With Important Values in Every Section

This Clearance Sale follows a Banner Month at Dyas—for the month of June witnessed the largest volume of business in each store so far this year. Making new friends every day—proving to more people each week that it is smart to shop at Dyas. To exceed anticipated plans is most gratifying—and it seems appropriate at this time to extend a word of appreciation to the ever-increasing numbers of patrons who are making for the success of "The Two Stores to Serve You."

Open All Day Saturday—Shop in Cool Comfort

# NEWS OF SOUTHERN COUNTIES

## DEATH STALKS AMONG REVELS

Ten Tragedies Mar Holiday in Southern Cities

Three of Family Die in Car; Coronado Clerk Killed

Four Perish Near Ventura; Blast Fatal to Fireman

HOLTVILLE, July 5.—Mrs. Lee Davenport, wife of a rancher near this city, and her two children, Lena, 12 years of age, and Albert, 6, were killed yesterday when the small truck she was driving down Mountain Springs grade, went out of control two miles east of the Imperial-San Diego county line and plunged into the mountainside.

The mother and daughter were killed instantly. The son was rushed to a hospital in an unconscious condition and died last night. Coroners Bert Lemon of Imperial county, and Kelly of San Diego county, held an inquest at Jacumba last night, the jury returning a verdict of death by accident.

The mother and children had gone to the mountains to spend the fourth. The father and oldest son, Harry, 13, remained at home to take care of the ranch.

Motorists who witnessed the accident stated that the brakes of the car evidently would not hold and Mrs. Davenport ran the machine into the rocks to avoid being dashed into a deep gorge on the other side of the highway.

## GLENDORA MAN HURT AS AUTO OVERTURNS

GLENDORA, July 5.—J. C. Sherer, former city treasurer of this city, is in a hospital at Williams as a result of injuries received when his car skidded on a wet pavement 150 miles north of San Francisco, and overturned, according to word received here by Mrs. Hester Parker, his sister.

The extent of Sherer's injuries had not been determined when Mrs. Sherer, who escaped with slight contusions, telephoned Mrs. Parker to-day. It will be necessary to take X-rays before it can be stated whether he has sustained a skull fracture. Mr. and Mrs. Sherer were on their way home after a motor trip to Portland, Ore.

## FOUR MEET DEATH IN VENTURA COUNTY

OXNARD, July 5.—Four sudden deaths, one injury and a number of minor automobile accidents marked the Fourth of July holiday in this section. Ending a fast trip from Los Angeles, two Ventura men, J. M. Ritchey, 48 years of age, and Fred Finley, 60, figured in a spectacular automobile smash up on the Conejo grade, nine miles east of here, yesterday evening when the car, which was driving overturned on a curve. Ritchey was killed instantly when his neck was broken. Finley suffered broken jaws, skull lacerations and other serious injuries, and was brought to St. John's Hospital here for treatment.

In a second accident here Jos Maria Cervantes died suddenly after falling off the rear end of a truck. He was sitting on the machine when it made a turn. He lost his balance and struck his head on the pavement, receiving fatal injuries. The accident happened at the intersection of Oxnard Boulevard and Woolley's Road. Inquest into the death of Cervantes probably will be held tomorrow.

The third death occurred when Mrs. Lena V. Gott, wife of Carroll P. Gott, an employee of the city postoffice, swooned and died shortly after, while playing with her children in her garden. The family had just returned from a picnic and Mrs. Gott appeared in the best of health. Suddenly she complained of a severe pain in her head and in a few minutes collapsed. Death was attributed to a weakened condition of the heart, brought on by an illness suffered by Mrs. Gott several years ago.

E. K. Eaton, rancher of Vineyard avenue, near El Rio, succumbed yesterday after an illness which he had been brought on through shock over the recent St. Francis dam disaster. Eaton was ill at the time of the flood and the excitement and shock of having to leave his home to escape the flood is said to have caused a turn for the worst, which culminated in death yesterday.

U. Vasquez, an employee of the Russell ranch in the Conejo, is in St. John's Hospital in a serious condition as a result of an accident on the State highway yesterday. It is reported he was run over by a truck. His chest was crushed and he was otherwise injured.

## FIREMAN KILLED AS PIPE "CANNON" BURSTS

INGLEWOOD, July 5.—Closing hours of the Fourth of July celebration here brought death to Martin Engle, Inglewood fireman, and injury to two others when an iron pipe, packed with potato and sulphur, exploded, and jagged pieces of metal were hurled in all directions. One of these splinters struck the young fireman just over the heart, causing death almost instantly.

Others injured included Mrs. Mary Lou Lindsey of 586 Hillside street, who suffered a scalp wound, and Clarence Linfield of 127 Eastwood street, who incurred a two-inch laceration on his left leg below the knee. The accident occurred at a late hour last night on a vacant lot back of the Inglewood police station.

At intervals throughout the day the two-inch gas pipe had been packed with explosives by Engle and set off, making one of the biggest noise makers of the day. The fatal charge had been tamped down, but had twice failed to explode and after one more lighting the fuse, Mr. Engle rejoined a group of friends with the remark that perhaps it was not going off this time, either. Almost on the instant the blast came, and the air was filled with flying fragments, at least one of which was found nearby a block away. Crystallization of the iron, due to the series of explosions, is believed the cause of its shattering.

Engle had been a member of the

## WIFE OWNS HER LOVE LETTERS

GLENDORA, July 5.—The letters that a wife receives from some one other than her husband are her personal property; they have a relative value, and they can be stolen, it was ruled by Judge F. H. Lowe today in deciding the case in which Mrs. Audrey K. Walsh charged her husband, Thomas K. Walsh, of Los Angeles, with the theft of two packages of letters from her garage at 1423 Verde Oaks Drive.

Charges of petty theft were filed against Walsh, who contended, through his attorney, C. H. Hasbrouck, that the letters were of no value and that he had a right to take them. Judge Lowe instructed counsel to submit authorities and today ruled in favor of Mrs. Walsh, sentencing the husband to pay a fine of \$25 and spend five days in the County Jail, later suspending both parts of the sentence and ordering him to return the letters.

The case arose out of a suit that Walsh has filed against George Austin charging alienation of Mrs. Walsh's affections and asking \$50,000 damages. Mr. and Mrs. Walsh both have filed suits for divorce.

## BANKRUPTCY COMPROMISED

Property Involved in Defunct Industrial Project Returned Without Action in Court

LAGUNA BEACH, July 5.—Announcement was made today in a statement signed by John L. Bricks, acting as trustee for former Mayor Thomas A. Cummings, L. F. Heneman, Fred Conkey and himself, that, through a compromise agreement with the referee in bankruptcy for the defunct Coast Industries, Inc., in the United States court, lots one and three in block five, including the Janco building, have been deeded back to them by the former directors of the Coast Industries company. The property is said to be valued at \$17,500.

The trial of George S. Johnston, former City Councilman here, and James B. Neel, former City Treasurer, who were officers of the company, on charges of violating the Corporate Securities Act, is scheduled for Monday in Department Three of the Superior Court in Santa Ana.

The compromise agreement was brought about without suit by Attorney J. F. Conkey of Fullerton. It was announced today that O. G. Hoegstedt, former City Attorney, has deeded back to Joseph S. Thurston an acre tract in the Temple Hills subdivision, back E. Adams, former manager of the Coast Industries, Inc., who is also under indictment in connection with the case, has deeded back to former stockholders all property exchanged by him for stock in the company.

department only since March 1 of this year. He came to this city in 1910 with his parents, Mr. and Mrs. C. R. Engle of 411 Queen street, and his sister, Mrs. Frances Engle. Funeral arrangements are pending awaiting the arrival of the young man's mother on Saturday from Montana.

## BOY SUCCEEDS TO INJURIES BY ROCK

HERMOSA BEACH, July 5.—The biggest Independence Day celebration in the history of the young bay district left its aftermath today in the death of Phineas Imal, a 12-year-old Japanese boy, who was killed by a rock thrown from a car.

North Madison avenue, Los Angeles, and a score or more of injured, many of whom were treated at the Hermosa-Redondo Hospital. The Imal boy died at the Hermosa Hospital early this morning from injuries which he received when he was hit on the head by a rock tossed in play by his 8-year-old sister. The body is at the Cate funeral chapel in Redondo awaiting funeral arrangements.

Dorothy Devine, 3-year-old daughter of Mr. and Mrs. Paul Devine of Compton, was treated by a Redondo physician for lacerations which she received from flying bits of a tin can in which a firecracker had been set off in the midst of the celebration in the amusement zone in Redondo.

CORONADO OFFICIAL RUN DOWN BY AUTO CORONADO, July 5.—Roy E. Wooten, coronado clerk here, was fatally injured when struck by an automobile driven by J. A. Bates. The latter is being held on a charge of manslaughter.

## MOTOR TRANSIT TO TAKE CITY LINES

MONTEBELLO, July 5.—Terms under which the Montebello municipal bus line, which has been operating between Montebello and Los Angeles since 1922, will be taken over for operation by the Motor Transit Company, were announced today by City Manager L. G. Herr.

The transit company will pay the city \$7500 for five buses and the equipment, and beginning the 10th inst. will operate a twelve-minute schedule. The run between Montebello and Fifth and Los Angeles streets in Los Angeles will be made in from twenty to twenty-five minutes. Special commutation rates will be given.

## MURDER SUSPECT RETURNED TO CELL

SANTA ANA, July 5.—John Coleman, who while held here on a drunkenness charge, confessed to murdering a policeman in Round-out, Ill., in 1915, was back in the County Jail today after a brief stay in the County Hospital.

Coleman slashed his throat with a razor in his cell at the jail, but failed in his attempts to end his life. He was removed to the County Hospital, where he threatened to make another effort to kill himself. For that reason and because his wound was not serious, the hospital authorities thought he would be safer in the jail.

## PIPE SMOKING IN BED IS DANGEROUS

WALNUT PARK, July 5.—When Pat Quinn thought it about time to retire, he lit his pipe, and reclined on the bed for a rest. Then he fell asleep, the pipe dropping from his mouth. Within a few minutes he was awakened by the bedding aflame, and the interior of the room being damaged. The fire department was called. It is estimated that the fire caused by the pipe and room will be \$200.

## PROTEST DATE NEAR SIERRA MADRE, July 5.—Final protests on the improvements of Auburn Carter, Hermosa and Elm avenues, will be heard by the City Council at their next session on the 10th inst. Protests will also be heard on the Sunnydale storm drainage just constructed at a cost of \$24,844.69.

## POSTAL RECEIPTS GAIN

SANTA MARIA, July 5.—Postoffice receipts here have increased steadily the last few years. The increase of 1928 over the same period of 1927 is 12 per cent. Figures for the half year of 1927 were \$15,065.58 and for 1928 \$17,040.27, an increase of nearly \$2000.

## ONTARIO HAS WILD FOURTH

Fandit Raids Gas Station; Women Hurt in Bus

Cargo of Fireworks, Avionics and Palm Tree Burn

Slashed, Bloodstained Hat Tells of Battle

ONTARIO, July 5.—Ontario was treated to a little bit of everything during its Fourth of July celebration. It was disclosed today in a check of police reports. The program of unexpected events included a felling match between two fellows, a motor-stage mishap, a mystery knife battle and a complete fireworks display inside an automobile.

Last night a bandit with an automobile stolen from J. D. White, Pomona, entered a gasoline station at A street and Fern avenue. He ordered a quart of oil and while the attendant was making change, forced him at the point of a revolver, to give him all the money in the cash register. The bandit was pursued on Riverside Road. Upon seeing police he fled, but the bandit wrecked the machine and escaped through an orange grove.

PALM BECOMES TORCH Two downtown aviators were set on fire by celebrators who threw fireworks into the air. The P. E. O. Club, Ontario, and the Skilman Tailoring establishment were threatened by the torches, but the fire department prevented serious damage.

A sparkler thrown into a palm tree in East I street made a spectacular night torch, but had to be put out by the fire department as sparks were flying to nearby houses.

Two women were injured, one seriously, late last night when a motor stage, eastbound from Los Angeles, slid off the highway two miles west of here, rolled over and was jammed. It was believed, Mrs. Ella Potter, 1409 Garfield avenue, Pasadena, was severely cut and bruised, and it is feared she is internally injured. Miss Lupe Gomez, 4733 Hammond street, Los Angeles, was cut and bruised about the face and hands. They were taken to Pomona Valley Hospital.

## KNIFE VICTIM SOUGHT

That a man was wounded in a knife fight at Emporia street and Laurel avenue, was evident today when a slain man was found, and bloodstains, but the victim of the knife blade has not been found. Noise of the battle aroused residents, but the police found three men were seen by the neighbors, who reported that two men loaded a third into a small automobile, and fled before police arrived.

A hat, slashed by a sharp knife and bloodstained was found and turned over to police. Those who attended the luncheon were Mrs. Theodore Marshall of San Francisco, Miss Eleanor Holland of Huntington Park, Wallace Turner of Fresno, Miss Cora Kendall of San Francisco, Miss Lucy Ella Case of Los Angeles, Mrs. Howard Seely of Corona, Mrs. Margaret O'Brien of Ontario, Cal., Miss Alice Dimock of New York City, Miss Margaret Van Kirk of Pomona, Miss Katherine Leggett of Los Angeles, Miss Helen Meredith of Los Angeles, C. L. Holland of Los Angeles, Miss Ruth Bartlett of Redlands and Miss Olive E. Harris of Redlands.

## Motor Officer Hurt in Crash

PASADENA, July 5.—Samuel T. Bailey, champion squash handball player and local motorcycle officer, was seriously injured today when his motorcycle collided head-on with an automobile on Foothill boulevard. He was given first aid at the Emergency Hospital and transferred to the Pasadena Hospital for further treatment. His shoulder was dislocated and his face and hands were cut and bruised. X-rays will be taken to determine the extent of suspected internal injuries.

## Kindness Pays Cash Dividend

HUNTINGTON PARK, July 5.—An act of kindness on the part of Anthony McCluskey and members of his family, several years ago, when they took to their home Barney Lafferty, veteran of the Spanish-American War, caused the family to receive the sum of \$1164, left to him by his friend, who died in April.

McCluskey and Lafferty were comrades during the war, and at the time they were taken to the home, McCluskey's family resided. Lafferty, having no home to go to, made his residence with the McCluskeys. A few years ago, McCluskey and family moved here and Lafferty continued to reside in Nogales. He was taken ill several months ago and died. He had been granted adjusted insurance compensation through the Veterans' Bureau, and made McCluskey his beneficiary.

## EXPERTS TO INSPECT CHICKENS OF VALLEY

SEPUVEDA, July 5.—Andrew M. Stodel, secretary of the California Poultry Judges' Association, is planning to visit F. W. Tarbell, Havana, Ill., noted eastern poultry judge, to make an inspection of the large poultry industry in San Fernando Valley. The experts will be in Southern California this autumn to officiate at the Los Angeles county fair, to be conducted at Pomona. Stodel is the ranking poultry judge in the Southland, often giving his services at shows in various States.

## YOUNG SWAIN IN TOUGH LUCK

Losing Ground With Best Girl, Boy Attacks Assembled Rival. Then Picks Deputy Sheriff's Yard to Hide in, and Now Judge Gives Opponent Clear Field

UPLAND, July 5.—True love travels a bumpy highway, in the opinion of Albert Croson, 20 years of age, Cucamonga canner worker, who set out to prove that none but the brave deserve the fair.

Hard luck greeted him on all sides and he has to stay away from the girl of his dreams for at least a year. The judge said so. Which leaves Duley Smith, Jr., another Cucamonga canner worker, a clear field for the hand of the girl in a three-cornered romance.

Smith and the girl had been "keeping company" for years, it is said. Croson got a job in the can-

## COUNCILMEN FACE RECALL

Two Burbank Officials May Stand Test in Vote

Mayor Lapsley, Thompson Scored by Petitions

Glendale Council Drops Deal to Block Ouster Move

BURBANK, July 5.—Mayor J. T. Lapsley and Councilman C. A. Thompson, according to announcement of the Better Government League, are to be made the objects of a recall petition drive. The league has been circulating petitions for the recall of the two officials. The action of the petition, dealing with the cause for the recall movement, reads: "A general statement of the grounds on which removal is sought is as follows: That as members of the Council of said city of Burbank, they have shown incompetency in the administration of the affairs of the city, in the economical interest of the taxpayers, and in the failure to enforce the laws of the city."

Separate petitions are being circulated for the two officials, both being identical in wording.

Reports are current also that petitions for the recall of Councilmen J. D. Radcliff and L. H. Morgan have been printed and are ready for circulation. These petitions are said to be backed by another group not yet disclosed.

## RECALL OVER LAND PURCHASE DROPPED

GLENDORA, July 5.—Threats of a recall election directed against Mayor Harry O. MacBain and Councilmen C. E. Kimlin and C. J. Hays, growing out of the proposed purchase of the Glendale creamery property at Pioneer Drive and Concord street for use as a storage yard for the public service department, were withdrawn today.

The City Council by unanimous vote adopted a resolution instructing Attorney W. T. Turner to cancel the recall in connection with the transaction.

W. L. Twining, who handled the deal, appeared before the Council and stated that he and his clients will be willing to cancel the sale if its confirmation threatened to involve the city administration in a lawsuit.

Protests against the acquisition of the property, at a price of \$35,500, were made at a mass meeting that was held in Eugene Field School, at which a committee was named to confer with the Council to see if the deal could not be rescinded. Plans for a recall election in the school ground until the Council could give its decision.

## Motor Officer Hurt in Crash

PASADENA, July 5.—Samuel T. Bailey, champion squash handball player and local motorcycle officer, was seriously injured today when his motorcycle collided head-on with an automobile on Foothill boulevard. He was given first aid at the Emergency Hospital and transferred to the Pasadena Hospital for further treatment. His shoulder was dislocated and his face and hands were cut and bruised. X-rays will be taken to determine the extent of suspected internal injuries.

## Diversion of Funds Admitted

ALHAMBRA, July 5.—Admitting delinquencies while he was treasurer and secretary of the Brown Valve and Manufacturing Company of this city, F. W. Richards today was held for trial in the Superior Court on three counts of grand theft, involving \$1200. He is charged with diverting \$3000 at the conclusion of the hearing in justice court.

Richards was held for trial several weeks ago at a hearing here on counts charging theft by forgery and bail at that time was set at \$500. He was unable to make bail in either case. The prosecution today introduced evidence tending to show that collections made by Richards as an official of the firm were diverted to his own pocket. Richards on the stand admitted the misappropriations.

The defendant was active in business circles here for several years. He blamed his predicament, according to officers, on gambling losses.

## SANTA PAULA PLANS COMMUNITY HOSPITAL

SANTA PAULA, July 5.—It was decided at a meeting of the hospital committee of the Chamber of Commerce today to recommend to the main organization that action be taken as early as a time as possible toward erection and equipment of a community hospital here to serve the needs of the eastern end of Ventura county.

The recommendation is for at least a twenty-bed hospital at a cost for erection and equipment of \$40,000.

Roger G. Edwards presided at the meeting as chairman of the hospital committee of the Chamber of Commerce. Representatives of the medical fraternity from both Fillmore and this city were present. Secretary F. L. Massek read a report to the committee detailing the results of his investigation of hospitals in various cities in Southern California about the size of Santa Paula.

## LONG BEACH GIRL BATTLES FOR LIFE

LONG BEACH, July 5.—Mrs. Viola Hensley, pretty 22-year-old waitress, is making a brave fight for her life at Community Hospital, where she lies with her windpipe severed from a deep gash in her throat, inflicted Tuesday, according to police, by William L. Jackson. Hospital attendants declared today that she has a fair chance for recovery.

Jackson is in the City Jail with three minor slashes in his throat, inflicted by himself, following his asserted attack on the girl in her apartment.

## FISH LOOKING FOR WET RIVER

GLENDORA, July 5.—Suffering fish! Now that the trout planted in Big Dalton Canyon last year have grown large enough to afford sport lovers of the rod and reel, the stream is going dry, and the fish will die unless removed immediately.

According to District Ranger Arthur T. Shay, the water barely covers their backs and unless action is taken to remove them from the stream, they will all die from sunburn, or rather too much air and not enough water.

Twenty-four thousand fingerlings were planted in the Big Dalton stream last spring by the State Fish and Game Commission, and of that number there are only about 17,000 left, according to Shay, who states that the fish are being eaten by coons and other animals, due to the shallowness of the water.

What stream the fish will be transferred to will be decided by C. L. Savage, district fish and game commissioner. It is thought that the fish will be placed in the San Gabriel stream.

## "TOWN" ELECTS OFFICERS

Unique Community of Camp Baldy Permitholders Plans to Erect Jail and Hospital

CAMP BALDY, July 5.—With the proposed construction of a jail and emergency hospital here as the keynote of the season, representatives of districts comprising the Permitholders Association held their annual election of officers in Ice House Canyon yesterday. Districts comprising the association are upper and lower San Antonio and Ice House canyons. Each district elects officers annually and the three presidents with George H. Cecil, Angeles National Forest supervisor, and Arthur T. Shay, ranger of Mt. Baldy district, form a directors' board which supervises activities of the association.

The association organized four years ago was formed for the purpose of establishing laws for the Mt. Baldy district, which is governed like any other city or town. As Baldy is government land, residents are allowed to erect cabins only by permit and the association takes the place of a city government, due to the fact that the district, which is all government land, cannot be chartered as a town.

## DEAF HOLD CONFERENCE IN OAK GLEN

Friends Who Have Read Each Others Letters for Years Meet First Time

OAK GLEN, July 5.—Men and women from all parts of the Pacific Coast are attending the conference for the hard-of-hearing here, the second ever held on the Coast. The feature of today was the luncheon for the Hodgepodge Correspondence Club at which people, who have written to each other for years, met for the first time.

Those who attended the luncheon were Mrs. Theodore Marshall of San Francisco, Miss Eleanor Holland of Huntington Park, Wallace Turner of Fresno, Miss Cora Kendall of San Francisco, Miss Lucy Ella Case of Los Angeles, Mrs. Howard Seely of Corona, Mrs. Margaret O'Brien of Ontario, Cal., Miss Alice Dimock of New York City, Miss Margaret Van Kirk of Pomona, Miss Katherine Leggett of Los Angeles, Miss Helen Meredith of Los Angeles, C. L. Holland of Los Angeles, Miss Ruth Bartlett of Redlands and Miss Olive E. Harris of Redlands.

## POPULATION 3000

Although the population of Baldy is mostly transient and the village is built up of summer cottages, permit records kept by the forestry department give a total of 700 cabins in the district, and a population of more than 3000. Rates of assessment on cabins are set each year by the association, which also deals with sewage and water systems for the entire territory. The lower San Antonio Canyon Association hires one police officer to work the entire year, while the other two associations keep two part-time patrolmen. A. Vardman of Whittier was elected police commissioner for lower San Antonio and the other two districts will elect a committee of three to direct police activities.

## OFFICIALS CHOSEN

The Lower San Antonio District Association elected A. H. De Lane as president; Dan P. Alexander, vice-president, and R. C. Norton of Long Beach, secretary. Rates of assessment on cabins are set each year by the association, which also deals with sewage and water systems for the entire territory. The lower San Antonio Canyon Association hires one police officer to work the entire year, while the other two associations keep two part-time patrolmen. A. Vardman of Whittier was elected police commissioner for lower San Antonio and the other two districts will elect a committee of three to direct police activities.

The upper San Antonio district, which includes Manker Flats, elected R. B. Dixon of Los Angeles, president; F. L. Massek of Long Beach, vice-president, and R. C. Norton of Upland, secretary and treasurer.

The feasibility of building a jail and emergency hospital at Camp Baldy at the approximate cost of \$1000 was discussed at length. The matter will be taken up with forest officials for decision.

## Pasadena Man Kills Himself in Automobile

GLENDORA, July 5.—With a revolver clutched in his left hand and a bullet hole through his temple, a man who was later identified as George Channing Lawrence, 40 years of age, of Pasadena, was found dead in a parked automobile on Greynold street, between Kenneth Road and the Glendale Road, last night. The discovery of the body was made by J. D. Reed of Burbank, a special officer.

The only clue to Lawrence's identity was a message scribbled on a card that was found by his side, telling whoever found him to call "Oregon 3102." His papers had been disposed of and it was not until after repeated calls had been made that Detective Lieutenant Charles P. Blake ascertained that the telephone number belonged to Dr. C. K. Manhart, 941 South Norton street, Los Angeles.

Dr. Manhart came to Glendale and identified the body, which had been taken to Kiefer & Eyerick Undertaking Parlor, as that of Lawrence, a brother of Mrs. Manhart. The physician stated that Lawrence had been despondent since the death of his wife a month ago, and because of business reverses.

Officer Reed stated that he had seen a small touring car parked on Greynold street yesterday with a man seated in it reading a newspaper. When he passed by several hours later he saw the same car with the occupant lying dead on the seat. No one in the vicinity reported hearing the shot that killed Lawrence.

## ORATORY CHAMPION BILLED ON PROGRAMS

Three speaking engagements have been arranged for Carl Albert, national intercollegiate oratorical champion, for next week. Tuesday he will address the American Legion Luncheon Club in the men's grill of the Broadway Department Store. The following day he will speak at the radio and also before the Oklahoma State Society. Thursday he will be a guest of honor at the luncheon of the Junior Chamber of Commerce. L. F. Lybarger, Jr., Bucknell University representative, plans to leave for home today.
